WARRANT FOR ANNUAL TOWN MEETING

February 7, 1949

The Commonwealth of Massachusetts Middlesex, ss.

To either of the Constables of the Town of Burlington in
the County of Middlesex: Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Town on Monday the seventh day of February next, at ten o'clock in the forenoon, then and there to act on the following articles:

Article 1. To choose all necessary Town Officers on one ballot, namely: — Moderator for one year, one Selectman for three years, one member of the School Committee for three years, one member of the Board of Public Welfare for three years, one Assessor for three years, one Park Commissioner for three years, one Park Commissioner for one year (to fill vacancy), one Treasurer for one year, one Library Trustee for three years, one Tax Collector for one year, one First Constable for one year, one Second Constable for one year, one Cemetery Commissioner for three years, one member of the Planning Board for five years, one Tree Warden for one year, and to answer yes or no on the following, "Shall an Act passed by the general court in the year nineteen hundred and forty-eight, entitled, 'An Act to authorize the placing of positions of the Regular or Permanent Members of the Police Force and the Office of the Chief of Police of the Town of Burlington under the Civil Service Laws', be accepted?"

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1949, and to issue note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4. To see what sums the Town will raise by taxation or otherwise to pay Town debts, charges and fix the com-

pensation of the elective Town Officers for the ensuing year and to appropriate the same.

Article 5. To see if the Town will vote to authorize the Board of Assessors to use the amount of \$10,000.00 from unappropriated available funds, towards the reduction of the tax rate for the year 1949, or take any action thereto.

Article 6. To see if the Town will authorize the Selectmen to petition the State Department of Public Works for aid for general highway purposes under Section 26-29, Chapter 81, of the General Laws and Amendments thereof, or do or act anything in relation to the same.

Article 7. To see if the Town will authorize the Selectmen to petition the State Department of Public Works and the Middlesex County Commissioners for aid in the reconstruction of Winn and Sears Streets in accordance with Chapter 90 of the General Laws and Amendments thereof, or do anything in relation to the same.

Article 9. To see if the Town will vote to accept from unappropriated available funds in the treasury a sum of money for Chapter 81 and Chapter 90 Highways or take any action in relation thereto.

Article 9. To see if the Town will vote to accept from the Trustees under the will of Marshall Simonds the sum of not more than Two Thousand Five Hundred Dollars, to be spent under the direction of the Park Commissioners for the improvement of Simonds Park, or do anything in relation to the same.

Article 10. To see if the Town will authorize the payment of the bills incurred during 1948 in the amounts of: \$19.00, Public Welfare Account; \$3.25, Health Account; \$154.85, \$101.63, Snow and Ice Account; as listed with the Town Accountant, said bills to be paid out of the 1949 appropriations for the several departments, or do anything in relation to the same.

Article 11. To see if the Town will vote to raise and appropriate a sum of money to purchase gas masks for use by members of the Fire Department, in accordance with Chapter 48, Section 51A, of the General Laws, or do anything in relation to the same.

Article 12. To see if the Town will transfer from unappropriated available funds in the Treasury, a sum of money

to purchase a ½ Ton pickup truck for the Highway Department, or do or act anything in relation to the same.

Article 13. To see if the Town will vote to authorize the Selectmen to sell two trucks formerly used by the Fire Department, or do or act anything in relation to the same.

Article 14. To see if the Town will vote to raise and appropriate a sum of money to repair the Electric Clock at the Town Hall, or do or act anything in relation to the same.

Article 15. To see if the Town will vote to appoint a committee with the Board of Selectmen and raise and appropriate a sum of money for the celebration of the 150th anniversary of the Incorporation of the Town, or do or act anything in relation to the same.

Article 16. To see if the Town will vote to raise and appropriate a sum of money to construct a new road at the curve on Locust Street on land of Henry Rogers and Joseph Cabral according to the survey and plans of the County Commissioners, or do or act anything in relation to the same.

Article 17. To see if the Town will vote to raise and appropriate a sum of money to buy or take by right of eminent domain, a parcel of land belonging to Henry Rogers, located between Locust Street and the new right of way for said Locust Street, or do or act anything in relation to the same.

Article 18. To see if the Town will vote to sell the said land and the part of Locust Street, that is to be adandoned to Mr. and Mrs. Joseph Cabral, or do anything in connection with the same.

Article 19. To see if the Town will vote to amend Article 7, of the By-Laws, by adding the following section with respect to a quorum required at Town Meetings or to take any action in relation to an amendment with respect to a quorum:—

Proposed Amendment:—

No business affecting the Town can be transacted either at the regular Annual Town Meeting or Special Town Meeting unless there are 100 qualified voters present.

Article 20. To see if the Town will authorize the School Committee to establish and maintain State-aided vocational education in accordance with the provisions of Chapter 74, General Laws, and Acts amendatory thereto, or dependent thereon, and further raise and appropriate the amount of \$500.00 therefor.

And you are directed to serve this Warrant, by posting up

attested copies thereof, one on the billboard at the Town Hall, one on the billboard at Wood's Corner, one on the billboard at Wilmington Road, and one on the billboard in Winnmere, in said Town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this 21st day of January in the year of our Lord one thousand nine hundred and forty-nine.

CHESTER H. GRAHAM,

ARTHUR W. NICHOLS,

HORACE B. SKELTON,

Selectmen of Burlington.

A true copy, Attest:

PROCEEDINGS AT ADJOURNED TOWN MEETING February 21, 1949

Meeting called to order at 8.30 P. M. by the Moderator, Maurice J. DeMone, and the records of the last meeting read by the Town Clerk.

Article 2—Voted that the Town accept the reports of the Town Officers as submitted. The report of the Water Committee as progressing was accepted and the report of the Honor Roll Committee with recommendations was accepted, as read.

Report of the Honor Roll Committee

In April of 1943 the Town appropriated \$200 and a Committee was appointed to erect an Honor Roll Tablet as a suitable recognition to the Boys and Girls of Burlington who had entered the Service, as well as those who would be called later.

Inasmuch as the number of these folks kept increasing all the time this Tablet could not be anything of a very permanent nature. Being somewhat of a non-permanent nature it is becoming increasingly difficult to maintain in a suitable manner.

We believe, therefore, that the time has come when the Town should take suitable steps to erect a suitable monument or establish permanent Memorial to those people who served in the recent World War and particularly to those who made the Supreme Sacrifice.

This might be one of several different types that are now being considered by other Towns who are thinking along this line at this time.

We are, therefore, recommending that some Committee be authorized to investigate the cost of a suitable Monument or Memorial and report with their recommendations not later than our next Annual Town Meeting.

SELWYN H. GRAHAM.

JOHN E. FOGELBERG.

MABEL H. KEATING.

Article 3—It was voted that the Town authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1949, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4—SELECTMEN—Voted that the Town raise and appropriate the sum of \$750.00 for the Selectmen's department, \$195.00 for the salary of the Chairman, \$195.00 for each of the other two members, \$100.00 for the salary of the Clerk and \$65.00 for expenses, the same to be spent under the direction of the Selectmen.

TOWN ACCOUNTANT—Motion made that the sum of \$1,025 be raised and appropriated for the Accountant's department, \$1,000.00 for salary of the Accountant and \$25.00 for expenses, the same to be spent under the direction of the Selectmen. Amendment to this motion was that \$800.00 be raised and appropriated for salary and \$20.60 for expenses. At this time the Tellers, Walter Sullivan, Wilbur McIntire and Elizabeth Symmes were appointed by the Moderator and sworn by the Clerk to take the count of hands. Those in favor of

the amendment, 49, those opposed to the amendment, 76. The amendment was lost and action reverted back to the original motion, which was so voted.

TREASURER'S DEPARTMENT—Voted that the Town raise and appropriate the sum of \$1,150.00 for the Treasurer's department, \$800.00 for salary and \$350.00 for expenses, the same to be spent under the direction of the Treasurer.

SNOW REMOVAL—Voted that the sum of \$5,000.00 be raised and appropriated for the removal of snow, the same to be spent under the direction of the Selectmen.

STREET LIGHTS—Voted that the Town raise and appropriate the sum of \$4,100.00 for street lights, the same to be spent under the direction of the Selectmen.

MACHINERY ACCOUNT—Voted that the Town raise and appropriate the sum of \$1,500.00 for the expense of the machinery account to be used with any money that may be transferred from the machinery fund, to be spent under the direction of the Selectmen.

CHARITIES—GENERAL RELIEF—Voted that the Town raise and appropriate the sum of \$8,700.00 for administration and temporary aid, \$700.00 of the amount to be used for salaries and expenses of the department, \$200.00 for each member and \$100.00 for expense, the same to be spent under the direction of the Board of Public Welfare.

OLD AGE ASSISTANCE—Motion was made that the Town raise and appropriate the sum of \$26,120.00 for old age assistance, \$720.00 of this amount to be used for the salary and \$400.00 for expenses of a social worker, the same to be spent under the direction of the Board of Public Welfare. An amend-

ment to the motion was that "no other expenses be allowed the Old Age Assistance Board." The Tellers were again employed and the vote on the amendment was 72 in favor and 29 opposed. The amendment was carried.

AID TO DEPENDENT CHILDREN—Motion that the Town raise and appropriate the sum of \$8,500.00 for aid to dependent children, the same to be spent under the direction of the Board of Public Welfare. The motion was amended "that no other expense be allowed the Aid to Dependent Children Board." The motion as amended, carried.

VETERANS' BENEFITS—Voted that the Town raise and appropriate the sum of \$3,500.00 for Veterans' Benefits to be spent under the direction of the Selectmen.

SCHOOLS—Voted that the Town raise and appropriate the sum of \$90,961.24 to be used together with the dog license refund of \$931.76, the grand total being \$91,893.00 to defray the expense of schools and transportation, said appropriation to include a salary increase of \$100.00 for each member of the teaching and administration staff, \$1,890.00 of said appropriation to be used for the transportation of the parochial school children, that \$250.00 be reserved for the expense of the School Committee, the total appropriation to be spent under the direction of the School Committee.

VOCATIONAL SCHOOLS—Voted that we raise and appropriate the sum of \$1,000.00 for vocational schools, the same to be spent under the direction of the School Committee.

At this point Miss Mabel Keating asked to have Article 20 taken up. As there was no objection to same Article 20 was acted upon at this time.

Article 20—(State-aided vocational education). It was voted that the Town authorize the School Committee to establish and maintain State-aided vocational education in accordance with the provisions of Chapter 74, General Laws, and Acts amendatory thereto, or dependent thereon, and further raise and appropriate the amount of \$500.00 therefor.

Article 5—Motion that the Town vote to authorize the Board of Assessors to use the amount of \$10,000.00 from unappropriated available funds in the treasury towards the reduction of the tax rate for the year 1949. Amendment that we lay this article on the table until after we take up Article 19.

Article 19—Voted that the Town amend Article 1 of the By-Laws by adding the following section with respect to a quorum required at Town Meetings: "No business affecting the Town can be transacted either at the regular Annual Town Meeting or any special Town Meeting unless there are 100 voters present."

Referring back to Article 5—Motion that the Assessors be instructed to use the sum of not more than \$30,000.00 or any amount OK'd by the Commissioner up to \$30,000.00 for the reduction of our tax rate. Those in favor 67, those opposed 30. Motion is carried.

Article 6—Voted that the Town authorize the Selectmen to petition the State Department of Public Works for aid for general highway purposes under Section 26-29, Chapter 81 of the General Laws and amendments thereof.

Article 7—Voted that the Town authorize the Selectmen to petition the State Department of Public Works and the Middlesex County Commissioners for aid in the reconstruction of Winn and Sears Streets in accordance with Chapter 90 of the General Laws and amendments thereof.

Article 8—Motion that the Town transfer the sum of \$9,000.00 from unappropriated available funds in the treasury to finance the State's share of the cost for highway Chapter 81 maintenance, \$1,000.00 from unappropriated available funds in the treasury to finance the State's and County's share of the cost for highway Chapter 90 maintenance and \$4,500.00 from unappropriated available funds in the treasury to finance the

State's and County's share of the cost for highway Chapter 90 construction, provided however, the amounts allocated by the State and County shall upon receipt be credited back to the surplus revenue account. An amendment was made that we dismiss this action. A substitute motion was that we dismiss same. Motion is lost.

Article 9—Voted that the Town accept from the Trustees under the Will of Marshall Simonds the sum of \$2,500.00 to be spent under the direction of the Park Commissioners for the improvement of Simonds Park.

Article 10—Voted that the Town authorize the payment of bills incurred during 1948 in the amounts of \$19.00, Public Welfare Account; \$3.25, Health Account; \$154.85, \$101.63, Snow and Ice Account, as listed with the Town Accountant, said bills to be paid out of the 1949 appropriations for the several departments.

Article 11—Voted that the Town raise and appropriate the sum of \$440.00 to purchase two (2) gas masks for use by the members of the fire department, in accordance with Chapter 48, Section 51A of the General Laws, the same to be spent under the direction of the Fire Chief with the approval of the Selectmen.

Article 12—(re-1½ ton pick-up truck for highway department). Motion was made to dismiss Article 12. So voted.

Article 13—Motion that the Selectmen be authorized to sell two trucks formerly used by the Fire Department to the highest bidder. Amendment to the motion that we sell one of the trucks and keep the International. Amendment to the amendment that the truck that is to be sold, be sold at public auction. Amendment to the amendment is carried.

Article 14—Motion that the Town raise and appropriate the sum of \$250.00 to repair the Electric Clock at the Town Hall. Motion was made that we dismiss this article. The motion was lost and action was then taken on the original motion. So voted.

Article 15—Motion that the Town vote to have the Moderator appoint a committee of two (2) to serve with the Board of Selectmen and raise and appropriate the sum of \$500.00 for the celebration of the 150th anniversary of the Incorporation of the Town, the same to be spent under the direction of the Committee. This motion was defeated.

Article 16—re new road on Locust Street on land of Henry Rogers and Cabral.

Article 17—re the Town taking by eminent domain, land of Rogers between Locust Street and new right of way for said Locust Street.

Article 18—re selling of land and the part of Locust Street to be abandoned to Cabral.

A motion was made that Articles 16, 17 and 18 be dismissed. Motion is carried.

A motion was made to adjourn this meeting at 11.45 P. M. So voted.

REPORT OF THE SCHOOL COMMITTEE

Citizens of Burlington:

We, the members of your School Committee, are pleased to report that the year 1949 has been a most profitable one for our schools. An evaluation of the education offerings of the system shows that the boys and girls of Burlington are being given every opportunity for a well-rounded education.

Our guidance program, the chief purpose of which is to acquaint our students with workable techniques for solving their personal problems, has certainly proved its worth in the short period of its existence. Because of this program an increasing number of pupils are seeking higher education, and others are experiencing the satisfaction of finding that kind of work for which they are best fitted.

This year for the first time we have opened the schools in the evening for Adult Vocational training. These classes have proved very popular and are well attended.

To maintain a good educational plant with a well-qualified staff is of course expensive. However, when we consider the greatly increased reimbursements to the school which are now received from the State, we believe that you will agree with us that the actual cost of education to the taxpayer has not advanced unduly.

Our town is expanding and with the advent of town water more people will be attracted to the community. This will tax our school facilities to the limit, particularly as regard the elementary school. The citizens of the town should be giving this problem much serious thought.

At this time we wish to express our sincere thanks to you for the cooperation and assistance you have given us during the year.

Respectfully submitted,

MABEL H. KEATING,
EVELYN P. RICHARDSON,
JOHN E. FOGELBERG,

School Committee of Burlington.

Report of the Superintendent of Schools

To the School Committee.

Madam Chairman and Members:

As I undertake my report to you for the calendar year of

1949 two matters of great importance stand out in my mind. Although I realize full well that you are cognizant of these problems, the first of which is current and over which we have very limited control, the second of which, seemingly, will be met within a few years, I am using this report as a medium to bring the former to the attention of the parents, the latter to the citizenry as a whole.

The first of these matters concerns itself with the plight in which I find a number of our pupils. For some time I have observed that many of them, more numerous in junior high than in senior high, have not developed the power of concentration sufficiently and, as would naturally follow, have not acquired good study habits.

This condition is quite apparent during the supervised study period. During this allotted time for study these children are restless, unable to do much or any concentrated study, and consequently fail to utilize the period for the purpose intended.

Let it be made clear that not alone in Burlington does this problem exist. After discussing the matter with my principals and teachers and learning that they, too, felt that such a condition exists I questioned school officials and teachers of other school systems on the subject. They readily admitted that a similar situation existed within their respective systems and felt its solution rests primarily with the home.

It is my opinion and that of the school staff that the solution to this problem rests with the parents and guardians of these children. If one gives thought to the limitations within the school day for fostering good study habits one must of necessity come to the conclusion that only in the quiet of the home can the desired ends be developed and achieved.

My recommendations to the parent are simple yet exacting. I would ask the parent of the pupil in the fourth through the ninth grade inclusive to see to it that the child devotes a specified length of time in the preparation of homework and study of the assignment given. I would further suggest that if at all possible this allotted period be the same time on the days concerned. By making it a definite time each day I feel it will become routine all the more easily thereby making it habit forming all the more readily.

As for the specified length of time it is natural to assume

that as the child progresses from grade to grade more work is expected from him. In my opinion an average of forty-five minutes should be required of a pupil in grades 4-6, one and a half hours for the junior high pupil. To be sure there will be pupils and there will be assignments not requiring the suggested length of time. In such a case I would advocate the use of the remaining minutes in good reading or in review of school work.

It is my firm conviction that if a child were to follow such a plan, providing he were not subjected to any disturbing factors of the home, a marked improvement would be noted in his achievement. More important, he will have developed the power of concentration and good study habits, prerequisites for scholastic achievement in high school.

The second matter that I know you would have me bring to the attention of the citizens of the town for their thought and deliberation is the question of the adequacy of the elementary buildings for housing our pupils, not next year but in the not too distant future. It would seem that you have solved this problem for the next two years by your decision to convert a basement room at the Union School into a classroom to be ready next September. You are aware of the fact that Mr. Bernard Whitney, Building Inspector for the State Department of Public Safety, has approved the use of this room for such a purpose for a period of two years.

It is but natural that with the advent of winter more thought should be given this matter. On the other hand figures also show the need for its consideration. Elsewhere in the school department's report the enrollment in the elementary grades as of October 1, 1949, is listed as 358. That is not cause for concern. But the fact is that since that time the enrollment in the grades has increased nineteen pupils to a total of 377.

In reporting to you on the curricula of our schools, suffice it to say that its content, whether it be on an elementary, junior high or senior high level, definitely meets the requirements of the respective levels. Evidence accumulated of late by the guidance service best testifies to the fact that our graduate, generally speaking, leaves school as well qualified as the graduate of the average high school.

Before producing the proof for this statement allow me to say a word on the guidance program. The work accomplished by Miss Chiesa, who heads the department, and her assistant,

Miss Billings, is certainly worthy of mention. Their accomplishments include the orientation of pupils to high school, advising them on the choice of programs and vocations, conducting individual interviews with a great number in grades VII-XII, furnishing data regarding college entrance requirements, assisting pupils with applications for schools and colleges, establishing group guidance in the recommended grades, providing films on the vocations, conducting field trips to the Massachusetts General Hospital and John Hancock Life Insurance Co., giving or supervising the giving of all types of standardized tests, and establishing a library of school and college catalogues and briefs on occupational information.

Other functions and accomplishments of this department include a follow-up study of graduates and the operation of a placement service. Proof of the statement above is found in the follow-up work with the graduates of the class of 1949. Returned questionnaires from twenty-five of the class of thirty-four reveal that four are continuing their education in college or university, three attending business schools, three enrolled in college preparatory schools, two in nurses' training schools and thirteen employed. The placement service, available to both graduate and student, secured permanent positions for ten graduates and part-time work for twenty-one students.

I am proud to report our teaching staff is a good one. It comprises a group of conscientious individuals who have evidenced time and again their willingness to give extra of their time and effort to their pupils. I am well aware of the fact that you, too, know of their earnestness and sincerity of purpose. Your action of late in providing both a new salary schedule and a readjustment of salaries is evidence of this.

As a result of the passage this year by the Massachusetts Legislature of Chapter 684, effective November 15, 1949, the minimum teachers' salary for a town with Burlington's valuation was set at \$2100.00. Up to this time our maximum salary had been \$1850.00, a difference of \$250.00. In order to comply with the law and yet be fair with the teacher with years of service it would have meant an increase of \$250.00 for all. This would have been a costly proposition. Complying fully with the law you met the situation to the satisfaction of all concerned by providing a new salary schedule and salary readjustment. For this you are to be commended.

This year has witnessed a few changes and additions to the teaching staff. The third grade teacher vacancy created by Miss Marilyn Gibbons' resignation, effective in September, to accept a teaching position in Woburn, was filled by the election of Miss Mary Ellen Wagner, graduate of Boston University, class of 1949, who holds an A. B. degree plus nine credits toward a Master's degree in elementary education.

Miss Norma Keech was elected to the commercial position in the high school as a result of Miss Dorothy Welch's leaving the teaching profession to take employment with the government in Washington. Miss Keech, a graduate of Salem Teachers' College, had three years prior teaching experience with the Burdett Business School in Lynn. Miss Ruth Delaney, also a Salem Teachers' College graduate, with one year teaching experience at Amherst, New Hampshire, was elected to the newly created commercial position.

With the close of the period covered by this report came the resignation, effective January 1, 1950, of one who for the past ten years has rendered outstanding service to our schools. I refer to our school physician, Dr. Francis Robinson, who with Mrs. Connors, the school nurse, has established a health record of which we may be proud. May I at this time extend your expression of appreciation and mine to Dr. Francis Robinson and wish for him many years of health and happiness. He will be succeeded by Dr. Anthony Giangreco who recently established his practice in town.

This year has also witnessed the termination of service with the school department of Mr. Roscoe Pearsons, janitor at the Union School for the past sixteen years. In your behalf I extend the sincere appreciation of the school department to Mr. Pearsons for a job well done and wish for him in retirement many active and happy years.

The school department takes this opportunity to thank the group represented by Mr. Pearsons who saw fit to donate to the schools a sum of three hundred dollars, the residue of a fund accumulated over a period of years for the establishment of a visiting nurse association, for the purchase of an audiometer. Its value in detecting defective hearing which unquestionably explains unsatisfactory work on the part of pupils afflicted, has already been experienced. Be assured that your investment was a sound one; one that will pay vast dividends from

the standpoint of health.

In reporting to you on this year's phase of the long-range plan of repairs to the school buildings, it can be said that all intended repairs have been made. The high school repairs included the waterproofing of the east and south walls of the classroom wing, new drapes and valances for the auditorium, the application of hot-top to that area of the yard on the north side and adjoining the auditorium wing, the application of a coat of tar to the auditorium roof, and outside painting of window frames and doors. Repairs to the elementary buildings included the painting of the cafeteria, repairing, if possible, or replacing all shades, hot-topping front driveways, and painting of corridors, stairways and offices of Union school and toilets of annex.

The response to the adult evening vocational classes, started this year as a result of the vote by the townspeople, has been most gratifying. Courses in basic and intermediate sewing, slip-cover and cabinet making made up the curriculum. It is hoped that in the spring a public exhibit of the products of these classes will be held.

In conclusion, I wish to express my appreciation to the parents, the town's organizations, town officials, and school employees for the cooperation accorded me this past year. To you, the committee members, am I indeed grateful for your wholehearted cooperation and valued advice.

Respectfully submitted,

JEROME J. LYNCH, Superintendent of Schools.

School Session

Junior-Senior High School—From 8.00 A.M. to 1.30 P.M.

Union School — From 9.00 A.M. to 2.30 P.M.

Age of Admission

Pupils entering the first grade in September 1950, must be five years of age on or before January 1, 1950. In other words, a child entering Grade One next September will have his sixth birthday on or before January 1 of the year 1951.

A child reaching the age of five between January 1 and April 1 of 1950 may qualify for admission to the first grade by passing an intelligence test given by the School Department. A parent desirous of having a child take this test should make arrangement with the School Department at least two weeks in advance of the schools' reopening. It is imperative in such a case for the parent to produce a birth certificate at the time of examination.

Vaccination

The state law requires all pupils attending public schools to be vaccinated. Exceptions will be made of a child presenting a certificate signed by a registered physician to the effect that he has personally examined the child and found his physical condition such that his or her health would be endangered by vaccination.

Attendance

Regular attendance is necessary to do satisfactory work. A written excuse from the parent or guardian is required for every absence, tardiness, or dismissal. No pupil is allowed to leave the school during the session without permission from the Principal or Superintendent. Unless the pupil brings with him a written request for dismissal from his parent or guardian, he is permitted to leave only in case of emergency.

Teachers may require pupils to attend the extra afternoon session if it is necessary for success in their work or for discipline.

Report of School Physician

To the Honorable School Committee:

After ten years of serving you as your School Physician, due to the state of my health and on the advice of my physi-

cian, I tender my resignation to take effect January 1, 1950.

I wish to thank the School Committee, the Faculty and School Nurse for the splendid cooperation in making it possible by our combined efforts to have raised the Health program of Burlington Schools to the position of second to none of the Rural Schools in the State.

Trusting that my successor in office, may have the same support as has been given me.

Yours truly,
FRANCIS A. ROBINSON, M.D.,
School Physician.

Report of School Nurse

To the Superintendent and School Committee:

I hereby submit my report for School Nurse for the year 1949.

Regular supervision was given to children's height and weight.

A number of cases of whooping cough were reported during the year, also a few cases of chicken pox.

Immunization against Diphtheria was given to twenty-nine school children, and twenty-eight pre-school children.

The school dental clinic was conducted by Doctor Edward McCall of Woburn, who made thirty-eight visits, completed three hundred twenty-four fillings, forty extractions, one hundred thirty cleanings, and fifteen treatments. Fluorine treatment was given to twenty-two children.

Vision tests were completed, and in addition all children in the three first grades were examined by Dr. Sidney Adams. All other children referred by teachers were taken care of and parents were notified of defects.

Hearing tests were completed and also physical examinations on the odd grades.

May I take this opportunity to thank Dr. Robinson for his untiring cooperation and express my regrets for his illness.

I wish to thank the Superintendent of Schools, School Committee, all teachers, and members of the Board of Health for their cooperation.

Respectfully submitted,
JULIA M. CONNORS, R.N.,
School Nurse.

Report of Attendance Officer

To the Superintendent and School Committee,
Burlington, Mass.

Greeting:

I submit my report as Attendance Officer for the period
(Year 1949).

Daily contact was made with the school for the names of
all children absent.

A number of homes were visited to interview parents on
absentees, and disciplinary action was taken by the Superin-
tendent.

Respectfully submitted,

JULIA M. CONNORS,

Attendance Officer.

REPORT OF THE BURLINGTON WATER INVESTIGATING COMMITTEE

To the Citizens of Burlington:

We herewith present a report of the Burlington Water Investigating Committee.

This Committee was appointed by the Moderator Chester E. MacDonald on April 16, 1948.

Plans for the Burlington Water System, as proposed, were presented to the Committee by Whitman & Howard, Engineers, on November 5, 1948.

A copy of the Engineers' report on the proposed Water System for Burlington, together with a notice of a Public Hearing to be held at the town hall on May 6, 1949, was mailed to every known voter of Burlington on April 30, 1949.

After a very brief discussion it was unanimously voted, that the Committee be instructed to proceed to establish a Water System in Burlington.

It was the opinion of the Committee that a Water District was the only fair and equitable method, therefore we recommended that the residents of the Town of Burlington establish a Water District in the Town of Burlington as bounded by its corporate limits, excepting that portion in the southwesterly part of the town beginning at a point in the southerly line of Wheelers Road, one thousand feet from the intersection of the Middlesex Turnpike, and running northwesterly and parallel to Middlesex Turnpike, to the boundary line of the Town of Burlington and the Town of Bedford; then turning in a southwesterly direction along the boundary line of the Towns of Burlington and Bedford to the boundary line of the Towns of Burlington, Bedford and Lexington; and then in a southeasterly direction along the boundary line of the Towns of Burlington and Lexington to the southerly line of Wheelers Road; then turning in an easterly direction along the southerly line of Wheelers Road to the point of beginning. Notices for the first Burlington Water District meeting, to be held at the High School, September 12, 1949, were mailed to all known voters of the Town of Burlington and posted according to law.

Proceedings of Burlington Water District Meeting September 12, 1949

Article 1. Choose Clerk for said meeting. Chose Maud S. Graham.

Article 2. Choose Moderator for said meeting. Chose Carl D. Hall.

Article 3. To accept Chapter 633 of the Acts of 1949 of the General Court of said Commonwealth known as "An Act Establishing the Burlington Water District, in the Town of Burlington." It was voted to accept: Yes 388, No 3.

Article 4. To raise and appropriate a sum of money to install a water system in the Burlington Water District in accordance with the provisions of Chapter 635 of the Acts of 1949.

It was voted to raise and appropriate the sum of \$392,000.00 of which \$280,000.00 is to be raised under Chapter 635 and \$112,000.00 is to be raised under Chapter 44 of the General Laws. The vote was: Yes 374, No 2.

Article 5. To elect by ballot 3 Water Commissioners, one for three years, one for two years, and one for one year from date of the next subsequent annual District meeting.

The result of the vote was as follows:

Water Commissioner for 3 years

Milton G. McDonald (elected)	241
Frank J. Skwarek	67
Gerald F. Seminatore	90

Water Commissioner for 2 years

Ralph R. MacDonald (elected)	180
Gerald F. Seminatore	80
H. Elton Manchester	58
William L. Sloan	49

Water Commissioner for 1 year

David W. Skelton (elected)	217
Frank S. Gregory	79
Henry B. Rogers	34

Article 6. To elect by ballot a District Clerk to serve until the next Annual District Meeting.

The result of the vote was as follows:

Maud S. Graham (elected)	153
Mary R. Marchand	23
Alma Alberghini	64
Vora F. Merrigan	43

Article 7. To elect by ballot a District Treasurer to serve until the next annual District meeting.

John E. Fogelberg was unopposed. A motion was made and seconded that the Clerk cast one ballot for John E. Fogel-

berg for Treasurer. The Moderator declared John E. Fogelberg elected.

Article 8. To authorize and direct the Moderator to appoint a Committee of five (5) to prepare and submit tentative District By-Laws for consideration at the next District meeting held. The vote was unanimous.

The Moderator, Carl D. Hall, appointed the following on the By-Law Committee: Ralph R. MacDonald, Jack J. Moss, Robert L. Blenkhorn, George J. Rupprecht and Robert A. Vigneau.

In conclusion, we wish to thank those who have offered valuable suggestions and to thank the residents of Burlington for their cooperation, which has brought our work to a successful conclusion.

Respectfully submitted,
JAMES E. DAY, Chairman.
KENNETH W. BROWN, Secretary
MAURICE J. DEMONE.
GOVE W. SLEEPER.

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Burlington:

The Board of Selectmen respectfully submit this report for the year 1949.

The Board was organized at its meeting held February 8, 1949, as follows: Chairman, Chester H. Graham; Clerk, Mrs. Alice B. Carpenter.

The following supervisory appointments were made: Superintendent of Streets and Moth Department, George W. Bustead.

Regular meetings were held on Tuesday evenings and special meetings at the call of the Chairman. We have endeavored to fairly and equally consider each and every problem of town business and affairs brought to our attention by either department heads or the citizenry. We are open at all times to suggestions for the good of the town and sincerely appreciate honest and constructive criticism.

On the resignation of Raymond Given as a member of the Board of Public Welfare in November a joint meeting with the Board of Public Welfare was held and Robert Blenkhorn was appointed to fill the vacancy.

We wish, at this time, to thank the various heads for their whole-hearted co-operation and for their many consultations with our Board in the interest of efficient town management.

Respectfully submitted,

CHESTER H. GRAHAM,
ARTHUR W. NICHOLS,
HORACE B. SKELTON,

Members of Board of Selectmen.

Report of Chief of Fire Department

To the Honorable Board of Selectmen and the Citizens of Burlington:

I herewith submit my report as Chief of the Fire Department and Forest Warden for the year 1949.

This Department answered 140 calls as follows:

50 Brush and Woodland.

31 Grass.

16 Buildings.

16 Dumps.

5 Automobiles

- 5 Needless.
- 4 Oil Burners.
- 2 Chimneys.
- 2 Electrical.
- 2 Trucks.
- 1 Lumber.
- 1 Sign.
- 1 Tar.
- 1 Missing Person.
- 1 Inhalator.
- 1 False.
- 1 Out of Town.

The following equipment was used:

1,200 feet of 2½ inch Hose.

11,050 feet of 1½ inch Hose.

6,750 feet ¾ inch Hose.

145 feet of Ladders.

23,965 gallons of water from Booster Tanks.

Pumps operated 48 hours.

41 Acres of Grass, Brush and Woodland burned.

Value of Buildings involved by fire \$48,200.00

Loss to Buildings involved by fire \$10,732.50

The condition of apparatus is as follows:

Engine No. 1, 1942 Dodge: In good condition with the exception of the Booster Tank which leaks at intervals.

Engine No. 2, 1930 Ford: In poor condition. This truck is now 20 years old. It has been in our possession for 17 years, having been purchased second hand in 1933. Provisions should be made to replace this truck as repairs will be getting more numerous and a disabled fire truck cannot put out fires. I would suggest that if funds are available in the reserve fund, this truck should be replaced from that account.

Engine No. 3, 1948 Dodge: In good condition.

Engine No. 4, 1934 Ford: In fair condition.

In order to clear up some rumors that have been going around in regards to the adaptability of the present fire equipment to the new water system. All of our apparatus and equipment can be used on our new hydrant system, as our fire fighting equipment has been standard for years.

You will notice that my proposed 1950 budget is higher than last year. This is due mostly to my request for one more

permanent man. This would enable us to have two men on duty nights instead of one.

The prospects for the coming year do not look very good in regards to fire conditions. As you know, this area was approximately 9 inches short on rainfall for the year 1949. This has just aggravated a dry situation that started two years ago. At the present time the ground is lacking proper moisture for a depth of several feet, which means that after each rain the fields and woods become tinder dry in a much quicker time than would be the case with normal conditions.

Unless we get much heavy snow between now and spring we may have one of the worst fire seasons this area has seen for some time. So at this time I would like to ask your co-operation in seeing that fires do not start.

Respectfully submitted,
DAVID W. SKELTON,
Chief of Fire Department, Fire Warden.

Report of Chief of Police

To the Honorable Board of Selectmen:

Gentlemen: I herewith submit the report of the Police Department for the year ending December 31, 1949.

As you read this report for the year 1949 you will notice for the first time in many years there were no fatal accidents in the Town of Burlington.

I would recommend that some action be taken in regard to Safety Precaution in School Zones by the placing of proper signs and warnings to motorists.

I would also recommend that the Department of Public Works be contacted in regard to a survey being made to establish a *speed limit* throughout the Town and proper signs be erected at *dangerous* intersections.

Report of Librarian

To the Honorable Board of Selectmen:

I herewith submit my report for the year ending December 31, 1949.

The total number of books listed in the Library at the present time is 7230.

Number of books purchased during year	133
Number of books loaned during year	3027

Number of children's books loaned 953

The number of books loaned during the year by each month is as follows: January 222, February 249, March 304, April 200, May 281, June 270, July 296, August 323, September 220, October 200, November 240, December 222.

We are very grateful for donations of books given to the library during 1949 by several of our citizens. Among the books given are some very valuable non-fiction, including books on chemistry, biology, religion and biography.

All books are now loaned for two weeks only and we find it works much better than the four week system.

Many of our readers have taken advantage of the books loaned by the Board of Education. These are non-fiction books which we do not have in our own library but which may be borrowed through the local librarian from the State Board of Education. The library hours are as follows: Tuesday 7-9 P. M.; Wednesday 2-5 and 7-9 P. M.; Saturday 2-5 and 7-9 P. M.

Respectfully submitted,
LOTTA C. R. DUNHAM, Librarian.

Report of Building Inspector

To the Honorable Board of Selectmen:

I herewith submit my report as Inspector of Buildings for the year ending December 31, 1949.

During the year 118 permits were issued for construction to be completed at an estimated cost of \$280,645.00.

There were 48 permits for new dwellings houses at an estimated cost of \$227,450.00.

The balance \$53,195.00 was for new additions, garages, poultry houses, barns and storage buildings.

Respectfully submitted,
MELVIN A. DUNHAM, Inspector of Buildings.

Reports of Inspector of Animals

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Inspector of Animals for the year beginning January 1st and ending July 6th, 1949.

All dog bites reported to this office were investigated and dogs were quarantined 14 days as required by law. No symptoms of rabies were found.

Several inspections of farms were made and reports according to proper conditions were filed with the Division of Live Stock Disease Control.

Respectfully submitted,

FREDERICK H. MADDEN,

Inspector of Animals.

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Inspector of Animals for the year beginning July 6th and ending December 31, 1949.

All dog bites reported to this office were investigated and dogs were quarantined 14 days as required by law. No symptoms of rabies were found.

Several inspections of farms were made and reports according to proper conditions were filed with the Division of Live Stock Disease Control.

Respectfully submitted,

MALCOLM J. MAGEACHEREN,

Inspector of Animals.

Report of Moth Superintendent

To the Honorable Board of Selectmen:

Gentlemen:

Sprayed the entire town last year with good results.

Found quite a lot of trees infested with "Elm Beetle."

I would recommend that the town raise as a separate appropriation sufficient funds to cover the cost of pruning and destroying all existing dead wood in the town elms, as this is now the duty of the Moth Superintendent.

Respectfully submitted,

GEORGE W. BUSTEAD, Moth Superintendent.

Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen:

I herewith submit my report as Sealer of Weights and Measures for the year ending December 31, 1949.

Platform scales 5000 lbs. and over — 3 sealed.

Scales over 100 lbs. — 3 sealed.

Scales under 100 lbs. — 26 sealed.

Vehicle tanks — 1 sealed.

Respectfully submitted,

MELVIN A. DUNHAM,

Sealer of Weights and Measures.

Report of Tree Warden

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Tree Warden for the year 1949.

The Tree Warden appropriation was spent on trimming the dead limbs from trees on the roadside, also on the removal of a number of dead or dying trees.

Respectfully submitted,

RALPH E. KNOWLES,

Tree Warden.

REPORT OF PARK COMMISSIONERS

To the Citizens of the Town of Burlington:

We herewith submit our report for the year ending December 31, 1949.

During the past year we had the ball field rolled with a heavy power roller.

Special attention was given to clearing dead trees, low limbs, brambles and weeds in the wooded areas.

A power mower with cutter bar was purchased to eliminate most of the hand mowing.

A combination slide and swings was purchased and erected for the exercise and entertainment of the children.

General maintenance was performed by Daniel Foster and Henry Jackson. Daniel Foster was retired June 30, 1949, on account of his age.

The Board takes this opportunity to thank all who co-operated in any way to help carry on the work in Simonds Park during the past year.

Respectfully submitted,

CLARENCE MACDORMAND,

ERIC S. CARLBERG,

AUGUSTUS BERTHIAUME,

Park Commissioners.

WILLIAM GRAHAM,

DAVID SKELTON,

GOVE W. SLEEPER,

Cemetery Commissioners.

REPORT OF BOARD OF HEALTH

To the Citizens of Burlington:

We hereby submit the annual report of the Board of Health for the year ending December 31, 1949.

Joseph L. Foster was appointed Inspector of Slaughtering for the year 1949.

Under the provisions of Chapter 75, Section 52, the following cases of communicable diseases were reported during 1949: Poliomyelitis 3, Diphtheria 1, Dog Bite 3, Measles 2, Whooping Cough 5.

We are grateful for the co-operation and advice given the Board during the year by Dr. Francis A. Robinson, School Physician, and Mrs. Julia Connors, R. N., School Nurse.

Respectfully submitted,

CHESTER H. GRAHAM,
ARTHUR W. NICHOLS,
HORACE B. SKELTON,

Board of Health.

Report of Inspector of Slaughtering

To the Honorable Board of Health:

I have examined the carcasses of 2087 swine slaughtered in the town the past year, and have condemned 159 as unfit for food which were disposed of as the law requires; also have made regular monthly returns to the State Board of Health as required by statute.

Respectfully submitted,

JOSEPH L. FOSTER,

Inspector of Slaughtering.

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of the Town of Burlington:

We hereby present our report for the year 1949.

The lots and graves listed below were sold during the year:

Mrs. Arthur Gould	Lot 366
James Harlow	S.G. 86
John MacInnis	Lot 367
Marion Goss	Lot 305
Susie M. Williams	Lot 331
Mrs. Charles Litchfield	S.G. 93
Austin McCarthy	Lot 369
John L. Coward	Lot 345

Work on Perpetual Care Lots was done as follows:

Labor	\$282.60
Flowers	31.25
Total	\$313.85

There were thirty-nine interments. The records show this

to be the largest number of burials during any one year, by far, in the history of our cemeteries.

We regret that, because of the retirement act, Superintendent George S. Miller had to resign as of July 1, 1949. Mr. Warren Gowing was appointed Superintendent, and he continued until October 31st, when he too was obliged to retire. Mr. William Winn had been hired in July to become familiar with the routine of the work, and upon retirement of Mr. Gowing he was appointed Superintendent of Cemeteries.

The fences and storage house need repairs and painting. A new roof is needed on the storage house. Also, it seems advisable to have a water connection installed near the main gate. These repairs and improvements necessitate our request for an appropriation of \$4,000.00 for the ensuing year.

Respectfully submitted,
WILLIAM J. GRAHAM, Chairman.
DAVID W. SKELTON.
GOVE W. SLEEPER.

REPORT OF MIDDLESEX COUNTY EXTENSION SERVICE FOR TOWN OF BURLINGTON

Poultry projects conducted during the year included the Quality Egg Program in which R. H. Hassam, H. O. Price and Marie Seminatore cooperated. Through this program poultrymen are assisted in improving their egg handling facilities and practices. Several poultrymen made use of the diagnostic ser-

vices of the Poultry Disease Program in maintaining flock health during the year. Lincoln A. Brogi is enrolled in the Turkey Marketing Program. The 1949 Middlesex County Poultry Trade Show held in cooperation with the turkey and poultry associations of the county gave poultrymen an opportunity to see the latest in egg graders, automatic feeders and other equipment. Egg quality and efficient management were the themes of the event.

The dairy projects carried on during 1949 consisted of distribution of information relating to mastitis control in dairy cows. The 1949 Green Pasture Program endeavored to promote more efficient dairying. Cooperation was extended to the Dairy Herd Improvement Association and to the Selective Breeding Association. The Selective Breeding Association is organized to improve our dairy animals by the use of superior bulls through artificial insemination. General farmers and gardeners used the facilities of our soil testing laboratory.

A rodent control meeting was held at the farm of Lincoln Brogi. Weekly radio talks of interest to local farmers were given over Station WBZ. Practically every farmer received the monthly *County Bulletin* containing timely information. Judges were furnished for the local Grange Fair.

Burlington homemakers received a monthly service letter containing practical information on homemaking problems.

There were twenty-three boys and girls enrolled in 4-H clubs under the supervision of Mrs. William Morse, Robert Burns and Herbert Crawford.

John Berlandi received a medal for outstanding achievement in gardening. Edward Kindred was awarded a week at State Camp at the University of Massachusetts. 4-H Club work is sponsored by the local committee, of which Selwyn Graham is chairman.

REPORT OF TOWN ACCOUNTANT

To the Honorable Board of Selectmen:

WARRANT FOR ANNUAL TOWN MEETING

February 6, 1950

The Commonwealth of Massachusetts Middlesex, ss.
To either of the Constables of the Town of Burlington in the
County of Middlesex: Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Town on Monday, the sixth day of February next, at ten o'clock in the forenoon, then and there to act on the following articles:

Article 1. To choose all necessary Town Officers on one ballot, namely: Moderator for one year, one Selectman for three years, one member of the School Committee for three years, one member of the Board of Public Welfare for three years, one Assessor for three years, one Town Clerk for three years, one Park Commissioner for three years, one Treasurer for one year, one Library Trustee for three years, one Tax Collector for one year, one First Constable for one year, one Second Constable for one year, one Cemetery Commissioner for three years, one member of the Planning Board for five years and one Tree Warden for one year.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1950, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4. To see what sums the Town will raise by taxation or otherwise to pay town debts, charges and fix the compensation of the elective Town Officers for the ensuing year and to appropriate the same.

Article 5. To see if the Town will authorize the Selectmen to petition the State Department of Public Works for aid for general highway purposes under Section 26-29, Chapter 81,

of the General Laws and Amendments thereof, or do or act anything in relation to the same.

Article 6. To see if the Town will authorize the Selectmen to petition the State Department of Public Works and the Middlesex County Commissioners for aid in the reconstruction of Winn Street and Wilmington Road in accordance with Chapter 90 of the General Laws and Amendments thereof, or do or act anything in relation to the same.

Article 7. To see if the Town will vote to transfer from unappropriated available funds in the treasury a sum of money for Chapter 81 and Chapter 90 Highways or take any action in relation to the same.

Article 8. To see if the Town will vote to accept from the Trustees under the will of Marshall Simonds the sum of not more than Two Thousand Five Hundred Dollars, to be spent under the direction of the Park Commissioners for the improvement of Simonds Park, or do or act anything in relation to the same.

Article 9. To see if the Town will transfer from unappropriated available funds in the Treasury, a sum of money to purchase a road scraper for the Highway Department, or do or act anything in relation to the same.

Article 10. To see if the Town will vote to raise and appropriate the sum of \$4,500 for hydrant rental from the Burlington Water District, or do or act anything in relation to the same.

Article 11. To see if the Town will transfer from unappropriated available funds in the Treasury, a sum of money to purchase and equip a cruising car for the Police Department, the value of the present police car to be applied as part of the purchase price, or do or act anything in relation to the same.

Article 12. To see if the Town will vote to raise and appropriate the sum of \$500.00 to survey and improve the playground in the Winnmere section, to be spent under the direction of the Park Commissioners, or do or act anything in relation to the same.

Article 13. To see if the Town will transfer from unappropriated available funds in the Treasury, a sum of money to make offices for the various departments in the Town Hall, or do or act anything in relation to the same.

Article 14. To see if the Town will vote to change from

residence "B" Zone to Industrial Zone the following described land, or do or act anything in relation to the same. Land of Domenico B. Raimondo and Francisco N. Arone located on the westerly side of Middlesex Turnpike and northerly of the new proposed Route 128, containing 125 acres more or less, all as more fully shown on plans filed with the Town Clerk.

Article 15. To see if the Town will vote to rezone from Residence "B" District to a Residence "A" District a certain parcel of land of Murray Hills, Inc., located at the corner of Winn Street and Mill Street comprising approximately seventeen acres, bounded and described as follows: 623 feet on Winn Street, 938 feet on Mill Street, 995 feet on Boston Edison, 1305 feet on Sesser property, 660 feet on Burlington Men's Civic Club, all of the above property as shown on a plan on file with the Town Clerk (see above plan for more detailed description), or do or act anything in relation to the same.

Article 16. To see if the Town will authorize the Board of Selectmen to petition the State Department of Public Works and the Middlesex County Commissioners for reconstruction of Peach Orchard Road in accordance with Chapter 90 of the General Laws and Amendments thereof, or do or act anything in relation to the same.

Article 17. To see if the Town will authorize the Moderator to appoint a committee of five to investigate the potentialities of inviting business into the Town of Burlington.

And you are directed to serve this Warrant by posting up attested copies thereof at the billboard at the Town Hall, one on the billboard at Wood's Corner, one on the billboard at Wilmington Road, and one on the billboard at Winnmere, in said Town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this 20th day of January in the year of our Lord one thousand nine hundred and fifty.

CHESTER H. GRAHAM,
ARTHUR W. NICHOLS,
HORACE B. SKELTON,

Selectmen of Burlington.

A true copy. Attest:

Burlington, January 20, 1950.

Pursuant to the within warrant I have notified and warned the inhabitants of the Town of Burlington by posting up attested copies of the same — one on the billboard at the town hall, one on the billboard at Wood's Corner, one on the billboard at Wilmington Road and one on the billboard at Winnmere seven days before the date hereof, as within directed.

WILLIAM J. POLLOCK,

Constable of Burlington.

A true copy. Attest: MAUD S. GRAHAM.

ANNUAL TOWN ELECTION

February 6, 1950

The Annual Town Election was called to order by the Moderator, Maurice J. DeMone, and the Clerk read the warrant as far as Article 2 when it was recommended that we dispense with the reading of the remainder of the warrant. The Constable's return was also read by the Clerk.

The ballots were delivered to the ballot clerks after the officers had been sworn; number of ballots, 1,500.

The ballot box was examined and found empty and register was at 0000.

The ballot box was closed and keys were delivered in accordance with the law.

The Election Officers who reported for duty at 9.30 A. M. were as follows: Charles E. Gill, Jeannette McMullin, Margaret Galipeau, Earle F. DeMone, Agnes Mohan, Georgiana Nelson, Ann Sullivan, Roy Thorstensen — retaining their positions until midnight.

The Polls were declared open at 10.00 A. M. by the Moderator and the voters proceeded to cast their ballots.

At 1.30 P. M. the following Election Officers were sworn and retained their positions until exactly midnight: Mary Bennett, Alice Carpenter, Julia Connors, Marian Howard, Lillian A. MacDonald, Ramona MacLennan, Evilo D. McGinnis, Vora F. Merrigan, Dorothy Sousa, Mildred Swanson, Elizabeth Symmes, Ethel White.

There were two voters assisted in casting their ballots during the day.

At 1.35 P. M. the Moderator, with the assistance of the

Town Clerk and Election Officers, took the ballots from the box and proceeded to canvass and count the same. This procedure was repeated at various times and at 8.00 P. M. the register on the ballot box was at 1025 — there was an extra ballot which did not register and brought the total to 1026.

Moderator declared polls closed at 8.00 P. M.

After the remaining regular ballots were taken from the ballot box the Moderator and Town Clerk prepared to cast the Absentee Ballots, which totalled 26, making the total number of ballots as having been cast 1052.

Those of the newly elected officers who presented themselves were sworn by the Town Clerk.

Moderator declared the meeting adjourned until two weeks — February 20, 1950, at 8.00 P. M.

MAUD S. GRAHAM, Town Clerk.

ADJOURNED TOWN MEETING

February 20, 1950

The adjourned town meeting was called to order at 8.20 P. M. by the newly elected Moderator, Gerald F. Seminatore. The evening was most frigid and the Moderator made a suggestion "that in all fairness to the taxpayers and the great number of voters who perhaps on account of the weather could not be present at this meeting" to adjourn the same until a later date. A motion was made and seconded that we adjourn the same until Monday, February 27, 1950, at 8.15 P. M.

After the meeting was adjourned and the voters were still in assembly, Arthur W. Nichols, Selectman, read a petition of the Boston and Maine Transportation Company which had

been presented to the Department of Public Utilities which follows:

Whereas, the Boston and Maine Transportation Company has pending before the Department of Public Utilities, State House, Boston, Mass., a petition for a certificate of public convenience and necessity for the operation of motor vehicles for the carriage of passengers for hire between the State line at Tyngsboro to Park Square, Boston, and

Whereas, the proposed route offering this transportation embraces the cities and towns of Tyngsboro, Chelmsford, Lowell, Billerica, Burlington, Woburn, Winchester, Arlington, Cambridge and Boston, and

Whereas, the citizens of the town of Burlington would greatly benefit if such transportation facilities became a reality, therefore,

Be it resolved: That the citizens of Burlington in town meeting assembled, February 20, 1950, do hereby approve the said petition of the Boston and Maine Transportation Company and request that the Department of Public Utilities grant the said petition.

Be it further resolved: That the Town Clerk forward a copy of this resolution to the Boston and Maine Transportation Company and the Department of Public Utilities.

This petition was accepted by the assembly and the Town Clerk has carried out her duties by forwarding copies of the resolutions to the Boston and Maine Transportation Company and the Department of Public Utilities.

MAUD S. GRAHAM, Town Clerk.

ADJOURNED TOWN MEETING

February 27, 1950

The adjourned meeting was opened by the Moderator, Gerald F. Seminatore, at 8.22 P. M., with the reading of the minutes of the Annual Town Election by the Town Clerk, Maud S. Graham, also the records of the adjourned town meeting, February 20th, with the resolutions adopted by the assembly on the petition of the Boston and Maine Transportation Company to the Department of Public Utilities.

Article 2. (Reports of Town Officers and Committees). Before this article was acted upon there was a discussion as to

why certain votes in one of the departments were not carried out, which was taken care of by the reading of a letter concerning that department and also the question was raised as to whether or not the vote of the "town establishing a quorum of 100 voters being required before any business could be transacted at a meeting" had received the proper action. The Town Clerk explained that the records had been sent to the Attorney General and to date there had been no approval of same. The Moderator was then delegated as a "committee of one" to look into the matter and check with the Attorney General's office. At this point, a motion was made and seconded that the reports of Town Officers and Committees be accepted. So voted.

Article 3. It was unanimously voted that the Town vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1950, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4. It was unanimously voted that the town raise and appropriate the sum of \$750.00 for the Selectmen's Department, \$195.00 for the salary of the Chairman, \$195.00 for each of the other two members, \$100.00 for the salary of the Clerk and \$65.00 for expenses, the same to be spent under the direction of the Selectmen.

Accountant—It was unanimously voted that the town raise and appropriate the sum of \$1,025.00 for the Accountant's Department, \$1,000.00 for salary of the Accountant and \$25.00 for expenses, the same to be spent under the direction of the Selectmen.

Treasurer—It was unanimously voted that the town raise and appropriate the sum of \$1,150.00 for the Treasurer's Department, \$800.00 for salary and \$350.00 for expenses, the same to be spent under the direction of the Treasurer.

Tax Collector—It was unanimously voted that the town raise and appropriate the sum of \$1,700.00 for the Collector's Department, \$1,300.00 for salary and \$400.00 for expenses, the same to be spent under the direction of the Tax Collector.

Assessors' Department—It was unanimously voted that the town raise and appropriate the sum of \$2,100.00 for the Asses-

sors' Department, \$450.00 for the salary of the Chairman, \$375.00 each for the salary of the other two members, \$400.00 for the salary of the clerk and \$500.00 for the expenses of the office, the same to be spent under the direction of the Board of Assessors.

Law Department—Motion was made and seconded that the town raise and appropriate the sum of \$600.00 for the Law Department, the same to be spent under the direction of the Selectmen. An amendment was made that this appropriation include tax title work. This amendment was later withdrawn by the sponsor. It was voted that the town raise and appropriate the sum of \$600.00 for the Law Department, the same to be spent under the direction of the Selectmen.

Town Clerk Department—It was unanimously voted that the Town raise and appropriate the sum of \$1,000.00 for the Town Clerk's Department, \$800.00 for salary and \$200.00 for expenses, such amount of expenses to include the fees to be paid under Section 26, Chapter 46, General Laws.

Elections and Registrations—It was unanimously voted that the town raise and appropriate the sum of \$1,200.00 for the salaries and expenses of the Registrars of Voters, Elections and Registrations, including the annual listing made by the Registrars, to be spent under the direction of the Selectmen.

Planning Board—Motion made and seconded that we raise and appropriate the sum of \$100.00 to defray the expenses of the Planning Board, the same to be spent under the direction of the Planning Board. An amendment was made "that the Planning Board be directed by this body to take the action necessary to cause the acceptance eventually of all private roads in the town." It was so voted.

Finance Committee—It was unanimously voted that the town raise and appropriate the sum of \$50.00 to defray the expenses of the Finance Committee, the same to be spent under the direction of the Finance Committee.

Town Hall—It was unanimously voted that the town raise and appropriate the sum of \$3,500.00 for Town Hall maintenance and repairs, the same to be spent under the direction of the Selectmen.

Police Department—Motion was made and seconded that the town raise and appropriate the sum of \$9,500.00 for the Police Department, the salary of the Chief of Police to be \$60.00

per week, the salary of the Police Officers to be \$45.00 per week, the balance of the appropriation for wages of Special Police and expenses of the Police Department, the same to be spent under the direction of the Selectmen.

An amendment was made that we have two (2) additional police officers. An amendment to the amendment was made that the sum of \$11,250.00 be raised and appropriated for the Police Department, \$9,790.00 for salaries, which will include two additional police officers, \$1,285.00 for expenses and will include two additional police officers, \$1,285.00 for expenses and \$175.00 for equipment. The amendment to the amendment was unanimously voted.

Fire Department—Motion made that the town raise and appropriate the sum of \$10,314.00 for the Fire Department, \$780.00 of this amount for the salary of the Chief, the salary of the Deputy Chief to be \$46.00 per week, the salary of the Captain to be \$45.00 per week, the regular fireman's salary to be \$45.00 per week, the balance of the appropriation for wages of the call firemen and expenses of the fire department, the same to be spent under the direction of the fire chief with the approval of the Selectmen. An amendment to the motion was made to provide that the town raise and appropriate the sum of \$12,061.00 for the expenses and salaries of the Fire Department to be spent under the direction of the fire chief subject to the approval of Board of Selectmen. The amendment to the motion was carried.

WARRANT FOR SPECIAL TOWN MEETING

Monday, July 31, 1950

The Commonwealth of Massachusetts Middlesex, ss.

To either of the Constables of the Town of Burlington in the County of Middlesex:

Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Town on Monday, the thirty-first of July next, at 8.15 o'clock in the evening, then and there to act on the following articles:

Article 1. To see if the Town will vote to confirm the vote passed at the Annual Town Meeting whereby we voted to accept from the Trustees under the will of Marshall Simonds the sum of \$2500 to be spent under the direction of the Park Commissioners with the approval of the Simonds Trustees, or do or act anything in relation to the same.

Article 2. To see if the Town will authorize the payment of bills incurred during 1949 in the amounts of \$10.00, Highway Department; \$44.29, Police Department as listed with the Town

Accountant, said bills to be paid out of the 1950 appropriations for said departments, or do or act anything in relation to the same.

Article 3. To see if the Town will hear and accept the reports of the two outstanding "World War II Memorial Committees," or do or act anything in relation to the same.

Article 4. To see if the Town will vote to adopt the following By-Law, or do or act anything in relation to the same.

Article XIV. The removal of soil, loam, sand, or gravel from land not in public use is hereby prohibited below a level to be determined by running a line perpendicular from the point of excavation to the highest of any adjoining or surrounding ways. Each unit load removed shall be considered an offense for which the penalty shall be twenty (\$20.00) dollars.

Article 5. To see if the Town will vote to abandon or deed to the abutters on the south side of the present Center Street the old roadway on Center Street where said road has been straightened in the hill above Winn Street, and also the intervening crescent-shaped parcel of land between said roadway and the present new roadway so that the abutters' frontage and approach to Center Street is restored, or do or act anything in relation to the same.

Article 6. To see if the Town will vote that no person or persons be allowed to erect a home in said Town unless plans of such dwellings be a minimum of 24 feet by 30 feet and that said article become effective immediately on passage, or do or act anything in relation to the same.

Article 7. To see if the Town will vote that Building Inspector of said Town of Burlington issue no permits to a person or persons for building a home unless to the estimation of said Building Inspector the home or homes have a valuation of \$4,500.00, or do or act anything in relation to the same.

Article 8. To see if the Town will vote to accept Chapter 41, Sec. 111-A of the General Laws, relative to vacations for members of the regular or permanent Police and Fire Forces.

Article 9. To see if the Town will transfer from funds available in the Treasury a sum of money to purchase a new Two Way Radio for the Police and Fire Departments, or do or act anything in relation to the same.

Article 10. To see if the Town will transfer from funds available in the Treasury a sum of money to purchase and equip

an Ambulance, or do or act anything in relation to the same.

Article 11. Whereas the School Committee is anticipating to make over the Union School Cellar into class rooms. We the citizens would like to authorize the Moderator to appoint an Investigating Committee to ascertain the advisability of having a new School built or derive some means of having a Portable School where Children will not be placed in a damp cellar. We realize the fact that the school proposition is very serious and therefore we want to start making plans.

Article 12. To see if the Town will authorize the Moderator to appoint a committee to revise and make necessary additions to the By-Laws, or do or act anything in relation to the same.

Article 13. To insert in By-Laws. To see if the Town will vote to give power to the Chief of Police to prohibit companies parking their Trucks or any other Gasoline Powered Machine in residential areas, or do or act anything in relation to the same. Violation of this Article \$20.00 fine.

Article 14. To see if the Town will vote to make Francis Wyman Road a "NO Heavy Trucking District," the maximum truck load being $2\frac{1}{2}$ tons, however, to permit any home delivery trucks, or do or act anything in relation to the same. Violation of this By-Law to be punished by a \$20.00 fine.

Article 15. To see if the Town will vote to instruct the Board of Selectmen to accept three or more streets each year, beginning in the year 1950 until all streets in the Town are accepted, or do or act anything in relation to the same.

Article 16. To see if the Town will authorize the Moderator to appoint a committee to notify the officials of the Telephone Company to hold a public hearing along with the Selectmen in order to answer questions relative to overcrowded Telephone Lines, rates, distance and party lines, or do or act anything in relation to the same.

Article 17. To see if the Town will vote to authorize the Moderator to appoint a committee or five registered voters to determine why the men of the Public Works Department are employed three days a week instead of five days a week, and to report at the next Town Meeting, or do or act anything in relation to the same.

Article 18. To see if the Town will vote to authorize the Moderator to appoint a special counsel to proceed to restrain

the Beasley Gravel Company of Francis Wyman Road from further use, or do or act anything in relation to the same.

Article 19. To see if the Town will vote to place in the By-Laws that there will be no permits granted for the removal of Loam, Sand or Gravel from the boundaries of the Town of Burlington retroactive to January 1950, being unconformed or otherwise.

Article 20. To see if the Town will vote to place in the By-Laws that no earthen material shall hereafter be removed from any land within the limits of the Town of Burlington, below the highest level of any street or way, either adjoining the land or surrounding the same. Penalty for same: \$20.00 each violation.

And you are directed to serve this Warrant, by posting up attested copies thereof, one on the billboard at Town Hall, one on the billboard at Winnmere, one on the billboard at Wilmington Road, and one on the billboard at Wood's Corner in said Town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this fourteenth day of July in the year of our Lord one thousand nine hundred and fifty.

PROCEEDINGS OF SPECIAL TOWN MEETING

July 31, 1950

Meeting called to order by the Moderator at 8.35 P. M. and the Clerk read the constable's return — each article in the warrant being taken up individually.

Article 1. It was unanimously voted that the Town confirm the vote passed at the Annual Town Meeting whereby we voted to accept from the Trustees under the will of Marshall Simonds the sum of \$2500.00 to be spent under the direction of the Park Commissioners with the approval of the Simonds Trustees.

Article 2. It was unanimously voted that the town authorize the payment of bills incurred during 1949 in the amount of \$10.00, Highway Department, \$44.29, Police Department as listed with the Town Accountant, said bills to be paid out of the 1950 appropriations for said departments.

Article 3. (World War 2 Memorial committees). After hearing discussion regarding the committees appointed a few years ago for World War 2 Memorial, it was unanimously voted to dismiss them. A motion was then made and seconded that the Moderator appoint a committee on Veterans' Memorial. Unanimously voted.

Article 4. (Re by-law to be Article XIV). After considerable controversy concerning Article 4, a motion was made and seconded that the following by-law be accepted as a substitute motion—

Article 14. The removal of soil, loam, sand or gravel from any parcel of land not in public use for commercial purposes or for sale, except when incidental to, or in connection with, construction of a building for which a permit has been issued is hereby prohibited. Each unit load of soil, loam, sand or gravel removed in violation of this By-Law shall be considered a separate offense which shall be punishable by a fine in the amount of \$20.00. Those in favor, 90—those opposed, 56.

Article 5. (Roadway on Center St.). Deed to abutters. Unanimously voted.

Article 6. (Plans of dwellings be a minimum of 24 feet by 30 feet). Voted to dismiss this article.

Article 7. (Valuation of homes to be \$4500 in estimation of Bldg. Inspector). Unanimously dismissed.

Article 8. (Vacations for Firemen and Police).

It was unanimously voted that the town accept Chapter 41, Section 111A of the General Laws, relative to vacations for members of the regular or permanent Police and Fire forces—which law reads as follows:—"In any city or town which accepts this section all members of its regular or permanent police or fire force shall be granted a vacation of not less than 2 weeks during each year of their employment, without loss of pay."

Article 9. It was unanimously voted that the town transfer from funds available in the Treasury the sum of \$2600.00 to purchase a new two-way radio for the Police and Fire Departments, the same to be spent under the direction of the Board of Selectmen.

Article 10. It was unanimously voted that the town transfer from funds available in the Treasury the sum of \$900.00 to purchase and equip an ambulance, the same to be spent under the direction of the Board of Selectmen.

Article 11. Motion that the School Committee, the Board of Selectmen and they choose one member to act as a committee to bring a report to the next annual town meeting regarding the class rooms being made over. At this time Miss Keating very carefully explained the situation and the assembly was very appreciative. The previous motion was withdrawn and a new motion was made asking for dismissal of the same. So voted.

Article 12. It was voted that a member of the Board of Selectmen, a member of the Planning Board and a member of the Board of Assessors meet with all Boards and gather all information regarding changing of By-Laws.

Article 13. It was voted to dismiss this article from the warrant.

Article 14. It was voted to dismiss this article from the warrant.

Article 15. Motion was made that the Planning Board, instead of the Selectmen, be instructed to accept three or more streets each year beginning in the year 1950 until all streets in the Town are accepted. An amendment was made that the Moderator appoint a committee to confer with the Planning Board so that these people can be taken care of in the future. So voted.

Article 16. It was voted that the town authorize the Moderator to appoint a committee to notify the officials of the Tele-

phone Company to hold a public hearing along with the Selectmen in order to answer questions relative to overcrowded telephone lines, rates, distance and party lines.

Article 17. (Re men working 3 days a week). It was voted to dismiss this article.

Article 18. (Re restraint of Beasley Gravel Co.) Motion was made that this article be dismissed. An amendment was made that the Building Inspector be instructed to hire the Attorney. So voted.

Article 19. (Re permits being granted for the removal of loam, etc., from the boundaries of the Town of Burlington). Voted to dismiss this article.

Article 20. (Re placing in the by-laws that no earthen material shall be removed, etc.). Voted to dismiss this article.

A motion was made at this time to adjourn—meeting adjourned at 10.50 P. M.

MAUD S. GRAHAM, Town Clerk

PROCEEDINGS OF SPECIAL TOWN MEETING

Monday, October 2, 1950

Meeting called to order by the Moderator at 8.27 P. M., and the reading of the warrant was dispensed with; the Clerk read the Constable's return. The Clerk read each article as it was taken up individually.

Article 1. It was voted that the town transfer from unappropriated available funds in the Treasury, the sum of \$3700.00 to purchase and equip a truck for the Highway Department, any allowance received from the 1940 Ford truck to be allowed towards the purchase price of the new truck, the same to be spent under the direction of the Board of Selectmen.

Article 2. It was voted to transfer the sum of \$370.35 from the Town report account to the Police account.

Article 3. It was unanimously voted that we accept these streets as set forth in Article 3.

Article 4. It was voted that the town transfer from unappropriated available funds, the sum of \$5000.00 to be spent on the approved streets under Article 3, any money not spent this year to be carried forward to 1951, the same to be spent under the direction of the Board of Selectmen.

Article 5. The Planning Board report in regard to chang-

ing from a Residence "B" Zone to a business zone a certain parcel of land belonging to George E. Leet at the junction of County Road and Cambridge Street was read by the Clerk. A motion was made and seconded that this change not be accepted. After some discussion the vote was not carried.

Article 6. The Planning Board report in regard to changing from a Residence "B" Zone to a business zone land of Frank Corcoran at Middlesex Turnpike and Bedford Street containing about seven acres as shown on plan on file with the Town Clerk was read by the Clerk. After some discussion tellers were appointed to count the vote showing 212 in favor, and 27 opposed. So voted.

Article 7. The Planning Board report in regard to changing from a Residence "B" Zone to a business zone land of Lincoln Brogi on Cambridge Street near Mountain Road, containing 20.8 acres as shown on plan on file with the Town Clerk was read by the Clerk. The vote was unanimous.

Article 8. Motion was made and seconded that the Town grant a permit for burial purposes to the Hellenic Association also known as the Greek Orthodox Cathedral of New England, a religious corporation duly organized under the laws of the Commonwealth of Massachusetts to be used in conjunction with a chapel on land between Mill Street and Wilmington Road as shown on plans on file with the Board of Selectmen. Immediately another motion was made to dismiss the article and it was not accepted. After considerable discussion a motion was not entertained by the Moderator. After further discussion tellers were appointed to count the vote on the original motion and they were sworn by the Clerk. The vote was counted and 91 were in favor and 94 opposed and the Moderator declared the motion was not carried. This vote was doubted by a number of voters and considerable confusion ensued. A motion was made that we adjourn until tomorrow night at 8 o'clock P. M. Immediately a second motion was made that we adjourn. Considerable additional confusion followed without any vote. The Moderator then declared the meeting adjourned until two weeks from tonight, October 16th, at 8.15 P. M., at the High School, ruling that the vote on Article 8 was illegal.

Meeting adjourned at 11 P. M.

MAUD S. GRAHAM, Town Clerk.

WARRANT FOR SPECIAL TOWN MEETING Tuesday, December 19, 1950

The Commonwealth of Massachusetts Middlesex, ss.

To either of the Constables of the Town of Burlington in the County of Middlesex.

Greetings: —

In the name of the Commonwealth of Massachusetts you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Town on Tuesday the 19th day of December next, at 8.15 in the evening, then and there to act on the following articles:

Article 1. To see if the town will vote to transfer a sum of money from the Machinery Fund Account to the Machinery Account, or do or act anything in relation to the same.

Article 2. To see if the town will vote to transfer a sum of money from the Street Light Account to the Snow & Ice Account, or do or act anything in relation to the same.

Article 3. To see if the town will vote to transfer a sum

of money from the Health Account to the Legal Account, or do or act anything in relation to the same.

Article 4. To see if the town will vote to transfer a sum of money from the Police Salary Account to the Police Expense Account, or do or act anything in relation to the same.

Article 5. To see if the town will vote to transfer a sum of money from unappropriated available funds in the treasury to purchase fire hose, or do or act anything in relation to the same.

Article 6. To see if the town will vote to accept the road to be known as Johnson Road from Winn Street to the Charles Johnson home for a distance of about 800 feet which was recently built by the Commonwealth of Massachusetts, or do or act anything in relation to the same.

Article 7. To see if the town will vote to accept the road to be known as Crawford Road leading from Lowell Street to Newbridge Avenue for a distance of about 2100 feet now under construction by the Commonwealth of Massachusetts, or do or act anything in relation to the same.

Article 8. To see if the town will vote to accept a new addition to Lexington Street for a distance of about 700 feet leading from the present Lexington Street to Middlesex Street recently constructed by the Commonwealth of Massachusetts, or do or act anything in relation to the same.

Article 9. To see if the town will vote to adopt the following By-Law. Be it ordained by the Town of Burlington as follows:

SECTION 1. DEPARTMENT OF CIVIL DEFENSE. There is hereby established a department of civil defense (hereinafter called the "department"). It shall be the function of the department to have charge of civil defense as defined in Section 1, Chapter 639, Acts of 1950 and to perform civil defense functions as authorized or directed by said chapter or by any and all executive orders or general regulations promulgated thereunder, and to exercise any authority delegated to it by the governor under said Chapter 639.

SECTION 2. DIRECTOR OF CIVIL DEFENSE. The department shall be under the direction of a director of civil defense (hereinafter called the "director") who shall be appointed as prescribed by law. The director shall have direct responsibility for the organization, administration and operation

of the department, subject to the direction and control of the appointing authority, and shall receive such salary as may be fixed from time to time by the appointing authority. The director may, within the limits of the amount appropriated therefore, appoint such experts, clerks and other assistants as the work of the department may require and may remove them, and may make such expenditures as may be necessary to execute effectively the purposes of Chapter 639, Acts of 1950.

The director shall also have authority to appoint district co-ordinators and may accept and may receive, on behalf of the town, services, equipment, supplies, materials or funds by way of gift, grant or loan for purposes of civil defense, offered by the federal government or any agency or officer thereof or any person, firm or corporation, subject to the terms of the offer and the rules and regulations, if any, of the agency making the offer. The director shall cause appropriate records to be kept of all matters relating to such gifts, grants or loans.

SECTION 3. CIVIL DEFENSE ADVISORY COUNCIL. There is hereby established a civil defense advisory council (hereinafter called the "council"). Said council shall serve without pay and shall consist of the director of civil defense, such other department heads and such other persons as the authority appointing said director may deem necessary. Such member of said council as said appointing authority shall designate shall serve as chairman of said council. Said council shall serve subject to the direction and control of the appointing authority and shall advise said appointing authority and the director on matters pertaining to civil defense.

SECTION 4. POLICE AID TO OTHER CITIES AND TOWNS IN EVENT OF RIOTS OR OTHER VIOLENCE THEREIN. The police department is hereby authorized to go to aid another city or town at the request of said city or town in the suppression of riots or other forms of violence therein.

SECTION 5. TERMINATION OF BY-LAW. This (by-law) shall remain in force during the effective period of Chapter 639, Acts of 1950 and any act in amendment of continuation thereof or substitution therefor.

SECTION 6. DEFINITION. All references to Chapter 639, Acts of 1950, as now in force, shall be applicable to any act or acts in amendment of continuation or of substitution for said Chapter 639.

Article 10. To see of the Town will vote to transfer a sum of money from unappropriated available funds in the treasury to the Department of Civil Defense, or do or act anything in relation to the same.

Article 11. To see if the Town will vote to place the following question on a printed ballot to be voted on with the use of the check list at the same time as the election of officers at the Annual Meeting in February 1951 or do or act anything in relation to the same: "Shall the Town grant a permit for burial purposes to the Hellenic Association also known as the Greek Orthodox Cathedral of New England, a religious corporation duly organized under the laws of the Commonwealth of Massachusetts to be used in conjunction with a chapel on land between Mill Street and Wilmington Road as shown on plans on file with the Board of Selectmen." (YES) (NO)

And you are directed to serve this Warrant, by posting up attested copies thereof at the Town Hall, one on the billboard at Wilmington Road, one on the billboard at Winnmere and one on the billboard at Woods Corner, in said Town, seven days at least before the time of holding said meeting.

HEREOF FAIL NOT, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this 4th day of December in the year of our Lord one thousand nine hundred and fifty.

PROCEEDINGS AT SPECIAL TOWN MEETING

Tuesday, December 19, 1950

At 8.35 P. M., the Moderator stated he would wait until 8.45 P. M., to determine whether or not there would be a quorum to transact the necessary articles contained in the warrant.

There were 91 voters checked at the door and as the quorum of 100 was not available the meeting was adjourned until Wednesday evening, December 27, 1950 at 8.15 P. M.

MAUD S. GRAHAM, Town Clerk

PROCEEDINGS AT ADJOURNED SPECIAL TOWN MEETING—December 27, 1950

Previous to opening the meeting the Moderator explained if there were any objections he would adjourn same on account of there being no quorum. It was unanimously voted that this meeting take place. The meeting was called at 8.30 P. M. by the Moderator.

The Clerk read the minutes of the December 19, 1950, meeting along with the Constable's return of same.

Article 1. Voted that the town transfer the sum of \$700.00 from the machinery fund account to the machinery account, the same to be spent under the direction of the Selectmen.

Article 2. Voted that the town transfer the sum of \$500 from the street light account to the snow and ice account, the same to be spent under the direction of the Selectmen.

Article 3. Voted that the town transfer the sum of \$600 from the Health account to the legal account, the same to be spent under the direction of the Selectmen.

Article 4. Voted that the town transfer the sum of \$250 from the police salary account to the police expense account, the same to be spent under the direction of the Selectmen.

Article 5. Voted that the town transfer the sum of \$2,100 from the unappropriated available funds in the Treasury to purchase fire hose, the same to be spent under the direction of the fire chief with the approval of the Selectmen.

Articles 6, 7 and 8, Voted to dismiss Articles 6, 7 and 8, regarding acceptance of Johnson Road, Crawford Road and a new addition to Lexington Street.

Article 9. Motion was made that the town vote to adopt the following by-law and be ordained by the Town of Burlington as follows: Before the by-law could be read a motion was

made that we accept same in its entirety, as written. A motion to have the by-law read was not carried. It was unanimously voted that we accept the Department of Civil Defense By-law in its entirety as written in the town warrant, which reads:

Section 1. Department of Civil Defense. There is hereby established a department of civil defense (hereinafter called the "department"). It shall be the function of the department to have charge of civil defense as defined in Section 1, Chapter 639, Acts of 1950, and to perform civil defense functions as authorized or directed by said chapter or by any and all executive orders or general regulations promulgated thereunder, and to exercise any authority delegated to it by the governor under said Chapter 639.

Section 2. Director of Civil Defense. The department shall be under the direction of a director of civil defense (hereinafter called the "director") who shall be appointed as prescribed by law. The director shall have direct responsibility for the organization, administration and operation of the department, subject to the direction and control of the appointing authority, and shall receive such salary as may be fixed from time to time by the appointing authority. The director may, within the limits of the amount appropriated therefor, appoint such experts, clerks and other assistants as the work of the department may require and may remove them, and may make such expenditures as may be necessary to execute effectively the purposes of Chapter 639, Acts of 1950.

The director shall also have authority to appoint district co-ordinators and may accept and may receive, on behalf of the town, services, equipment, supplies, materials or funds by way of gift, grant or loan for purposes of civil defense, offered by the federal government or any agency or officer thereof or any person, firm or corporation, subject to the terms of the offer and the rules and regulations, if any, of the agency making the offer. The director shall cause appropriate records to be kept of all matters relating to such gifts, grants or loans.

Section 3. Civil Defense Advisory Council. There is hereby established a civil defense advisory council (hereinafter called the "council"). Said council shall serve without pay and shall consist of the director of civil defense, such other department heads and such other persons as the authority appointing said director may deem necessary. Such member of said council

as said appointing authority shall designate shall serve as chairman of said council. Said council shall serve subject to the direction and control of the appointing authority and shall advise said appointing authority and the director on matters pertaining to civil defense.

Section 4. Police aid to other cities and towns in event of riots or other violence therein. The police department is hereby authorized to go to aid another city or town at the request of said city or town in the suppression of riots or other forms of violence therein.

Section 5. Termination of By-Laws. This (by-law) shall remain in force during the effective period of Chapter 639, Acts of 1950, and any act in amendment of continuation thereof or substitution therefor.

Section 6 — Definition — All references to Chapter 639, Acts of 1950, as now in force, shall be applicable to any act or acts in amendment of continuation or of substitution for said Chapter 639.

Article 10. Voted that the town transfer the sum of \$1,300.00 from unappropriated available funds in the treasury to the Department of Civil Defense, \$200.00 for salaries, and \$1,100.00 for expenses, same to be spent under the direction of the Director of Civilian Defense, with the approval of the Selectmen.

Article 11. There was a great deal of discussion on Article 11. Section 1A, of the by-laws was read and after much controversy the Moderator declared Article 11 on the warrant as illegal according to the by-law. The Moderator then asked the assembly if they wanted the article dismissed and the answer was in the negative.

At this time a motion was made that the town vote to reconsider its action under Article 8 at the adjourned special town meeting held October 16, 1950, and place the following question on a printed ballot to be voted on with the use of the check list at the same time as the election of officers at the Annual Meeting in February 1951:

“Shall the town grant a permit for burial purposes to the Hellenic Association, also known as the Greek Orthodox Cathedral of New England, a religious corporation duly organized under the laws of the Commonwealth of Massachusetts, to be used in conjunction with a chapel on land between Mill Street

and Wilmington Road as shown on plans on file with the Board of Selectmen."

Tellers, Elmer J. Morrison and William J. Nelson, were appointed at this time to count the vote on the reconsideration—those in favor, 41—those opposed, 38.

Those in favor of the referendum—Yes 43—those opposed, 34.

Mr. Ward wished to be recorded as being opposed to the entire meeting as he deemed it illegal.

The meeting was adjourned on motion made and seconded—time 9.40 P. M.

REPORT OF THE SCHOOL COMMITTEE

Citizens of Burlington:

Going back in retrospect over the year 1950 we feel that we have made real progress toward our ultimate aim, which is to give to the youth of Burlington the best education possible. Probably at no time in history has the obligation of the schools to serve the students been so great. Our boys and girls are the citizens of tomorrow, and if they are to be able to cope understandingly and in an intelligent manner with the problems of this complex civilization of ours, they must have careful training and wise counsel now. This challenge has been accepted by your school committee, superintendent and teachers.

During the last two years the turnover in our teaching force has been unusually small. While, no doubt, some change in personnel is good in that it brings in new ideas and prevents a school system from becoming static, the retention of a large percentage of a school faculty is essential if the educational growth is to be constant. We attribute, in part, the fact that we have been able to hold our teachers for a longer period to a salary offering a higher maximum wage.

After making a survey of the school statistics last Fall it was decided that the need for increased accommodations was not sufficiently acute as to require a building program during 1951. We have, however, requested funds for the installation of new plumbing and the widening of the front stairway at the Union School. These improvements will put the school in a safe and sanitary condition. At the present time the committee is making a study of future building needs and has, through the superintendent, approached the office of the School Building Assistance Administration for help.

Another situation that has plagued us over the year is the inadequacy of the present sewerage system at the High School. Due to the type of soil present in this area the drainage is very poor. We have given this problem much time and thought and hope to arrive at a satisfactory solution very soon.

We should like to call your attention at this time to the report of the superintendent, and to request that you give it your most careful consideration.

To the town officials, and to you, the citizens of Burling-

ton, we extend our sincere thanks for your splendid cooperation throughout the year.

Respectfully submitted,

MABEL H. KEATING,
JOHN E. FOGELBERG,
ELMER J. MORRISON,

School Committee of Burlington.

Report of the Superintendent of Schools

To the School Committee

Madam Chairman and Members:

In undertaking my report for the year 1951 several current and vitally important matters come to my mind.

The first of these deals with a subject that was a topic for informal discussion at a recent committee meeting. I refer to the question relative to what is expected of the nation's schools in the crisis confronting our country today.

I am glad to report that communications received of late from federal and state educational agencies emphatically stress the need of schools continuing to function as usual. They tell their story in a few words — school as usual. They emphasize the need for the continuation of education on the part of every child for the very evident reason that "in an educated youth, one who can adapt himself to whatever position in life he finds himself upon graduation, rests the welfare and security of the nation."

To be sure, it may be necessary, as in the past, to call upon school administrators and teaching personnel to assume some additional responsibilities. For this we are ready, desirous of helping in every possible way.

In presenting two closely related school matters, both of which you are cognizant, both of which are problems, allow me to say that they exist to no greater degree in our system than elsewhere. They are mentioned here with the hope that the parents and guardians of children concerned will assist with their solution. I refer, first, to the inability of some of our children to read sufficiently well for their respective grade level and, second, to the failure of some to have developed sufficiently the power of concentration, thereby, failing to have acquired proper study habits.

Inasmuch as the second of these problems was fully con-

sidered in my report of last year I will reiterate the recommendations made at that time.

My recommendations to the parents are simple yet exacting. I would ask the parent of the pupil in the fourth through the ninth grade inclusive to see to it that the child devotes a specified length of time in the preparation of homework and study of the assignment given. I would further suggest that if at all possible this allotted period be the same time on the days concerned. By making it a definite time each day it will become routine all the more easily, thereby, making it habit-forming all the more readily.

As for the specified length of time it is natural to assume that as the child progresses from grade to grade more work is expected of him. In my opinion an average of forty-five minutes should be required of a pupil in grades 4 through 6, one and a half hours for the junior high pupil. To be sure, there will be pupils and there will be assignments not requiring the suggested length of time. In such a case I would advocate the use of the remaining minutes in good reading or in review of school work.

It is my firm conviction that if a child were to follow such a plan, provided he were not subjected to any disturbing factors at home, a marked improvement would be noted in his achievement. More important, he will have developed the power of concentration and good study habits, prerequisites for scholastic achievement in high school.

When it is said that a reading problem confronts some of our children today it should not be cause for undue alarm. Reading has always taken its toll. From your own school experience you know that there have always been good and poor readers, fast and slow readers, meaningful readers and those whose reading was meaningless. On the other hand, when one realizes it is most discouraging to a pupil not to be able to read sufficiently well, and further realizes that it is the basic cause for failure in subjects requiring an adequate reading ability, it is one's duty to take steps to rectify such a condition.

To achieve the desired end the assistance of the parents of these children is required. It is my conviction that if the home and the school work together on this problem children on leaving the sixth grade will have mastered reading to such a degree that they will not encounter this difficulty.

You will note that I restrict my plan of attack to the grades. I do this with the expectation that a junior or senior high pupil, having experienced this difficulty, realizes by now that its solution rests with his doing more and more concentrated reading.

Before stating the positive steps that a parent can take, allow me to say a word on an argument occasionally heard from sincere parents who hesitate to assist a child with reading fearful of doing further damage. They decline to help, they say, because they don't know the new way of teaching reading. True, the subject is taught differently today with less emphasis on phonetics. Educators frown on the idea of presenting a new word by breaking it down into its syllables. Rather, they believe in presenting a new word as a whole, which a parent can and should do, and, after its recognition and concept mastery, allow the analysis to be handled by the teacher.

My recommendations to parents, both father and mother, are few and simple. Listed below are helpful hints obtained from a pamphlet which recently came into my possession.

1. Be a good listener. Encourage the child to read to you; enthuse over what he reads and not the way he reads; give plenty of praise.

2. Help your child to do a good job. In his presence develop the practice of reading the story to yourself and then aloud to him. Urge him to try this plan; it makes for a more fluent oral reader, a feeling of confidence and security in his own reading ability.

3. Be a good reader. Read by holding the book so that he can follow you along; you read one page, he the next; you read what one character says, he the next.

4. What is that word? Tell him. Since reading is a "thought-getting process" telling a child the unknown word for the sake of good reading is proper. To be sure, there comes a time when telling a word should stop—maybe after the third time; maybe after the tenth.

5. Play cards with him. Make a card (he knows what I mean) for each of the troublesome words. Tell him the words and let him study them; then shuffle them and see how many learned words can be removed from the pack. Repeat the process.

In reporting to you on the two basic essentials of a school

system, personnel and curriculum, I commend the committee for the steps taken this past year on their behalf. Your establishment of a new salary schedule for the school personnel, a group of hardworking principals and teachers fully aware of their responsibilities in the physical, mental and moral development of the children of Burlington, is gratifying. Your conversion of a basement room in the Union School into a classroom has brought to an end the necessity for double-grades. The children will benefit by this action. Your making provisions in next years budget for the establishment of a physical education program for boys, come January, makes for a further improvement in our curriculum. Here again, the youth stands to benefit.

This year has witnessed several changes in the Union School personnel. Three teachers resigned to be married. They included the Misses Margaret Brady, Mary Machado and Shirley Sevrens. The filling of these positions plus the need of an additional teacher for the new classroom meant the election of four teachers. They include Miss Mary Marshall, a graduate of St. Mary's, Hooksett, N. H., class of 1949 with an A.B. degree and additional study at B. U., the Misses Helen Costello and Mabel Zaher, graduates of Lowell Teachers College, class of 1950, with B.S. in Education degrees, and Miss Nancy Best, a certificate graduate of Lesley College this past June.

Upon our return from the Christmas recess Mr. Frank Matarese, a graduate of Tufts College with both a bachelor's and master's degrees with a major in physical education, will assume his duties as a physical education instructor and teacher.

Because of your special interest in the guidance program since its inception two years ago, I am pleased to report that the services rendered by Miss Chiesa, who heads the department, and Miss Billings, her assistant, is certainly gratifying and beyond my expectations. The proof of its success is best exemplified in the number of pupils who seek the advice of and information from these teachers and the number who have plans to continue their education beyond high school.

Your action of late in making Mrs. Connors, the school nurse, a full time employee, is certainly praiseworthy. Those of us who work with Mrs. Connors know her as an untiring worker and marvel at her accomplishments. To her and Dr. Giangreco, the school doctor, we give recognition for the credit-

able service rendered in safeguarding the health of our school children.

To Dr. McCall, the school dentist, and Dr. Adams, the eye doctor, are we likewise grateful for the service rendered in their respective fields. The school department takes this opportunity to thank Dr. McCall, who reports for duty with the U. S. Navy in January, for his service to our children, and wish for him every success and an early return to us.

At this time the school department extends its thanks to the Salvation Army and the American Red Cross for their financial assistance to the dental clinic. Without such financial help the program could not continue to operate. It is hoped that these local chapters of national foundations will continue to receive your support.

In reporting to you on this year's phase of the long-range plan of repairs to the school building it can be said that all intended repairs have been made. In addition to the installation of town water in the buildings, repairs at the high school included the painting of the cafeteria, hallways, and corridors, and the completion of the water-proofing of the entire building. Work at the Union School consisted of the conversion of a basement room into a classroom and equipping it with school supplies and furniture. The satisfactory condition in which we find our school buildings today is due primarily to Mr. Johnson and Mr. White, both of whom take pride in the care and upkeep of their respective buildings.

As you well know, the one problem that remains unsolved as the year comes to a close is the vexing sewerage situation existing at the high school. It can be reported that all steps, as requested by the State Department of Public Health, have been taken and it is hoped that its solution will be available for the citizens' consideration at the regular town meeting.

In conclusion, I wish to thank the parents, the town's organizations, the town officials and school employees for their co-operation this past year. Grateful indeed, am I to you, the committee members, for the utmost co-operation, consideration and advice continually given me.

Respectfully submitted,

Any and all school functions planned for the evening of any day that school is called off will be cancelled, also.

School Session

Junior-Senior High School—From 8.00 A. M. to 1.34 P. M.

Union School—From 9.00 A. M. to 2.30 P. M.

Age of Admission

Pupils entering the first grade in September 1951, must be five years of age on or before January 1, 1951. In other words, a child entering Grade One next September will have reached his sixth birthday on or before January 1 of the year 1952.

A child reaching the age of five between January 1 and April 1 of 1951 may qualify for admission to the first grade by passing an intelligence test given by the School Department. A parent desirous of having a child take this test should make arrangement with the School Department at least two weeks in advance of the schools' reopening. It is imperative in such a case for the parent to produce a birth certificate at the time of examination.

Vaccination

The state law requires all pupils attending public schools to be vaccinated. Exceptions will be made of a child presenting a certificate signed by a registered physician to the effect that he has personally examined the child and found his physical condition such that his or her health would be endangered by vaccination.

Attendance

Regular attendance is necessary to do satisfactory work. A written excuse from the parent or guardian is required for every absence, tardiness, or dismissal. No pupil is allowed to leave the school during the session without permission from the Principal or Superintendent. Unless the pupil brings with him a written request for dismissal from his parents or guardian, he is permitted to leave only in case of emergency.

Teachers may require pupils to attend the extra afternoon session if it is necessary for success in their work or for discipline.

Report of School Physician

To the Honorable School Committee:

I hereby submit my first report as School Physician.

I have endeavored to uphold the high standards set by my predecessor, the late Dr. Francis A. Robinson, and at the same

time I have instituted what I believe to be valuable additions in order to complete the health program of our schools.

Regular examinations of all students in the alternate grades and of all new students have been completed.

Immunizations against Diphtheria have been given to pre-school and primary grade children. We have instituted special examinations for all students participating in school athletics, in order to uncover any dormant heart or lung condition that will show up only under strain.

We have also instituted regular weekly examination periods for the school children who might need this attention. This custom however had to be discontinued this year because of Mrs. Julia Connors' pressing duties and later on in this report I shall make a recommendation relative to this.

The following recommendations are respectfully submitted:

1. In spite of the general good health of the pupils I was impressed by the presence of an unusually large number of carious teeth amongst the children of the first five grades.
2. The large number of children in all grades who have enlarged pustular tonsils and adenoids.
3. The seeming indifference or lack of co-operation amongst some of the parents, when notified of the presence of head lice on the children, must not be tolerated because of the hazard of contamination to their classmates.
4. The need for a full time school nurse is imperative because of the steadily increasing number of children being admitted to our schools. I recommend that Mrs. Julia Connors be put on a full time basis.
5. I recommend that triple vaccine (Diphtheria, Tetanus and Whooping Cough) be given to pre-school children instead of the plain Diphtheria immunization.

In closing I wish to thank the Superintendent of Schools, the School Committee, the School Nurse, Mrs. Julia Connors, and all the teachers for their invaluable assistance and co-operation.

The above recommendations are made solely to increase

the standards of our school health program and are not intended as criticism.

Yours truly,
ANTHONY C. GIANGRECO

School Physician, M. D.

Report of School Nurse

To the Superintendent of Schools, School Committee:

I hereby submit my report as school nurse for the year 1950.

Regular supervision was given to children's height and weight.

Hearing and vision tests were completed. All children failing the Snellen test were referred to Dr. Sidney Adams, and parents were notified of defects. In addition he completed the examinations of the first three grades.

I assisted Dr. Anthony Giangreco in his physical examinations of all the odd grades and parents and guardians were informed as to defects.

Follow up and periodic checks have been made on all illnesses contracted during the school year and the correction of many defects found on physical examination have been secured.

Close supervision of minor diseases such as Impetigo, Scabies and Pediculosis have reduced those infections to a minimum.

Assisted school physician in Diphtheria Immunization of forty-six pre-school and one hundred six school children.

The school dental clinic was conducted by Dr. Edward McCall of Woburn who made thirty-two visits, and completed two hundred eighty-six fillings, thirty-nine extractions, and two hundred four examinations.

Except for a few cases of whooping cough in the fall, contagious diseases were not prevalent.

I wish to thank the Superintendent of Schools, School Committee, all teachers, and members of the Board for their co-operation.

Respectfully submitted,

JULIA M. CONNORS, R.N.,

School Nurse

Report of Attendance Officer

To Superintendent of Schools, School Committee

I hereby submit my report as Attendance Officer for the year 1950.

Daily contact was made with the school for the names of all absentees.

A number of homes were visited to interview parents as to reasons of absence. Sickness was the reason given in most cases.

Respectfully submitted,

JULIA M. CONNORS

REPORT OF BOARD OF SELECTMEN

To the Citizens of Burlington:

The Board of Selectmen respectfully submit this report for the year 1950.

The Board was organized at its meeting held February 7, 1950, as follows: Chairman, Chester H. Graham; Clerk, Mrs. Alice B. Carpenter.

The following supervisory appointments were made: Superintendent of Streets and Moth Department, George W. Bustead, and Animal Inspector, Ferdinand Pimentel. On December 11, 1950, at the request of the State William H. Fleming was appointed as Civilian Defense Director.

Regular meetings were held on Tuesday evenings and special meetings at the call of the Chairman until Nov. 20, 1950. It was voted that regular meetings were to be held on Monday evenings. We have endeavored to fairly and equally consider each and every problem of town business and affairs brought to our attention by either department heads or the citizens of the town and sincerely appreciate honest and constructive criticism.

We wish, at this time, to thank the various heads for their whole-hearted co-operation and for their many consultations with our Board in the interest of efficient town management.

Respectfully submitted,

CHESTER H. GRAHAM

Police Department Report

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit the report of the Police Department for the year ending December 31, 1950.

As you will notice there have been no fatal accidents in this town for the second consecutive year.

I would recommend that some action be taken in regard to traffic rules and regulations making it easier to enforce laws regarding motor vehicle violations.

I would also recommend that a survey be made in relation to speed limits throughout the town.

The town now maintains a twenty-four (24) hour ambulance service free to residents of the town.

Report of Chief of Fire Department

To the Honorable Board of Selectmen and the Citizens of
Burlington:

I herewith submit my report as Chief of the Fire Department and Forest Warden for the year 1950.

This Department answered 143 calls as follows:

39 Brush and Woodland

- 29 Grass
- 14 Rubbish and Dumps
- 11 Ambulance, Resuscitator, etc.
- 9 Buildings
- 5 Oil Burners
- 5 Out of Town
- 4 Lumber
- 4 Chimney
- 4 Tree
- 4 Needless
- 2 Automobile
- 2 Truck
- 2 Gasoline Loaders
- 2 Spilled Gasoline
- 2 Refrigerator
- 1 Gasoline Shovel
- 1 Overheated Furnace
- 1 Electric Meter
- 1 Leaking Gas
- 1 Bridge Construction

The following equipment was used:

- 3,600 feet of 2½ inch Hose
- 13,750 feet of 1½ inch Hose
- 6,950 feet of ¾ inch Hose
- 142 feet of Ladders
- 22,500 gallons of water from Booster Tanks
- Pumps Operated 41 hours

Three pieces of out of town apparatus were called in to help this department.

235 acres of Brush, Grass and Woodland were burned over.

Value of Property involved by fire	\$124,500.00
Loss to Property involved by fire	3,125.00

The condition of the apparatus is as follows:

Engine 1, 1942 Dodge: In good condition.

Engine 2, 1930 Ford: In poor condition. I explained the condition of this truck last year and also requested that it be replaced, but nothing was done about it. Now world conditions make it appear that we are facing a period that seems as though it would be very poor policy to enter with obsolete equipment. So therefore I am inserting an article in the annual warrant to purchase a new truck to replace this one.

Engine 3, 1948 Dodge: In good condition.

Engine 4, 1934 Ford: In fair condition.

I would like to again call your attention to the necessity of having house numbers. I mentioned this condition in my 1948 report and since that time I have taken it up with various branches of the Town Government, but as yet I see no results. I sincerely hope that this situation is cleared up before some serious accident happens. In order to get things moving towards proper house numbers I am inserting an article in the annual warrant.

At this time I would like to thank everyone who assisted us during the past year.

Respectfully submitted,

DAVID W. SKELTON,

Chief, Fire Department and Forest Warden.

Report of Department of Civil Defense

To the Honorable Board of Selectmen:

Subject: Annual Report

1—Following report of the Department of Civil Defense is submitted:

2—By direction of Executive orders Nos. 1 and 2, Commonwealth of Massachusetts, the undersigned was appointed Director of Civil Defense by the Board of Selectmen, September 18th, 1950, and said appointment was confirmed by his Excellency, Governor Paul A. Dever, September 29th, 1950.

3—Organization work was started at once and approximately 300 citizens in the Town have now enrolled for Civil Defense work.

4—At a Special Town Meeting, December 27th, 1950, a By-Law, setting up a Department of Civil Defense, under provision of, and in compliance with Chapter 639, Acts of 1950, Commonwealth of Massachusetts, was adopted, and made a part of the By-laws of the Town of Burlington.

5—Under the provisions of said new By-law, the following Assistants have been appointed by the Director:

DEPUTY DIRECTOR

Mr. Robert A. Burns, Jr., First Assistant and in charge of Communication.

ASSISTANT DIRECTORS

Medical and Health: Dr. Anthony C. Giangreco, M. D.

Civilian War Aid: Mrs. Georgiana Nelson.

Police and Air Craft Observation: Mr. Malcolm J. MacEachern.

Fire and Air Raid Warning: Mr. David W. Skelton.

Rescue, Transportation and Evacuation: Mr. Thomas Murray.

6—Great assistance has been rendered by the school children in the town in distributing Civil Defense literature and enrollment application blanks, and special thanks is due the Superintendent of Schools, Mr. Jerome J. Lynch and his staff of teachers for their assistance.

Respectfully submitted,

W. H. FLEMING,

Director

Report of Moth Superintendent

To the Honorable Board of Selectmen:

Sprayed the entire town last year with good results.

Found quite a lot of trees infested with "Elm Beetle."

I would recommend that the town raise as a separate appropriation sufficient funds to cover the cost of pruning and destroying all existing dead wood in the town elms as this is now the duty of the Moth Superintendent.

Respectfully submitted,

GEORGE W. BUSTEAD,

Moth Superintendent

Report of Inspector of Buildings

To the Honorable Board of Selectmen:

I herewith submit my report for the year ending December 31st, 1950, as Inspector of Buildings.

During the year 168 permits were issued for construction to be completed at an estimated cost of \$584,850.00.

There were 89 permits for new homes at an estimated cost of \$507,500.00; new additions at \$14,650.00 and the balance \$62,700.00 for business buildings, garages, storage buildings, and poultry houses.

Respectfully submitted,

MELVIN A. DUNHAM, Building Inspector.

Report of Sealer of Weights and Measures

To the Honorable Board of Selectmen:

I herewith submit my report as Sealer of Weights and

Measures for the year ending December 31, 1950.

Gasoline pumps—44 sealed

Scales over 100 lbs.—1 sealed

Scales under 100 lbs—31 sealed

2 gasoline meters adjusted.

Respectfully submitted,

MELVIN A. DUNHAM,

Sealer of Weights and Measures.

Report of Librarian

To the Honorable Board of Selectmen:

I herewith submit my report as Librarian for the year ending December 31st, 1950. The total number of books listed at the Library at the present time is 7,363.

Number of books purchased during year—72.

Number of books loaned during year—2,386.

Number of children's books loaned—875.

Number of books loaned each month as follows:

January 190; February 175; March 197; April 241; May 192; June 255; July 221; August 277; September 198; October 135; November 147; December 148.

Several books have been donated to the Library by our readers and we are always appreciative of these gifts. All books are now loaned on a 2 weeks basis and we urge all readers to return books promptly.

We now receive 2 Western stories each month in addition to the 2 Junior Guild books for younger people.

Many of our pupils have taken advantage of the books loaned by The Board of Education. These are all non-fiction books which we do not have on our own shelves but may be borrowed through your local Librarian.

This past fall the furnace was completely overhauled and repairs made and as a result we have much better heat than in 1949.

Library hours are: Tuesday, 7.00 to 9.00 P. M.; Wednesday, 2.00 to 5.00 and 7.00 to 9.00 P. M.; Saturday, 2.00 to 5.00 and 7.00 to 9.00 P. M.

Respectfully submitted,

LOTTA R. DUNHAM, Librarian.

Report of Tree Warden

To the Honorable Board of Selectmen:

I hereby submit my report as Tree Warden for the year of 1950.

The appropriation for 1950 was spent mostly on the removal of dead and dying limbs and trees overhanging the streets.

I would recommend a larger appropriation this year to help in checking the spread of the Dutch Elm disease which is making great headway all over New England. This disease has already been reported in Woburn and Billerica.

Respectfully submitted,

RALPH E. KNOWLES, Tree Warden.

Report of Inspector of Wires

To the Honorable Board of Selectmen:

I herewith submit my report as Inspector of Wires for the year ending December 31, 1950.

There were 92 Permits Issued for new Electric Wire Insulations, 86 of which have been Inspected and Approved up to this date.

Respectfully submitted,

WILBUR FRIZZELL, Inspector of Wires.

Report of Inspector of Animals

Cambridge Street, Burlington, Mass.

December 23, 1950.

Board of Selectmen

Town Hall, Burlington, Mass.

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit my report as Animal Inspector for the year 1950.

Number of dogs quarantined — 24. I found no rabies.

I inspected the cattle and found them in good condition.

On my initial inspection tour in April, I found some of the piggeries in poor condition. After a series of calls, conditions improved. On my last inspection, I found the piggeries in good condition.

Respectfully submitted,

FERDINAND PIMENTEL, Inspector of Animals.

REPORT OF BOARD OF HEALTH

To the Citizens of Burlington:

We hereby submit the annual report of the Board of Health for the year ending December 31, 1950.

Joseph L. Foster was appointed Inspector of Slaughtering for the year 1950.

Under the provisions of Chapter 75, Section 52, the following cases of communicable diseases were reported during 1950. Poliomyelitis 1, Chicken Pox 1, Dog Bite 6, Measles 3.

We are grateful for the co-operation and advice given the Board during the year by Dr. A. Giangreco, School Physician, and Mrs. Julia Connors, R. N., School Nurse.

Respectfully submitted,

CHESTER H. GRAHAM
ARTHUR W. NICHOLS
HORACE B. SKELTON

Mrs. James Kelly	Lot 340
Edwin Hansen	Lot 359
Edward Florek	Single Grave 98
William Verville	Lots 90-91
Alice Duncan	Single Grave 338
Francis Bucknam	Lot 370

Work on Perpetual Care Lots has been done as follows:

Labor	\$259.20
Loam	\$ 24.00
Flowers	\$ 25.25
Total	\$308.45

There were twenty-two interments.

During the year it was necessary to increase the charge for Interments in Chestnut Hill Cemetery.

Superintendent Winn has kept our cemetery in excellent condition during the past year in spite of all the dry weather.

It seemes advisable to raise the superintendent's wages, extend our water system, and purchase a power lawn mower. These improvements necessitate our request for an appropriation of \$4,200.00 for the ensuing year.

Respectfully submitted,

DAVID W. SKELTON, Chairman

REPORT OF PARK COMMISSIONERS

To the Citizens of the Town of Burlington:

We herewith submit our report for the year ending December 31, 1950.

During the past year we had an addition made to the tool shed to store swings and slide equipment which we have added to that purchased in 1949, also new power mower which was purchased during the month of December.

Plans are being drawn to be submitted to the Simonds Trustees, for their approval, for the erection of a suitable entrance to the park.

An application for water for the Park has been placed with the Burlington Water District.

General maintenance of the Park was taken care of by the Superintendent, Henry Jackson.

The Board wishes to take this opportunity to thank all who co-operated in any way to help carry on the work in Simonds Park during the year.

Respectfully submitted,

CLARENCE I. MacDORMAN,

ERIC S. CARLBERG,

AUGUSTUS N. BERTHIAUME,

Park Commissioners.

REPORT OF TAX COLLECTOR

To the Citizens of Burlington:

The Tax Collector's department is a growing unit of your Town government. It cannot help but be such in a growing community. For this reason the collector has insisted on doing his collecting in a public place, in this instance, the Town Hall, the only public building available. This is believed to be to the advantage of both the townspeople and the collector. Present conditions here however are not conducive to good tax collecting. Since all Town Departments must use the only two rooms available for office space, no provision has been made for the collecting of money, there is very little privacy of both person and records, and conflicts are bound to occur. Therefore the collector hopes that in any plans made or contemplated for the construction of new office space, the collector's department be given, if not primary consideration, at least honorable

mention. The proper collection of taxes is of primary importance to any community.

It is to be noted that the following report does not cover the fiscal year but only the months of March through December inclusive. Collections made during the first two months of the year will be found elsewhere.

REPORT OF MIDDLESEX COUNTY EXTENSION SERVICE FOR TOWN OF BURLINGTON

Much of the organized programs conducted by the Middlesex County Extension Service are planned on a county basis with these programs available to every town in the county. Organized projects such as mastitis or Green Pastures for dairy-men; flock health for the poultrymen; clothing and food for the homemakers of the various 4-H Club programs for boys and girls, are brought to the individual farmers or homemakers in a general way through the County Bulletin, radio, newspaper publicity, meetings or through correspondence and farm and home visits. In addition to this general work of the Extension Service, work in each town is developed under the guidance of the town director and the local groups interested in agriculture, homemaking and Boys' and Girls' 4-H Club work.

Burlington along with Woburn has developed into the center of the vegetable industry in Middlesex County. Commercial vegetable growers were assisted in their production problems which had to do with spray information, fertilization and harvesting.

The Extension Service worked with poultrymen on virtually every aspect of poultry farming during the year. With "effi-

ciency" the watchword, attention was given to the Poultry Farm Account Program, through which poultrymen are assisted with their farm records. Turkey Marketing Tour held for the county's turkey growers in August featured a visit to the farm of Lincoln Brogi. Mr. Brogi is a member of the Poultry Farm Account Program. Several poultrymen were assisted with flock health problems. Through the Quality Egg and Turkey Marketing Programs, poultrymen and turkey growers have been helped in improving their marketing facilities and practices. The country-wide Middlesex Turkey and Poultry Trade Show was held in Concord on October 11 and 12, with features both for producers and consumers. The Extension Service co-operated with the rabbit breeders of the county in forming an association, which is to be known as the Middlesex Commercial Rabbit Association and meets monthly at the Extension Office.

There were seventy-two boys and girls enrolled in agricultural and home economics 4-H projects. The 4-H Town Chairman was Selwyn Graham. 4-H leaders included Mrs. Alice Sloan, Mrs. Evelyn Wittholn, Mrs. George Galinos, Mrs. Virginia Ferrante, Mrs. Allen Sargent, Robert Burns, Mrs. Edna Ramsdell, John Buttrick, Herbert Crawford, and Edmund Kindred. John Buttrick, Jr., and James Day, Jr., were winners of garden medals for their 4-H project. The Simplicity Wardrobe was shown at the High School in the spring and modeled by 4-H girls. Leaders and 4-H members in Burlington co-operated in selling cookies for the benefit of Camp Middlesex.

REPORT OF TELEPHONE COMMITTEE

To the Citizens of the Town of Burlington:

The final meeting of the Investigating Committee appointed by the Moderator at a Special Town Meeting held July 31, 1950, was held January 10, 1951, in conjunction with the Telephone Company representatives headed by E. R. Jackson, District Manager, assisted by H. Loring, Jr.; F. E. Hanson; K. S. Schwindell; S. D. Smith; C. S. Mason, S. M. Sweet and R. W. Brooks, each of whom was a specialist in his particular department.

We were conducted through the local dial station and were familiarized with the intricacies of our local dial station noting particularly the precautions that have been taken to assure continuous and uninterrupted service under ordinary circumstances.

It was also described to us how much of the supposed mechanical defects of the telephone system could be human errors, such as wrong dialing and leaving phones off the hook on party lines. We were firmly assured by all members of the telephone company that our dial station is far from being an obsolete experimental station and that it is constantly being improved with the latest equipment available for this type of station.

After a month's study of the questions presented by us to the Telephone Company at our first joint meeting the Telephone Company offered the following:

1. Relative to insufficient trunk lines in and out of Burlington which resulted in difficulty getting calls in and out of Burlington:

(a) The Telephone Company is going to convert one (1) two-way trunk line to an outgoing trunk line.

(b) To install four (4) new outgoing trunk lines within three weeks with a system to balance the ratio of incoming and outgoing calls when necessary.

2. Relative to direct line between Billerica and Burlington Fire stations for mutual protection:

Mr. Jackson plans to confer with the Fire Department regarding mutual fire protection of the two towns.

3. Relative to lowest rates between Burlington and Billerica and Wilmington:

It was advised that from Engineering experience and actual count it was not practical as it would necessitate increasing the basic rate of all 600 subscribers in town to accommodate approximately 44 subscribers who make a total of 600 calls per month to Billerica and 300 calls per month to Wilmington.

4. Relative to no dial tone when trying to call another party:

Exhaustive tests were made at the station and all mechanical defects were corrected. There is now in progress a further survey with house to house inspection.

5. Relative to changing subscribers at end of Wilmington Road from the Wilmington exchange to the Burlington exchange:

A survey will be made and if a majority of the 24 subscribers want the change a grant of \$5,300.00 will be requested by the Telephone Company from their budget to complete this change.

6. Relative to a separate Burlington directory:

Mr. Jackson promised that one in a cardboard folder form will be issued at no additional cost and that we will still retain our listings in the Metropolitan Directory.

7. Relative to an alternate trunk line in and out of Burlington so that any interruption in the Woburn trunk lines will not interfere with our service.

Mr. Jackson said that it was being considered very seriously for our community, as well as several others, as an emergency measure in co-operation with the Civilian Defense Program.

8. Relative to capacity of present Burlington station to care for increased demand for telephone service.

Burlington service has increased from six subscribers in 1902 to six hundred in 1951 and our station is adequate to care for a total of 1,600 subscribers, providing financial and equipment shortages are discounted. As of this meeting there was one waiting for new service and seventy-five waiting for private lines. The latter will take longer to satisfy because of the aforementioned financial and equipment shortages.

9. Relative to doing all business transactions with Lowell office rather than Woburn or Boston:

Mr. Jackson stated that although Lowell is our home business office we should get the same service by reporting to any business office.

In co-operation for better service the Telephone Company suggests the following:

1. Report all telephone troubles to the Supervisor, immediately.
2. Use care in dialing.
3. Read instructions to Burlington Customers on first page of telephone directory.

Respectfully submitted,

FRANK W. WELCH, Chairman.

JOSEPH G. SMITH.

WILLIAM L. SLOAN.

LLOYD G. ULSON.

ALEXANDER G. TURNBULL.

INSPECTOR OF SLAUGHTERING REPORT

Burlington, January 1, 1951.

To the Honorable Board of Health:

I have examined the carcasses of 2,540 swine slaughtered during the past year in this town. I have condemned 172 as unfit for food, which were disposed of as the law requires.

Also I have made regular monthly returns to the State Board of Health as required by statute.

Respectfully submitted,

JOSEPH L. FOSTER, Inspector of Slaughtering.

WARRANT FOR ANNUAL TOWN MEETING

Monday, February 5, 1951

The Commonwealth of Massachusetts Middlesex, ss.
To either of the Constables of the Town of Burlington in the
County of Middlesex: Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Town on Monday, the fifth day of February next, at 10.00 o'clock in the forenoon, then and there to act on the following articles:

Article 1. To choose all necessary Town Officers on one ballot, namely: Moderator for one year, one Selectman for three years, one member of the School Committee for three years, one member of the Board of Public Welfare for three years, one Assessor for three years, one Park Commissioner for three years, one Treasurer for one year, one Library Trustee for three years, one Tax Collector for one year, one First Constable for one year, one Second Constable for one year, one Cemetery Commissioner for three years, one member of the Planning Board for five years, one member of the Planning Board for one year to fill vacancy, and one Tree Warden for one year.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1951, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4. To see what sums the Town will raise by taxation or otherwise to pay Town debts, charges, and fix the compensation of the elective Town Offices for the ensuing year and to appropriate the same.

Article 5. To see if the Town will authorize the Selectmen to petition the State Department of Public Works for aid

for general highway purposes under Section 26-29, Chapter 81, of the General Laws and Amendments thereof, or do or act anything in relation to the same.

Article 6. To see if the Town will vote to transfer from unappropriated available funds in the Treasury a sum of money for Chapter 81 and Chapter 90 Highways, or take any action in relation thereto.

Article 7. To see if the Town will vote to accept from the Trustees under the will of Marshall Simonds the sum of not more than Two Thousand Five Hundred Dollars, to be spent under the direction of the Park Commissioners for the improvement of Simonds Park, or do or act anything in relation to the same.

Article 8. To see if the Town will transfer from unappropriated available funds in the Treasury, a sum of money to purchase and equip a cruising car for the Police Department, the value of the present car to be applied as part of the purchase price, or do or act anything in relation to the same.

Article 9. To see if the Town will authorize the Board of Selectmen to petition the State Department of Public Works and the Middlesex County Commissioners for the re-construction of Peach Orchard Road in accordance with Chapter 90 of the General Laws and Amendments thereof, or do or act anything in relation to the same.

Article 10. To see if the Town will authorize the payment of bills incurred during 1950 in the amounts of \$1.20, Machinery Account; \$114.00, Snow and Ice Account as listed with the Town Accountant, said bills to be paid out of the 1951 appropriations for the several departments, or do or act anything in relation to the same.

Article 11. To see if the Town will vote to raise and appropriate a sum of \$318.20 for payment of bills incurred during 1950 by the High School Athletic Program in the amounts of \$181.70, Class of 1950-1951, for payment of Arrow System reconditioning of football equipment bill; \$52.50, Class of 1951-1952, for payment of Lull & Hartford bill for 15 Hood Shirts; \$84.00, William A. Bustead Estate for transporting football team during Fall of 1950, or do or act anything in relation to the same.

Article 12. To see if the Town will vote to authorize the Board of Selectmen to appoint a Committee of three, consisting of an Architect, a Builder, and one other to investigate the possibility of adding to the Town Hall for the purpose of creating needed office space, to draw up plans and estimates of costs of such a project and submit a complete report at the next Special Town Meeting, or to do or act anything in relation to the same.

Article 13. To see if the Town will appropriate the sum of \$200.00, providing Article 12 is approved, for expenses of the Committee to be appointed and to be spent under the direction of said Committee, or do or act anything in relation to the same.

PROCEEDINGS AT SPECIAL TOWN MEETING

March 12, 1951

The Moderator called the assembly at 8.25 P. M. and announced that there was a quorum in the hall—at that time to the number of 129.

At this time it was voted that the adjourned town meeting be dissolved, on motion made and seconded.

The Moderator proceeded with Article 1 of the Special Town Meeting:

Article 1. It was voted that the Town raise and appropriate the sum of \$318.20 for payment of bills incurred during 1950 by the High School Athletic Program in the amounts of \$181.70, Class of 1950-1951, for payment of Arrow System re-

conditioning of football equipment bill; \$52.50, Class of 1951-1952 for payment of Lull & Hartford bill for 15 Hood Shirts; \$84.00, William A. Bustead Estate for transporting football team during Fall of 1950, same to be spent under the direction of the School Committee.

Article 2. Motion made and seconded that the town vote to authorize the Board of Selectmen to appoint a Committee of three, consisting of an Architect, a Builder and one other to investigate the possibility of adding to the Town Hall for the purpose of creating needed office space, to draw up plans and estimates of costs of such a project and submit a complete report at the next Special Town Meeting. An amendment was made to read that a member of all elective boards who meet at the Town Hall be empowered to act as a Committee to hire an Architect to draw up plans and estimates of costs of such a project and that each Board elect one of their members so to act, and bring in estimates and recommendations at the next Special Town Meeting. The amendment was carried.

Article 3. (To see if the town will appropriate the sum of \$200.00, providing Article 2 is approved). A motion was made and seconded that this article be dismissed. So voted.

Article 4. Voted that the Town raise and appropriate the sum of \$200.00 to repair the town barn, the same to be spent under the direction of the Selectmen.

Article 5. Voted that the town raise and appropriate the sum of \$150.00 to paint the Fire Station, to be spent under the direction of the Selectmen.

Article 6. Voted that the town accept Sylvester Road.

Article 7. Motion was made to dismiss Article 7, pertaining to the town taking any action toward numbering homes, lots, etc., and to raise and appropriate any money necessary for the same. After it was explained to the maker of the motion that this article appeared on a former warrant, the same was withdrawn. A new motion was made that a committee of three be appointed to investigate the cost of same and report at the next Special Town Meeting. It was so voted.

Article 8. It was voted that the Town raise and appropriate the sum of \$500.00 to be spent under the direction of the School Committee, for the purpose of studying and finding a solution to the existing sewerage problem at the High School.

Article 9. Motion was made and seconded that the Town vote to abandon all rights to and in an easement now used as a Public Way, across the land of The Church of Christ in Burlington, Mass., Inc., on the westerly side of the church building and connecting Lexington Street and Bedford Street and the Selectmen be instructed to take any necessary action. It was so voted.

Article 10. It was voted that the Town transfer the sum of \$4,000.00 from unappropriated available funds in the Treasury to purchase a new truck chassis and the necessary materials and equipment to replace Engine 2 of the Fire Department, the same to be spent under the direction of the Fire Chief, with the approval of the Selectmen.

Article 11. Motion was made and seconded that the Town raise and appropriate the sum of \$100.00 for the expenses of the Burlington Industrial Committee, the same to be spent under the direction of the Committee. It was so voted.

Article 12. A motion was made and seconded that Article 12 be accepted and changed from Residence "B" Zone to a Business Zone—the land of George E. Leet at the junction of Cambridge Street and County Road, as shown more fully on plan on file with the Town Clerk. There was considerable discussion on this article and another motion was made to have the article dismissed. The tellers as appointed to count the vote were as follows: Allan F. Cronin, Warren R. Reed, Chester C. MacDonald and Herman D. Graham. Those in favor 40, those opposed 89. The count was on the original motion, yes, 79; those opposed 58. Motion lost.

Article 13. Motion was made that the Town accept the following By-Law that a two-thirds vote of an annual or a special town meeting shall be necessary before a permit may be granted for any of the following: Chemical Factory, Fireworks or Explosive Factory, Rendering House, Public or Private Dump, Cemetery, or Public Stockyards. An amendment was made that a Public Incinerator be added to this motion, also Sand Pits, Gravel, Loam and Slaughter Houses. The Moderator did not entertain these amendments. A vote was taken verbally and the Moderator decided that it was a definite vote in favor of same. However, after Article 14 was dispensed with the Moderator was asked to refer back to Article 13 and take a

two-thirds vote on the same. The Tellers counted those in favor of the original By-Law as 152, those opposed, 5. So voted.

Article 14. (To amend the amendment of Article 1 of the By-Laws with reference to a quorum by striking out the word 100 and inserting the word 60). Motion was made and seconded that this article be dismissed. Yes, 70; no, 80. Vote on the original motion, yes, 93; no, 56. Two-thirds vote being required. Not carried

Article 15. (Regarding franchise to Burlington Gas Corp. to sell gas under Massachusetts Department of Public Utilities.) Motion made to see if the Town will grant to Burlington Gas Corporation a franchise to sell Gas under Massachusetts Department of Public Utilities, and under the direction of the Board of Selectmen of Burlington. The Moderator was asked to have a count vote. Those in favor, 31; those opposed, 117. The motion was lost.

The meeting was dissolved at 10.20 P. M.

MAUD S. GRAHAM, Town Clerk.

WARRANT FOR SPECIAL TOWN MEETING

Tuesday, April 3, 1951

The Commonwealth of Massachusetts Middlesex, ss.
To either of the Constables of the Town of Burlington in the
County of Middlesex: Greetings:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Town on Tuesday, the third day of April next, at 8.15 o'clock in the afternoon, then and there to act on the following articles:

Article 1. To see if the Town will vote to place the following question on a printed ballot to be voted on in the same manner as the election of the Town Officers at a date and time to be determined by the voters; or do or act anything in relation to same including a vote by use of a ballot, check list, voting booths and ballot box on the article at this meeting.

"Shall the Town grant a permit for burial purposes to the Hellenic Association, also known as the Greek Orthodox Cathedral of New England, a religious corporation duly organized

PROCEEDINGS AT SPECIAL TOWN MEETING

Tuesday, April 3, 1951

The meeting was called to order by the Moderator at 8.25 P. M., as there was no doubt in his mind but that there was a quorum in the hall. There were 419 checked by the officers at the door. The Clerk read the warrant for the meeting with the Constable's return for same.

The Moderator explained to the voters that they were assembled for the purpose of determining whether or not they would vote to place the following question on a printed ballot to be voted on in the same manner as the election of the Town Officers at a date and time to be determined by the voters, or do or act anything in relation to the same including a vote by use of a ballot, check lists, voting booths and ballot box on the article at this meeting.

"Shall the Town grant a permit for burial purposes to the Hellenic Association, also known as the Greek Orthodox Cathedral of New England, a religious corporation duly organized under the laws of the Commonwealth of Massachusetts, to be used in conjunction with a chapel on land, located five hundred (500) feet back of Wilmington Road and extending to one thousand (1000) feet from Mill Street all as more fully shown on plans on file with the Town Clerk." Yes No

At this time a motion was made and seconded that we proceed to vote now in the lower Town Hall on the question as set forth in Article 1 in the warrant, using a printed ballot containing the question, and using the voting booths, check lists, and ballot box.

There was some discussion on the matter and the voice vote on same, which was doubted by the Moderator, was followed by the appointment of tellers, Evilo McGinnis, Alice Carpenter, Warren R. Reed, Chester C. MacDonald, John O. H. Peterson and William L. Nelson, to count same.

The vote as counted was as follows: Those in favor, 290; those opposed, 115.

The Moderator announced the result of the vote as being in the majority and the voters adjourned to the lower hall to ballot. At 9.00 P. M. the polls were declared open by the Mod-

erator and the balloting continued approximately until 10.30 P. M. when the Moderator closed the polls, after inquiring if all who wished to vote had done so. The ballot box jammed several times in the course of the evening and the ballot box was at 453 when the balloting was concluded.

The ballots were taken from the ballot box by the Moderator, Town Clerk and Election of Officers and same were canvassed and counted by the following clerks: Evilo McGinnis, John O. H. Peterson, Alice Carpenter, Chester C. MacDonald, Joseph L. Foster, Georgiana Nelson, Ann Sullivan, Mildred Swanson, Marian Howard and Vora Merrigan.

The result of the vote follows as announced by the Town Clerk:

Yes	251
No	192
Blanks	1

The total number of ballots cast, 444.

Immediately after the results were read the vote was protested as illegal by Mr. Ward, who wanted the ballots impounded in case of a recount. The ballots were impounded for the night in the cell at the Town Hall by the Chief of Police, Malcolm J. MacEacheren, and the next morning they were taken to the Woburn National Bank by the Town Clerk, Chief MacEacheren and Police Officer Elmer E. Gurney, to be impounded until such time as it is deemed necessary to remove them.

Meeting was adjourned at 11.30 P. M.

PROCEEDINGS AT SPECIAL TOWN MEETING

Friday, July 20, 1951

Meeting called to order at 8.27 P.M. by the Moderator and as there was not a quorum present — only 62 — the meeting was adjourned by the Moderator until Monday evening, July 30, 1951, at 8.15 P.M.

MAUD S. GRAHAM, Town Clerk.

PROCEEDINGS AT ADJOURNED SPECIAL TOWN MEETING — July 30, 1951

Meeting called to order at 8.28 P.M. by the Moderator and minutes of the July 20th meeting were read and the Constable's return, by the Clerk. Each article was taken up as read by the Moderator.

Article 1. It was unanimously voted that the town confirm the vote accepting from the Trustees under the will of Marshall Simonds, the sum of \$2,500.00 to be spent under the direction of the Park Commissioners with the approval of the Simonds Trustees.

Article 2. It was voted that the town transfer \$1,700.00 from the Machinery Fund Account to the Machinery Account, the same to be spent under the direction of the Board of Selectmen.

Article 3. It was voted that the town raise and appropriate \$1,000.00 for the Legal Account, the same to be spent under the direction of the Board of Selectmen.

Article 4. Acceptance of Streets, Rahway Rd., Pine Ave., Kenmore Ave., Fairfax Street and Elm Ave. Unanimously voted that the town accept these streets named in the order they are written on the warrant.

Article 5. Unanimously voted that the town transfer from the Excess and Deficiency Account the sum of \$3,000.00 to be spent for construction and improvement of the streets accepted under article 4 and also for those streets accepted by the town in 1950 and 1951, the same to be spent under the direction of the Board of Selectmen.

Article 6. Motion was made and seconded that the town vote to transfer from the Excess and Deficiency Account, the sum of \$10,000.00 to improve the sewerage system at the High School, the same to be spent under the direction of the School Committee. Mr. Fogelberg very ably explained the situation to the assembly. At this time an amendment was made and seconded that the School Committee, Selectmen and Superintendent of Highways form a committee and go over this matter and report back to the annual town meeting. After some discussion this motion was withdrawn by the maker of the same. The vote was on the original motion and it was unanimously voted.

Article 7. (Report of Special Building Committee). Mr. Fogelberg read the report of the Special Building Committee. The report was accepted as given.

REPORT OF SPECIAL BUILDING COMMITTEE

The Committee appointed and instructed at the last Adjourned Town Meeting to look into the prospect of providing needed office space for the various Town Officers met a total of seven times in the last few months in an effort to arrive at a solution felt to be in the best interests of the Town. The Committee consisted of Mr. Arthur Nichols, Selectman; Mr. Morris DeMone, Welfare, Chairman; Mr. Chester MacDonald, Assessor; Mr. John Fogelberg, Tax Collector, and Mr. Ralph MacDonald, Finance Committee and Planning Board.

The Committee discussed the possibility of putting offices in the present banquet hall. This was felt to be unfeasable. The chill from a below ground level cement floor would prove to be an unhealthy and unpleasant place to work. The ventilation would be unusually bad and the lighting would be one of artificial light for all offices except one corner one at all hours.

The Committee also discussed the possibility of using the present upper hall for office space. This was also felt to be a poor solution. First of all it would eliminate the hall as the only available public meeting place in the Town. It would leave the huge areas of stage and balcony as unused space, eating up its share of the heating costs and becoming collection centers with undesirable fire hazard possibilities. The height to the ceiling is another feature which would have to be overcome in some manner to make any offices in this hall suitable for the work intended to be done here.

The question of building on to the Town Hall itself a small nucleus of offices where all the administration of the Town in the future could take place with the exception of the Police Department was next approached as a solution. The first architect called upon for advice was a Mr. Arthur S. Huddell of the firm of Edmund A. Leeds, Associates. He presented plans at a subsequent meeting and estimated the cost of such a project to be between \$25,000 and \$30,000. Later he informed the Committee that he had made an error in his estimations and the cost would be something like \$48,000 to \$51,000. The Committee looked around for another architect.

The Committee next contacted a Mr. Arthur Manaselian, Architect, who had completed among other things, successful

housing projects in Woburn and Arlington. The first fellow had concentrated on a three-story addition; this fellow was to concern himself with a two-story addition which the Committee felt to be sufficient.

The full Committee met with Mr. Manaselian on June 18th, at which time he informed them that a two-story addition to the present Town Hall, approximately 34 x 39 feet, with an estimated 30,000 cubic feet could be built for \$37,500; the walls to be of 8 inch cinder block and stuccoed to blend with the present building. Three offices would be provided on each floor with a vault for the Board of Assessors, and modern toilet facilities added for the present Hall.

The Committee fully realizes that this is only one solution. There may be others which would have more to offer. And the amount of money involved is a large amount for this Town to spend at any time. The Committee is also not unmindful of the fact that the school problem will undoubtedly become acute in another year's time and the Town will be faced with the prospect of being forced to build another school building to accommodate an increased population. However, this very increase in population is bringing with it increases in assessed valuation which it is hoped will offset needed expenditures.

The Board of Welfare must have a room with a full time employee by July of 1952. Since this is mandatory the State is willing to help defray the cost of that one office. The Board of Assessors and the Tax Collector need room now — badly. The records of the Town Clerk are now so numerous that it will only be a matter of time when she, too, will be forced to ask for office space here. The local office of Civilian Defense needs office room and will for some time to come. The space devoted now to the Police Department is definitely inadequate and its proximity to the Welfare room and the Selectmen's room makes both these rooms at times unfit for any public business at all.

Assurance has been given by Mr. Long's office that should the Town decide to build, he will allow \$16,000 to be transferred from E and D to be used against the cost thereof; the remainder to be raised on a short seven year bond issue. This should not increase the Tax Rate by more than one dollar — if that. The State will reimburse the Town for part of the cost

of one office. And it is to be noted that the figure of \$37,500 is an architect's estimate, not a contractor's figure and a contractor's bid could be well under that price.

MAURICE J. DeMONE.

ARTHUR W. NICHOLS.

RALPH R. MacDONALD.

CHESTER C. MacDONALD.

JOHN E. FOGELBERG.

Article 8. Mr. Nichols wanted vote on Article 8 delayed until the people had a chance to see the plan of construction of an addition to the Town Hall. Motion was made that the Town vote to raise and appropriate \$37,500.00 for the purpose of constructing an addition to the Town Hall Building, approximately in accordance with plans submitted by a special building committee appointed at the annual town meeting in the current year, and to meet said appropriation that \$16,500 be transferred from surplus revenue, and that the treasurer, with the approval of the Selectmen be and hereby is authorized to borrow \$21,000 and issue bonds or notes of the town therefor, payable in not more than seven years, in accordance with the provisions of Chapter 44, General Laws. The special building committee appointed at the annual town meeting are hereby authorized to enter into contracts and to do all things that are necessary for constructing the addition. An amendment was made to this motion that \$2,000.00 additional be added to read \$39,500.00 for remodeling the police station consisting of three (3) offices presently being used by the Police Department, Welfare Department and the Selectmen.

A substitute motion was made that this article be referred back to the committee for further study. So voted.

Article 9. Voted that the Town raise and appropriate the sum of \$300.00 for the Assessors' expense account, the same to be spent under the direction of the Board of Assessors.

Article 10. To see if the Town will vote to re-zone land of Realty Development Co., Inc., from residential "B" to industrial district, two lots of land, all as more fully shown on plans on file with the Town Clerk, or do or act anything in relation to the same. Said parcels are located, the one consisting of sixty acres more or less at Lexington Street and Blanchard Road, the other located between Middlesex Turnpike and Lexington

Street, consisting of forty acres more or less. This article was unanimously disapproved of by the Planning Board. At this time tellers were appointed to count the vote: Georgiana Nelson, Alice Carpenter, David Brown and Charles Russo. Those in favor, 6; those opposed, 77. A motion was made at this time to reconsider the article — a substitute motion was offered that this be dismissed.

Article 11. Motion was made that the Town vote to re-zone land of Turnpike Realty Company, Inc., from residential "B" to a business district, the land at Cambridge Street and Mountain Road, consisting of approximately eighteen acres, all as more fully shown on a plan filed with the Town Clerk. The tellers again took a count vote; those in favor, 29; those opposed, 54. The motion was lost.

Article 12. It was unanimously voted that the Town re-zone from residential "B" to a business zone district the land of William Winn on the easterly side of Cambridge Street, having a frontage of two hundred fifty-seven and seven-tenths feet and an area of approximately two acres — land more fully shown on plan filed with the Town Clerk. Those in favor, 115; those opposed, none. Unanimously approved by the Planning Board.

Article 13. Voted that the town re-zone from residential "A" to an industrial district the land on Cambridge Street of six hundred and seventy-eight feet more or less, an area of approximately eighteen acres, the property of Edward G. Boyle and John A. Akeson, all as more fully shown on a plan filed with the Town Clerk. Those in favor, 109; those opposed, 5.

Article 14. It was unanimously voted that the town raise and appropriate the sum of \$1,500 to extend the newly constructed sidewalk on Winn Street to the intersection of Mountain Road and Winn Street.

Motion made to adjourn. Meeting adjourned at 10.05 P.M.

MAUD S. GRAHAM, Town Clerk.

REPORT OF THE SCHOOL COMMITTEE

Citizens of Burlington:

It is with pleasure that we report to you on the fine educational program that the Burlington Public School System, under the capable direction of our superintendent, Mr. Jerome Lynch, is offering to our youth. With the addition to our staff of a Physical Education instructor for the girls in September, we feel that we shall have a course of study comparable to that of the finest school system in the state.

In order to carry on this type of program most advantageously, we must have well planned modern buildings. Our high school building is adequate for this purpose, but we have a problem confronting us as regards our elementary school needs.

Due to a higher birth rate and an increase in population because of expansion, we must provide additional accommodations as soon as possible for our elementary school pupils. A study of projected enrollments shows an elementary school population of approximately six hundred pupils within the next five years.

Hence, after much thought and with the best interests of our children in mind, we recommend that the town take immediate steps to build an elementary school large enough to house all our elementary pupils and to abandon the present buildings for school purposes.

We ask that you act favorably on the articles pertaining to this question which the School Committee has caused to have inserted in the town warrant for the annual town meeting in February.

Our sincerest thanks to you for the fine cooperation we have received in all our endeavors during the year. With your continued support, we shall be able to maintain a type of program of which we all can be extremely proud.

Respectfully submitted,

MABEL H. KEATING,
ELMER J. MORRISON,
CHARLES L. MCGINNIS,

School Committee of Burlington.

Report on School Building Program

The Burlington School Committee and Superintendent of Schools, realizing that any further delay in solving the housing problem of the elementary grades will prove detrimental to the proper education of the children concerned, take this opportunity to present the facts of the case to you. It is their fervent hope that following the presentation of the problem as they see it, you will give the matter serious thought, make it a topic of conversation with your fellow townspeople, seek, if need be, a further clarification of pertinent data from your officials, and, finally, take an active part in its deliberation when it comes before the town for consideration at the next regular town meeting. Bear in mind that the ultimate solution, and one there must be, rests not with the school committee, not with other school officials, not with other town departments or officials, but with you, the citizens of the town.

That a housing problem is rapidly developing in the school plant at the elementary level is clearly evident from a study of the table shown below. This data, prepared by the Massachusetts School Building Assistance Commission, estimates the school enrollment for Burlington for the years 1951-1960. The formula, devised by the Bureau of Educational Research of Ohio State University, is based on the per cent of survivorship, and is recognized as one of the more reliable methods for predicting school population.

60-61							94	84	70	48	44	44		248	136

It should be mentioned here that the study was undertaken not with thought of the elementary plant alone but with the future building needs of the entire school plant in mind. Thought was given to the possibility of the junior-senior high building developing an over-crowded condition in the near future. That proved to be no problem at the moment although it certainly warrants watching.

A study of the projected enrollment figures for grades 7 through 12 in the light of the program to be offered showed that the addition of a girl physical education instructor to the staff would permit the system to provide proper instruction for approximately 330 pupils. The addition of such a teacher would not only provide a formal physical education program for girls, who at the moment are denied this course of instruction, but would release a room for classroom instruction. To achieve this end the committee has provided funds in the 1952 budget. To summarize, it would appear, insofar as the high school is concerned, that unless the town experiences a growth greater than the average of the past two years, which, to be sure, has been above average for the size of the community, and could very well happen, the present building should suffice for 5-6 years.

On the other hand, a study of the projected figures for the grades clearly indicate the present elementary plant will be inadequate not in a few years but with the opening of school in the fall. The fact is that the present buildings will be unable to accommodate the children who will enter grades 1 through 6 next September. What is the basis for this statement?

The elementary school plant (Union and annex) comprises twelve (12) classrooms, one of which (basement room) is limited by direction of the Massachusetts Department of Public Safety to twenty (20) pupils. Each grade occupies two rooms. In addition, an office has been converted to a classroom for the Special Class.

An examination of the above projected enrollment figures for the year 52-53 shows a need of three rooms for the first grade and two rooms each for grades 2, 3, 4, 5, totaling eleven. The need for the addition of a third room for the first grade results from the projected figure of ninety-one (91) and the limited capacity of the available classrooms. The pre-school

census taken in December, 1951, likewise confirms this figure. It showed eighty-four (84) children qualified by age for entrance into school next September with little doubt from past experience that at least the difference in these figures, a matter of seven, would be added to the list in the meantime.

In providing accommodations for the above, the sixth grade, which now numbers seventy-one (71) presents a problem. Left with but one room, the basement room, it will be necessary to move the balance of the class, approximately fifty, to the high school. Such a step is undesirable but unavoidable. It is educationally unsound insofar as the sixth graders are concerned. Further, it will tax the high school to such an extent that it might possibly necessitate the curtailing of its educational program.

The predicament which confronts us next fall is but the beginning. A casual examination of the projected figures for the two years following shows the need of an additional classroom each year. Verily, the December, 1951, pre-school census coupled with the continuing high birth rate would seem to testify to the need in six years of three rooms for each grade, a room for the special class, making a total of nineteen (19) classrooms.

The facts above definitely prove the need of additional housing which can be provided adequately only by the erection of a new building.

What follows is a condensed yet comprehensive report of the thinking and findings of the school committee and superintendent on the problem after three months of study, conferences with school construction specialists and visits to recently constructed elementary schools. For the sake of clarity the report will deal separately with the three major factors demanding attention at this phase of the planning stage. They include size, location, and cost.

SIZE

In determining size certain policies or principles should govern one's approach. Prime consideration should be given to the length of time it is expected that the proposed plant will serve the community before additional construction will be needed. Long-range planning attempts to look forward ten

years. In adhering to this tenet the committee used as a basis for their reasoning the facts mentioned above. They argued that with the projected enrollment showing an elementary membership of five hundred (500) three years hence, of five hundred forty (540) three years later, plans should provide for the accommodation of six hundred (600) pupils. In terms of classrooms this means a need of twenty rooms assuming the teacher-pupil load to be set at thirty, five above the state's recommended figure.

One further comment should be made on the committee's thinking on this matter. At our periodic meetings with the building specialists attached to the office of the Massachusetts School Building Assistance Commission we were advised to be watchful of underestimating our needs. From their experience they reported that in the majority of cases where enrollment projections have been made they have fallen short of the actual enrollment. Too, there have been cases, some not too far removed from Burlington, where schools have been built only to be found inadequate in size when completed or within a year or two following occupancy. That is false economy and a mistake our committee intends not to make.

With the hope that you are convinced of the need of twenty rooms for our elementary school children, a major matter is now thrust upon you, the citizens of the town, for consideration. That is the question of where the Union school, assuming the annex will be definitely discarded, fits into the ultimate plant.

Before evaluating the building you should know how your committee feels about the issue at hand. As a result of much thought concerning the disposition of the building it would like nothing better than to see it replaced with a new twenty room building. On the other hand, the members realize that such an undertaking would be an expensive proposition, the cost of which will be discussed later. They know it is not the functional type of building required today; yet, they realize full well that there are far worse schools still being used in wealthier cities and towns throughout the state.

Realizing the importance of knowing the value of the building both from the educational and operational points of view the committee directed that an evaluation of it be made. This was

arranged by the superintendent who succeeded in having two students from the Harvard Graduate School of Education with some experience in evaluating school buildings come to Burlington during the Christmas recess. As a basis for their judging they made use of the pamphlet, "Guide for Evaluating School Buildings," recognized as a standard work for such an undertaking. This guide is designed so that all factors of a school plant can be appraised and the appraisals summarized on profile charts. Proper use of it insures critical and complete examination of the building and its site.

The result of the project gave the building a score of 231 out of a possible 1,000 point score. Interpreted on the profile chart this classified the building as inadequate, bordering obsolescence. As was expected it ranked well on site. But on such vital features as an educationally functional building, gross structure, heating, lighting, ventilation, water service, toilet and sewer systems, fire protection, safety, electrical system, special classrooms, special rooms, size of site, it received a credit of zero in every instance.

In concluding the report on size of building a note relative to the number of classrooms available in the Union School should be made. If it is decided to retain the use of this building it should be understood that only eight of the nine classrooms are suitable. The cellar room should not be included in the plans.

LOCATION

For the town to qualify for financial assistance from the state for school construction it must comply with certain requirements as laid down in Chapter 645 of the Acts of 1948. One of these stipulates that the school site, its location and size, must be approved by the school building assistance commission. The rule of thumb governing size insofar as this body is concerned is that the size should approximate five (5) acres plus one (1) acre more for each hundred children to be housed in the building. In our case it means a site of eight (8) acres for a twelve (12) room edifice, ten (10) acres or more for a twenty (20) room building.

With knowledge of this requirement in mind the board members proceeded to study sites. Their first consideration was given to the land in the rear of the high school. They looked

with favor on this area for two reasons. First, most of the needed land was owned by the town; secondly, a casual study of the town seemed to indicate the continued use of the central type of school plant.

But on inspection of this area by Mr. Marshall, administrator of the commission, and Mr. Black, one of his assistants and specialist in school sites, proved it to be unacceptable. At our meeting with them following the visit to Burlington they convinced us that both schools would encroach on each other. There is on file at the office of the superintendent a letter stating their disapproval.

Following the rejection of this site the committee deemed it wise to make a study of the town to definitely learn if the community should continue with the central school plant or should give thought to an area or even neighborhood school. It proceeded by having plotted on maps of the town pertinent data that would provide the answer—new home construction since the war, location of elementary school children, location of pre-school children.

As a result of this project, information that provided decisive answers was obtained. The home construction map showed that since the war some two hundred and thirty-five (235) homes have been built or are nearing completion. On the basis of state figures this is well above average for the size of the community. It was further learned that approximately eighty (80) of these homes have been built in the Winnere and Peach Orchard Road sections with the remainder distributed in a cluster-like fashion throughout the rest of the town. To the committee these facts meant that if the town were to get away from the central type of plant and give thought to an area school or even smaller unit, termed a neighborhood school, the logical location for it would be in this area. But an examination of the maps showing the school and pre-school children dispelled any further thought along this line. On counting the children living in this area the figures showed the totals will vary very little in the next five years. The actual count shows a figure of one hundred thirty-one (131) as of now, one hundred forty-one (141) five years from now. Even allowing for growth above average in this part of the town for the next five years it is felt that the situation does not warrant consideration of a unit school at this time.

With the elimination of any further thought to a decentralized plant, two points on location remained for the committee's consideration. The first concerned the site for a new twelve room building, assuming it is decided to retain the use of the present building. The answer in this case was immediately apparent. For economy of operation this building should be constructed on the land behind the Union School facing Sears Street. It comprises approximately eight (8) acres and meets with the approval of the state commission.

The second point relates to the twenty room building. Here the committee recommends two sites. The first is the site just mentioned. As was previously stated, the state commission has already approved this site although in this instance it recommends we make an effort to add one or two more acres. The second site is the Dobbins land located on the south side of Winn Street extending from Center Street to the Dobbins home. The commission, although it has not viewed but has been provided data on the parcel of land, feels it, too, is worthy of consideration. The slope of the land was the one objection to it. It is their intention to view it in the near future.

COST

In reporting to you on the cost of any school building the commission has advised us to quote a figure of forty-five thousand dollars (\$45,000.00) per classroom. It should be noted, however, that this figure also includes the original equipment and furnishings of the building, whether movable or built in, and a proportionate cost of two or three vital segments of the modern elementary school-auditorium, gymnasium, cafeteria.

Before presenting tables that show the costs of the two different units under consideration, the committee has an encouraging word to say on the item of cost. As a result of their inspections of several new elementary schools whose costs they checked, it is their belief that a serviceable, functional school, one of which the town may be proud, can be constructed at a figure approximating forty thousand dollars (\$40,000.00) a classroom.

In closing this report we urge you to study it, to challenge

its reasoning, and for the benefit of all, to feel free to question those responsible for it.

The signal is struck on the fire alarm. It consists of two blows—interval—two blows—interval—two blows.

11 — 11 — 11

6.30 A.M. No school Junior-Senior High School.

7.00 A.M. No school in the Union School. High School in session.

An announcement will be made on Radio Station WBZ and WNAC in case of no school.

Any and all school functions planned for the evening of any day that school is called off will be cancelled, also.

School Session

Junior-Senior High School—From 8.00 A.M. to 1.34 P.M.

Union School—From 9.00 A.M. to 2.30 P.M.

Age of Admission

Pupils entering the first grade in September 1952, must be five years of age on or before January 1, 1952. In other words, a child entering Grade One next September will have reached his sixth birthday on or before January 1 of the year 1953.

A child reaching the age of five between January 1 and April 1 of 1952 may qualify for admission to the first grade by passing an intelligence test given by the School Department. A parent desirous of having a child take this test should make arrangement with the School Department at least two weeks in advance of the schools' reopening. It is imperative in such a case for the parent to produce a birth certificate at the time of examination.

Vaccination

The state law requires all pupils attending public school to be vaccinated. Exceptions will be made of a child presenting a certificate signed by a registered physician to the effect that he has personally examined the child and found his physical condition such that his health would be endangered by vaccination.

Attendance

Regular attendance is necessary to do satisfactory work. A written excuse from the parent or guardian is required for every absence, tardiness, or dismissal. No pupil is allowed to leave the school during the session without permission from the Principal or Superintendent. Unless the pupil brings with him a written request for dismissal from his parents or guardian, he is permitted to leave only in case of emergency.

Teachers may require pupils to attend the extra afternoon session if it is necessary for success in their work or for discipline.

Report of School Physician

To the School Committee,

Burlington, Massachusetts.

Greetings:

Physical examinations were given to all pupils in the odd grades assisted by the school nurse.

All children participating in sports and taking part in physical education were examined as to their fitness.

Several cases of measles were noted. At the Immunization Clinic sixty-two children received anti-toxin inoculation.

I appreciate your confidence in appointing me as your school physician.

FRANCIS J. LOGUE, M.D.

Report of School Nurse

To the Superintendent and School Committee:

I hereby submit my report for school nurse for year 1951.

I assisted Dr. Francis Logue in his examination of all the children in the odd grades and parents were notified of defects. Regular supervision was given to children's height and weight.

In addition to the usual vision testing by teachers, Dr. Sidney Adams examined all the lower grades, all new pupils and other children referred by teachers or requested by parents. The response from parents on these notices has been most favorable.

The school dental clinic was conducted by Dr. Paul Logue who made twenty-eight visits and completed fillings, extractions and cleanings on four hundred twenty children.

I assisted the school physician in his examination of all girls taking part in the physical education program.

Immunization against diphtheria was given to sixty-two children.

A number of cases of measles were prevalent in addition to a few chicken pox. However, pediculosis, scabies and impetigo were at a minimum.

I appreciate having a full day at school as it enables me to follow up defects by visiting homes, supervise lunches, health cards, clinics and numerous other duties.

I wish to thank the Superintendent, School Committee, Teachers, School Physician, and members of the Board of Health for their co-operation.

JULIA M. CONNORS, R.N., School Nurse.

Report of Attendance Officer

To the Superintendent and School Committee:

I submit my report as attendance officer for the year 1952.

Daily contact was made with the school for the names of all pupils absent.

A checkup was made and several homes visited. While illness was the excuse in most cases occasionally a parent was surprised to learn that her child was not at school. In such cases disciplinary action was taken by the Superintendent.

Respectfully submitted,
JULIA M. CONNORS, Attendance Officer.

MIDDLESEX COUNTY EXTENSION SERVICE

Middlesex County maintains an Extension Service in Agriculture and Home Economics for the benefit of all towns within the County. This service is available to all citizens, especially farmers, home gardeners, homemakers, rural youth and 4-H Club boys and girls.

The work is developed by an unpaid Board of Trustees who maintain a staff of agents at the headquarters at 19 Everett Street, Concord. The trustees appoint a director in each town to represent them in all phases of Extension Work or in a few cases towns elect a director and make an appropriation to help defray local expenses.

In addition to farm and home visits made upon request, local meetings are held or sectional or county-wide meetings or tours are helps available to everyone. A monthly bulletin is published, timely letters mailed on spraying, fertilizing, seeding, poultry problems, information to homemakers, boys' and girls' 4-H work or general community problems.

Some of the activities that took place last year in Burlington are as follows:

Educational work with the dairymen was concentrated on programs to assist the farmers in solving their problems of raising better roughage, disease control and milk marketing. Some visits were made upon request to vegetable growers and home gardeners within the town. Increased efficiency, flock health, greater breeding progress and better marketing practices were the principal goals of the Extension Poultry Program. Efficient management practices and equipment were among the topics discussed at meetings of the Eastern Middlesex Poultry Association held at the Northern Residents' Association Hall, Reading, on the first Tuesday of the month. Rabbit breeders were given assistance through the Middlesex Commercial Rabbit Association, which meets monthly at the Extension Service in Concord. Herman Graham, Burlington, is president of the Minutemen Turkey Association which meets monthly at the Extension Office in Concord.

Programs in all phases of homemaking are available to Burlington women. During the year local women attended Extension meeting on "Getting the Most for Your Money." A single meeting was held on "New Ideas in Food Preparation."

Also, the Christmas Gift Kit, a collection of easy-to-make gifts, was shown at several meetings.

Fifty-two 4-H club members carried on activities in gardening, poultry, dairy, rabbit, pig, clothing and food projects. The clubs were under the leadership of Mr. and Mrs. John Buttrick, Mrs. Margaret Gregory, Miss Marie Seminatore, and Edward Melendy. The food club made scrapbooks and favors for children in the Lowell Hospital. Gerald Seminatore was awarded a medal on his excellent dairy work. He stood second in the entire County. Six club members raised two pigs each, which were shown at the Burlington Fair.

SELWYN H. GRAHAM, Town Director.

REPORT OF BOARD OF SELECTMEN

To the Citizens of Burlington:

The Board of Selectmen respectfully submit this report for the year 1951.

The Board was organized at its meeting held February 6, 1951, as follows: Chairman, Chester H. Graham; Clerk, Mrs. Alice B. Carpenter.

The following supervisory appointments were made: Superintendent of Streets and Moth Department, George W. Binstead, and Animal Inspector, Ferdinand Pimentel.

Regular meetings are held on Monday evenings with special meetings at the call of the Chairman. The members have attended all meetings of the Selectmen's Association this year which have been held at various towns around. We have also attended court hearings on the Sand and Gravel cases which have arisen this year and consumed considerable time.

In September our Building Inspector, Melvin A. Dunham, passed away. At this time we appointed David W. Skelton as Building Inspector. Mr. Skelton served in this capacity until October 1st when Ferdinand Pimentel was appointed.

We have endeavored to fairly and equally consider each and every problem of town business and affairs brought to our attention by either department heads or the citizens of the town and sincerely appreciate honest and constructive criticism.

We wish, at this time, to thank the various heads for their whole-hearted co-operation and for their many consultations with our Board in the interest of efficient town management.

Respectfully submitted,

CHESTER H. GRAHAM,
ARTHUR W. NICHOLS,
HORACE B. SKELTON,

Board of Selectmen.

Police Department Report

To the Honorable Board of Selectmen:

Gentlemen: — I hereby submit my Annual Report of the Police Department activities for the year ending December 31, 1951.

As you read this report you will notice that for the year 1951 this town has experienced three (3) fatal accidents on the highways and these three fatalities can be attributed to excessive use of liquor and negligent operation.

The first of these accidents occurred on Route 3 on January 15, 1951, at 5.00 P. M., at which time a drunken operator struck a car headed for Lowell and killed a passenger in the Lowell bound car. This operator was tried in District Court at Woburn and appealed to Superior Court in East Cambridge, where he was sentenced to serve 18 months in the House of Correction.

The second one of these accidents occurred on the new route 128 at the Winn Street Overpass on August 6, 1951, at 11.55 P. M., when a group of young men travelling at a high rate of speed struck the curbing at the southerly ramp and the car turned over killing the operator.

The third of these accidents occurred on Center Street at 9.30 P. M., on October 10, 1951, at which time a group of young boys travelling at a high rate of speed rolled over when

they failed to negotiate a curve in the roadway. As the result of this accident the operator of this car succumbed at the Choate Hospital in Woburn at 1.00 P. M., on October 13, 1951.

You will note that in each case of these fatal accidents there was but one automobile involved, with the exception of the one on January 15, 1951, in which two cars were entangled.

Again, as in past years, may I stress the need of Traffic Rules and Regulations. The power to make Traffic Rules and Regulations is invested in your Honorable Board. I believe these rules and regulations are absolutely necessary in the proper enforcement of motor vehicle laws by the Police Department.

During the year 1951 our juvenile delinquency problem has been practically nil. I feel much credit should be given to the children and their parents for the co-operation they have given us in keeping down this serious situation which has arisen in so many communities, in the past few years, considering the fact that the children have very few recreation facilities in the town.

With the increased population in the town the demand for ambulance service has been much greater than in previous years. I believe this is a valuable service and necessary to the town and safety of the public.

The ambulance is at present operated by the Police and Fire Department personnel with no additional cost to the town. As you gentlemen know, the service is free to all persons residing in the town of Burlington.

I would also recommend that your Honorable Board make a survey relating to better street lighting, for the safety of the public, especially Winn Street from Newbridge Avenue to Mountain Road. This particular section has become a hazard to the motoring public and pedestrians, especially in the night time and has become worse since the opening of Route 128, due to increased vehicular traffic.

In conclusion may I take this opportunity to express my appreciation for the cooperation given my department by the Board of Selectmen, Fire Department, Police personnel, Auxiliary police and all other persons and organizations.

Fire Department Report

To the Honorable Board of Selectmen and the Citizens of Burlington:

I hereby submit my report as Chief of the Fire Department and Forest Warden for the year of 1951.

This department answered 120 emergency calls as follows:

13 Building

31 Brush

26 Grass

10 Automobiles

- 7 Oil Burner
- 6 Needless
- 5 Rubbish
- 5 Rescue, Resuscitator, etc.
- 5 Gasoline and Oil in street
- 3 Investigate smoke in building
- 2 Electric Motor
- 1 Generator
- 1 School Bus
- 1 Truck
- 1 Tree
- 1 Overheated Furnace
- 1 Leaking Gas
- 1 Out of Town

On 42 occasions a man from this department was furnished to man the ambulance.

The following equipment was used:

- 1400 feet of 2½ inch hose
- 2150 feet of 1½ inch hose
- 8000 feet of ¾ inch hose
- 7825 gallons of water from Booster Tanks
- 16 feet of ladders
- Pump operated 13½ hours
- 110 Cubic feet of Oxygen
- 66 Cubic feet of Air
- 12 Acres of Brush and Grass were burned

Permits were issued as follows:

- 260 for open air fires
- 204 to store oil
- 58 to store gas
- 93 to install oil burning equipment
- 66 to install gas burning equipment

Value of property involved by fire	\$28,755.00
Damage to property involved by fire	8,977.00

The condition of the apparatus is as follows:

Engine No. 1, which is the truck that was purchased in 1947 from War Surplus, is in need of repairs. The Booster Tank is leaking and is starting the body to decay. The construction of this truck is such that it will be necessary to take the body apart in order to put a new tank in. The tires are now 10

years old and should be replaced. The running gear also needs some repairs. I have included in my budget request for 1952, a sum of money to take care of this condition.

Engine No. 2. A sum of money was appropriated to replace this truck. At this time the new truck is not completed. We have encountered considerable delay in getting parts and material. It is now, however, reaching completion.

Engine No. 3 is in very good condition.

Engine No. 4 is in fair condition. This truck is now 18 years old. If the Federal Government should make available new pumping engines under Civil Defense, this town should take advantage of the opportunity to replace this truck.

Hose: 550 feet of hose was taken out of service during 1951. Of this amount only 200 feet was replaced due to lack of funds.

Quarters: This is perhaps an inopportune time to bring up this subject with the school situation such as it is at present. But I think some planning should be done towards getting new quarters. Any of you who have been in the Fire Station realize what the situation is. Those who have not, should make a point to do so. It is your station and you are welcome any-time.

Upon visiting our quarters you will find that the apparatus has very little room getting in and out through the doors and that there is not room to walk between the trucks and walls of the station. There is not any room for expansion of the Fire Alarm central station equipment. Needs are urgent along these lines. At present there is but one panel board, while two are needed and if the outside circuits are extended, additional panels would be necessary. The Batteries are over the air tank, making it necessary to climb on the tank and work overhead to do anything to the Battery Rack. This is bad as has already been proven when in one instance the acid from the batteries got into the workman's eyes. There is but one Air Tank to supply the Whistle. If anything goes wrong with it the town will be without the Fire Alarm. A situation such as this will arrive in 1952, when the State Inspector will make his next inspection: It will be necessary to empty the Tank of air and take off the Manhole Covers for inside inspection.

We have no place to dry hose. During the summer months if the weather is fair we dry it on the street or on the Town

Hall lawn. In the winter it is necessary to dry it on the Banquet Hall floor of the Town Hall. This is not good either, because the water does not drain from the inside of the hose. In the past we have lost the use of some Fire Hose because of the mice. They seem to like to chew up the hose jacket and make nests from it. This would not be too bad if the hose were not to be used for emergency purposes and the fact that hose costs between \$1,000.00 and \$1,600.00 per thousand feet. You may say, "Get rid of the rats and mice". It is not as simple as that. We are fighting them continually. The station is an old wooden building with no foundation and the rats and mice can find plenty of ways to get in.

The location of the station is also bad. Quite often when there is a time on in the Town Hall, the cars will block the apparatus by parking. It takes some time to locate the driver or drivers to clear the area so that apparatus can get out.

The Fire Station without a question of doubt is the most visited public building in town. It is most of the time the only public building where anyone can find somebody. Regardless of who they are or what they are looking for, a person will invariably come to the Fire Station.

After your visit with us I think you will agree that everything I have stated here is true, plus others I have not mentioned.

I believe a committee should be appointed to investigate the situation. I have been given to understand that a committee will be asked for on a new school. I would suggest that this be a joint committee so that at least consideration could be given to the fire alarm situation, as it would be foolhardy to consider building any public building unless it is connected with the public fire alarm.

Just a word about winter conditions. If, after a snow storm, persons living near a fire hydrant would take five or ten minutes and shovel out the hydrant it could mean saving valuable minutes and perhaps property in case of a fire.

Also, on stormy days several hundred calls are received on the fire department telephone in regards to the school situation and plowing and sanding streets. We have had as many as 120 telephone calls in one hour, inquiring as to whether or not there was to be any school. You can readily see what anyone's chances would have been in getting a call through to the fire

station in case of a fire during this period. On stormy days calls will continue to come in, inquiring as to when their street is going to be plowed or sanded. The Fire Department does not have anything to do with the streets. The Selectmen should make some arrangements to handle these calls, and the School Committee the same on school calls so that the Fire phone will be available in case it is needed.

Respectfully submitted,
DAVID W. SKELTON,
Chief of the Fire Department and Forest Warden.

Building Inspector's Report

To the Honorable Board of Selectmen:

I herewith submit my report as Building Inspector from August 21, 1951, to September 30, 1951.

During this period, 21 permits were issued as follows:

- 12 Dwellings
- 3 Remodel
- 2 Garage
- 2 Storage
- 1 Porch
- 1 Hen House

Two applications for permits were refused.

Respectfully submitted;
DAVID W. SKELTON.

Building Inspector's Report

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit my report as Inspector of Buildings for the period beginning October 1, 1951, and ending December 31, 1951.

During this time 53 permits were issued for construction of all kinds. Of these 53 permits, 13 were granted for new dwellings. The balance of 40 permits was for business buildings, garages, poultry houses, trailers, etc.

Respectfully submitted,
F. M. PIMENTEL, Inspector of Buildings.

Tree Warden's Report

To the Honorable Board of Selectmen:

I hereby submit my report as Tree Warden for the year 1951.

The appropriation for 1951 was spent in removing dead and dying trees, mostly elms.

I would like to call your attention to the increasing number of dying elms. If this continues it can cause a real expense to the town. I would recommend a larger appropriation for spraying the elm leaf beetle.

There has been three cases of Dutch elm disease discovered in the town.

Respectfully submitted,

RALPH E. KNOWLES, Tree Warden.

Inspector of Animals Report

December 15, 1951.

To the Honorable Board of Selectmen:

Gentlemen: — I herewith submit my report as Inspector of Animals for the year 1951.

Number of dogs quarantined—23. I found no rabies. I inspected all live stock periodically and found them in good condition.

F. M. PIMENTEL, Inspector of Animals.

Inspector of Wires Report

December 31, 1951.

To the Honorable Board of Selectmen:

I herewith submit my report as Inspector of Wires for the year ending December 31, 1951. There were 111 permits issued for electric wiring work of all classes, all of which have been inspected and approved.

Respectfully submitted,

WILBUR FRIZZELL, Inspector of Wires.

Inspector of Slaughtering Report

December 31, 1951.

To the Honorable Board of Selectmen:

I have examined the carcasses of 2,509 swine slaughtered during the year 1951 in this town. I have condemned 172 as unfit for food which were disposed of as the law requires.

I have made regular returns monthly to the State Board of Health as required by statute.

Respectfully submitted,

JOSEPH L. FOSTER, Inspector of Slaughtering.

Civil Defense Report

January 4, 1952.

To Honorable Board of Selectmen
Town of Burlington
Burlington, Mass.
Gentlemen:

Subject: Annual Report 1951

The following report for the year ending December 1951, is submitted:

1. Enrollment: Approximately 450 citizens in the Town have been enrolled in the several Civil Defense Divisions, viz.:
 - Administrative
 - Communications
 - Medical and Health
 - Civilian War Aid
 - Warden Services
 - Engineering, Rescue, Repair, Evacuation
 - Police Services (Auxiliary)
 - Fire Services (Auxiliary)

2. Communications: Four Sirens have been purchased and installed, connected by private telephone lines to the Fire Station so that by operation of a switch alarm can be sounded at the same time to all parts of the town.

A Radio Receiver set has been purchased and installed in the Fire Station for the purpose of receiving Air Raid Warnings over the State Police network. The State authorities have designated the state police network as the manner in which all air raid warnings to cities and towns will be communicated. Test signals are sent out about three times a week over this system and receipt of these signals are reported to State Police Division in Boston, by mail.

3. Training: Early in the year it became apparent, due to lack of space and time and convenience of the majority of the volunteers, that the entire enrolled personnel could not be trained during the year, therefore, the Director, with the advice and approval of your advisory council, proceeded to initiate the training of a cadre in each Division of Civil Defense that would constitute a nucleus of trained personnel around which volunteers could rally in an emergency. This plan has worked out fairly well and the following progress has been made:

Thirty-six (36) trained personnel in the Medical and Health Division have completed training in Standard First Aid and have been issued certificates by the Red Cross.

Nineteen (19) Volunteers have been trained as auxiliary police; this cadre has received training in all the ramifications of police work as contained in a manual issued by the State Civil Service and also have completed a course in First Aid and have been issued certificates by the Red Cross.

Ten (10) Volunteers have been trained as Auxiliary Firemen and are now taking a course in standard First Aid.

Forty-six (46) Volunteers have been enrolled as Wardens and about 30% of this number have been trained in Warden duties and are now taking a course in Standard First Aid.

Ten (10) Volunteers have been organized as a rescue team in the Engineering Division.

Twenty-two (22) Volunteers as a demolition and repair team in the Engineering Division.

All of the personnel in the Engineering Division are yet to receive specific training, both technical and First Aid training.

In the Civilian War Aid Division a cadre has been set up consisting of: 2 Chefs, 2 Assistant Chefs, 4 Cooks and 20 helpers and food servers. This staff is being enlarged as rapidly as possible and will be assigned to definite locations for duty in an emergency at an early date. Duty stations for this group will be places where cooking facilities are available, such as the High School, Town Hall, Churches, etc.

An administrative team has been set up in the Civilian War Aid Division for the registration of evacuees and rendering assistance to refugees in the way of financial aid, feeding, clothing, housing, etc. In this connection it is understood that stockpiling of food, medicine, clothing, etc., is a function of the Federal and State levels of Civil Defense.

4. Transportation: A survey has been made of all types of transportation that would be available and consent of owners for its use by Civilian Defense in event of an emergency has been obtained. Twenty-five trucks, ranging from $\frac{1}{2}$ ton to 4 ton capacity, have been listed for call duty. This is in addition to the trucks and vehicles owned by the town.

5. Heavy Equipment: The following heavy equipment has been listed and consent of owners obtained for its use in event of an emergency:

- 1 Bulldozer, cletract, blade and shovel
- 1 Cement Mixer (Gasoline operated)
- 2 Cranes with 60 foot booms
- 2 Bucket loaders
- 2 Power Shovels, $\frac{3}{4}$ and $1\frac{1}{2}$ yard
- 1 Tractor, with blade and plow
- 1 Tractor, with blade and shovel
- 2 Tractors with trailer units

General Information: Burlington has been designated, by State Authority, as a reception center and therefore in preparing for an emergency, emphasis is being given to mass feeding, housing, registration of refugees, traffic and maintenance of order.

The town has been divided into eight precincts and Auxiliary Police and Wardens assigned to duty in each precinct.

No definite information can be obtained from the State Authorities, relative to distribution of funds, that have been appropriated, to the towns. Under date of November 9, 1951, advice was received that Congress had appropriated \$74,945,000 for Civil Defense; \$7,750,000.00 was allocated for matching funds for the States; \$56,000,000.00 was earmarked for emergency supplies and equipment, including medical and engineering, stockpiling items. It is understood that the Massachusetts General Court has appropriated matching funds amounting to \$750,000.00, making a total of \$1,440,000.00 available in the State for Civil Defense, but just how this fund is to be distributed to cities and towns has not yet been decided by the State Director of Civil Defense.

Respectfully,

W. H. FLEMING, Director.

Building Inspector's Report

To the Honorable Board of Selectmen
Town of Burlington

From January 1st, 1951, to August 18th, 1951, there were 110 building permits issued by Melvin A. Dunham, late Building Inspector, at an estimated cost of \$402,180.

Respectfully submitted,

LOTTA C. R. DUNHAM.

For Melvin Dunham, deceased.

Sealer of Weights and Measures Report

To the Honorable Board of Selectmen
Town of Burlington

The following number of scales and gasoline pumps were tested and scaled in the period from January 1st, 1951, to August 18th, 1951, by Melvin A. Dunham, late Sealer of Weights and Measures:

17 gasoline pumps

2 scales over 100 lbs.

13 scales under 100 lbs.

Respectfully submitted,

LOTTA C. R. DUNHAM.

For Melvin Dunham, deceased.

Librarian's Report

To the Honorable Board of Selectmen
Town of Burlington, Mass.

I herewith submit my report as Librarian for the year ending December 31st, 1951. The total number of books listed at the library to date is 7623.

Number of books purchased during year is 56.

Number of books loaned during year is 2152.

Number of juvenile books loaned is 659.

All books are now loaned for two (2) weeks only and we find it has helped greatly in getting books in circulation and in collecting fines.

During 1951 the following people have given to our library fine collections of books, both for adult readers and children: Mrs. Sidney D. King, Mrs. Joseph Navatil, Mr. John Merrigan and Mr. Arthur Field. Each month the Library receives 2 Junior Guild books, 1 Western story, and 1 Romance.

Many have taken advantage of the opportunity to borrow non-fiction books through the Board of Education, and it is hoped many will do so this coming year.

We have received three (3) gift magazines from our readers, "Life," The Fireman Magazine, and "The Signs of the Times".

A large map of Burlington in 1831 has been presented to the Library by Mr. Theodore Murray. This is about 36 x 40 inches square and shows all the houses with the names of the owners in the town at that time. We hope to have this map placed on the Library wall in the near future.

At present the Library is in need of a few repairs. All of the window cords should be replaced, one large pane of glass reset, and 2 or 3 more narrow shelves for children's books are needed.

Library hours are:

Tuesday 7.00-9.00 P. M.

Wednesday 2.00-5.00 and 7.00-9.00 P. M.

Saturday 2.00-5.00 and 7.00-9.00 P. M.

Respectfully submitted,

LOTTA C. R. DUNHAM, Librarian.

Moth Superintendent's Report

To the Honorable Board of Selectmen:

Sprayed the entire town last year with good results.

Found quite a lot of trees infested with "Elm Beetle."

I would recommend that the town raise as a separate appropriation sufficient funds to cover the cost of pruning and destroying all existing dead wood in the town elms as this is now the duty of the Moth Superintendent.

Respectfully submitted,

GEORGE W. BUSTEAD, Moth Superintendent.

CEMETERY COMMISSIONERS REPORT

To the Citizens of Burlington:

We hereby present our report for the year 1951.

The lots listed below were sold during the year:

Arthur Johnson	Lot 372
Alba Joyce	Lot 347
Alexander Brown	Lot 348
Albert and Robert Vigneau	Lot 376
Albert Marchand	Lot 375
William Winn	Lot 373
Marion G. Raimondo	Lot 393
Mrs. John Bielsaz	Lot 377
Mrs. Isabella Rockwell	Lot 349

Work on Perpetual Care Lots has been done as follows:

Labor	\$299.97
Loam	37.50
Flowers	49.40
Total	\$386.87

There were twenty-three interments.

We intend in the coming year to repair the roads and veterans' lot which are in very poor condition. These repairs necessitate our request for an appropriation of \$4,700.00 for the ensuing year.

Respectfully submitted,
ELMER E. GURNEY, Chairman.
HERBERT W. CRAWFORD.
DAVID W. SKELTON.

PARK COMMISSIONERS' REPORT

To the Citizens of the Town of Burlington:

We herewith submit our report for the year ending December 31, 1951.

During the past year the addition to the tool shed was shingled and now only the painting is necessary to complete it.

The fence bordering on Church Lane was painted as well as the two tennis courts that are in use. Next year we hope to complete the painting of the other two tennis courts.

We hope, too, to enlarge upon the recreational facilities for the small children.

Water for the Park is now being supplied by the Burlington Water District.

The fine appearance of the Park, of which we are justly proud, is due to the fine work of the Superintendent, Henry Jackson.

The Board wishes to take this opportunity to thank all who co-operated in any way to help carry on the work in Simonds Park during the year.

Respectfully submitted,
ERIC S. CARLBERG, Chairman,
CLARENCE I. MacDORMAND,
AUGUSTUS N. BERTHIAUME,
Park Commissioners.

TAX COLLECTOR'S REPORT

To the Citizens of Burlington:

Your Tax Collector's department has the same growing pains as does your School department and Assessors office. The steady increase in the number of families in Town is directly reflected in the increased number of tax bills of all descriptions issued this year. The total commitment of Excise

taxes, for instance, has jumped from a total of \$15,000 in 1950 to one of \$19,000 in 1951, an increase of 21%. The value of Real Estate commitments has jumped from approximately \$146,000 in 1950 to one of \$178,000 in 1951, an increase in dollars to be collected of almost 18%.

This department collected and turned over to the Town Treasurer almost \$200,000.00 during the fiscal year 1951. These collections were made, for the most part, in small sums over a three by eight foot table situated in a room in the Town Hall. This room serves several other Town departments, seems to be the gathering place for anyone with Town business, and which becomes a public thoroughfare at those times when the upper hall is rented. Your taxes cannot be collected privately or efficiently under such conditions. Therefore I strongly urge that some consideration be given to providing the Tax Collector with the proper facilities for the expected performance of his duties.

Although Real Estate and Personal taxes were not committed until late in August, and the bills themselves were not mailed until the first week in September, by the 31st of December more than 85% of the Real Estate taxes and over 83% of the Personal taxes were collected.

Outstanding taxes for the years 1946, 1947, 1948, and 1949 were completely cleared, or nearly so, by abatement, as being uncollectable for various reasons, or by being placed in the hands of the Town Treasurer as Tax Title accounts.

The following taxes were committed to me in 1951:

WARRANT FOR ANNUAL TOWN MEETING

Monday, February 4, 1952

The Commonwealth of Massachusetts Middlesex, ss.
To either of the Constables of the Town of Burlington in the
County of Middlesex: Greeting:

In the name of The Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Town, on Monday the fourth day of February next, at 10.00 o'clock in the forenoon, then and there to act on the following articles:

Article 1. To choose all necessary Town Officers on one ballot, namely: Moderator for one year, one Selectman for three years, one Assessor for three years, one member of the School Committee for three years, one Treasurer for one year, one Library Trustee for three years, one member of the Board of Public Welfare for three years, one Tax Collector for one year, one Park Commissioner for three years, one Cemetery Commissioner for three years, one Tree Warden for one year, one First Constable for one year, one Second Constable for one year, one member of the Planning Board for five years.

Article 2. To hear and act on the reports of Town Officers and Committees.

Article 3. To see if the Town will vote to authorize the Town Treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1952, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4. To see what sums the Town will raise by taxation or otherwise to pay town debts, charges and fix the compensation of the elective Town Officers for the ensuing year and to appropriate the same.

Article 5. To see if the Town will authorize the Selectmen to petition the State Department of Public Works for aid for general highway purposes under Section 26-29, Chapter 81, of the General Laws and Amendments thereof, or do or act anything in relation to the same.

Article 6. To see if the Town will authorize the Select-

men to petition the State Department of Public Works and the Middlesex County Commissioners for aid in the reconstruction of Peach Orchard Road in accordance with Chapter 90 of the General Laws and Amendments thereof, or do or act anything in relation to the same.

Article 7. To see if the Town will vote to transfer from unappropriated available funds in the treasury a sum of money for Chapter 81 and Chapter 90 Highways, or take any action in relation thereto.

Article 8. To see if the Town will vote to accept from the Trustees under the will of Marshall Simonds the sum of not more than Two Thousand Five Hundred Dollars, to be spent under the direction of the Park Commissioners for the improvement of Simonds Park, or do or act anything in relation to the same.

Article 9. To see if the Town will vote to raise and appropriate a sum of money for hydrant rental from the Burlington Water District, or do or act anything in relation to the same.

Article 10. To see if the Town will raise and appropriate a sum of money for the payment of bills incurred during 1951 in the amounts of \$139.40, School Department; \$274.75, Snow and Ice; \$185.00, Elections and Registrations; \$110.66, Police Department; \$1.70, Collector of Taxes; \$65.00, Board of Assessors; \$6.06, Public Welfare; \$162.95, Town Hall Maintenance; and \$95.15, Town Treasurer Department, as listed with the Town Accountant, or do or act anything in relation to the same.

Article 11. To see if the Town will transfer from unappropriated available funds in the Treasury, a sum of money to purchase a Dump Truck for the Highway Department, the value of the International Truck to be applied as part of the purchase price, or do or act anything in relation to the same.

Article 12. To see if the Town will vote to accept the following streets: Arthur Woods Avenue for a distance of about 1200 feet from Cambridge Street, and Sylvester Road, or do or act anything in relation to the same.

Article 13. To see if the Town will vote to amend the amendment to Article 1 of the By-Laws, with reference to a Quorum by striking out the word 100 and inserting the word 50.

Article 14. To see if the town will vote to appoint a School Building Committee to be composed of the three members of the School Committee and two members to be appointed by the Moderator.

Article 15. To see if the town will raise and appropriate the sum of five hundred dollars (\$500.00) to be spent under the direction of the School Building Committee, said committee to recommend a site for an elementary school, to secure plans for the building, to obtain information on costs and financial assistance from the state and other sources, and to report back at a Special Town Meeting, or do or act anything in relation to the same.

Article 16 To see if the Town will vote the sum of \$200 to advertise and erect signs in the Town of Burlington for the purpose of bringing new industry into the Town of Burlington, same to be spent under the direction of the Planning Board, or do or act anything in relation to the same.

Article 17. To see if the Town will vote to re-zone land of Ruth M. PROCEEDINGS AT ANNUAL TOWN ELECTION

Monday, February 4, 1952

The annual town meeting-election was called to order by the Moderator, Maurice J. DeMone, at 10.00 A. M., the clerk

reading the warrant as far as Article 2 when the rest of the warrant was dispensed with until the adjourned town meeting, February 18, 1952, then and there to take up the remaining articles on the warrant.

Election officers were sworn to duty and assigned to their respective places.

Box said to contain 1800 ballots was delivered to ballot clerks Alice Carpenter, Agnes Mohan and Jeannette McMullin, and receipt taken therefor.

Election officers reporting for duty at 10.00 A. M. follow: Alice Carpenter, Ann Sullivan, Mary Bennett, Jeannette McMullin, Margaret Galipeau, Agnes Mohan, Wilbur McIntire, Joseph L. Foster.

Election officers reporting for duty at 1.30 P. M.: Julia Connors, Inez Sheerin, Marian Howard, Lillian MacDonald, Evilo McGinnis, Ramona MacLennan, Vora Merrigan, Mildred Swanson, Elizabeth Symmes, Elizabeth Scribner, Evelyn Trumbull.

Ballot box was examined by the Moderator, Town Clerk and Election Officers and found to be empty. Register at 0000. Ballot box was closed and keys secured according to law.

Polls were declared open at 10.05 A. M. by the Moderator.

At 1.30 P. M. the Moderator, Town Clerk and Election Officers took the ballots from the ballot box and proceeded to canvass and count the same. This procedure was repeated at various times during the voting period and at 8.00 P. M. when the Moderator declared the polls closed the register on the ballot box was at 1131. After the regular ballots were removed from the ballot box the Moderator and Town Clerk proceeded to cast the Absentee Ballots which numbered 47, bringing the total number on the ballot box to 1178. The ballot box registered five extra ballots—the actual count of ballots was 1173 and was so tallied. There were 2 spoiled ballots.

The final result of the ballots cast was as follows:

An amendment was made that the town transfer the sum of \$8,578.00 from the unappropriated available funds in the Treasury to purchase a new truck Model W212, four wheel drive Oshkosh 3 yard dump truck with heater, defroster, spotlight, rear pintle hook, electric turning signals, front and rear, for the use of the highway department, to be spent under the direction of the Selectmen.

A motion was made and seconded to have the article dismissed. Immediately, a substitute motion was made that this article be referred back to the Selectmen and let them decide what they wish to do. This motion was so voted.

Article 12. It was voted that the town accept Arthur Woods Avenue for a distance of about 1200 feet from Cambridge Street. The insertion of "Sylvester Road" instead of "Crawford Road" in the article was an error. After considerable debate on the article as to whether or not Crawford Road should be accepted at this time, it was finally decided to the satisfaction of everyone concerned that the matter of the acceptance of Crawford Road be taken up at a Special Town Meeting and properly disposed of.

Article 13. (With reference to a quorum by striking out the word 100 and inserting the word 50.) It was unanimously voted to dismiss this article.

Article 14. (School Building Committee.) A substitute motion was made that the School Committee and the Moderator elect three (3) members, neither of them elected or appointed officials of the town, to act as a building committee. The Superintendent of the Schools to act in an advisory capacity. It was so voted.

Article 15. Voted that the town raise and appropriate the sum of \$500.00 to be spent under the direction of the School Building Committee, said committee to recommend a site for an elementary school, to secure plans for the building, to obtain information on costs and financial assistance from the

State and other sources, and to report back at a Special Town meeting.

Article 16. Voted that the town raise and appropriate the sum of \$200.00 to advertise and erect signs in the Town of Burlington for the purpose of bringing new industry into the Town of Burlington, the same to be spent under the direction of the Planning Board.

Article 17. (Re re-zone land of Ruth M. Woodward from residential "B" to a business district.) Unanimously voted that the town vote to re-zone land of Ruth M. Woodward from residential "B" to a business district, located on Middlesex Street, and consisting of one and eighty-seven hundredths acres more or less, all as more fully shown on a plan filed with the Town Clerk.

The following is the report of the Planning Board to the Town Meeting February 4, 1952:

Re—Ruth M. Woodward re-zoning.

A petition was filed with the Planning Board for re-zoning of land of Ruth M. Woodward from a Residential "B" to a business district. The land is located on the Middlesex Turnpike and the corner of old Lexington Street; it contains one and eighty-seven hundredths acres of land, more or less.

A public hearing was held on the petition on October 19, 1951, after having been advertised in the Woburn Daily Times. There was no one opposed to the petition at the hearing.

The Planning Board voted unanimously to recommend to the town meeting the acceptance of land described in said petition as shown on plan and including the property now shown as business, but under non-conforming right, to be changed from residence "B" to a business zone.

Respectfully submitted,
BURLINGTON PLANNING BOARD.

Article 18. (To investigate the advisability of publishing a history of the Town of Burlington.) A motion was made and seconded that this article be dismissed. So voted.

Article 19. Motion made and seconded that the town vote to accept Chapter 40, Section 6B of the General Laws which

reads as follows: A city or town which accepts this section may appropriate money for the purchase of uniforms for the regular members of the Police and Fire Departments. So voted. Immediately a motion was made to have a secret ballot on this article. Afterwards this motion was withdrawn by the sponsor. Another motion was made that the town raise and appropriate the sum of \$15,420.00 for the Police Department, \$12,910.00 for the salaries of the Chief of Police and the Police Officers, \$1,910.00 for expenses of the Police Department, including the wages of Special Police, \$400.00 for uniforms for Regular Police and \$200.00 to be used for an Ambulance fund, the same to be spent under the direction of the Selectmen. So voted.

At this time an amendment was made that the police department be instructed to set up a schedule of rates for ambulance service. The amendment was carried.

Under this same Article 19 a motion was made that the town raise and appropriate the sum of \$18,075.00 for the fire department, \$14,720.00 for the salaries of the Fire Chief and the regular firemen, \$3,355.00 for expenses of the fire department including the wages of the call firemen, the same to be spent under the direction of the fire chief with the approval of the Selectmen. An amendment was made to the motion that the town raise and appropriate the sum of \$18,475.00 for salaries and expenses of the fire department, \$400.00 of this amount to be used for protective clothing, the same to be spent under the direction of the fire chief, subject to the approval of the Selectmen. The amendment was lost. The vote was on the original motion and it was so voted.

Article 20. Voted that the town transfer from available funds in the Treasury the sum of \$500.00 to purchase and equip a Cruising Car for the Police Department, the value of the present Police Cruising Car to be applied as part of the purchase price, the same to be spent under the direction of the Selectmen.

Article 21. (To purchase and equip an ambulance.) Voted that a committee be appointed, the Chief of Police to be Chairman, to find ways and means of collecting for use of Ambulance to report back at a town meeting.

Article 22. (Re Raising the cost of permits for building). Motion to amend Article 22 by raising the cost of permit for a

new building to \$5.00 and \$1.00 for additions and alterations. This amendment was lost and the cost of permits remain the same as of Section 5A of Article 4 of the By-Laws of the Town of Burlington.

Article 23. (Re new quarters for the Fire Department.) Motion made and seconded that this article be dismissed. So voted.

Article 24. (Re Union Health Department.) Voted that the Board of Health and the Board of Health Nurse be appointed a committee to bring back their findings at the next town meeting.

Article 25. (Re Building regulations to be added to the present By-Laws.) It was voted to dispense with the reading of the article referring to building laws. A motion was made to amend Article 25 that the Moderator be authorized to appoint a committee of five to draw a set of minimum building regulations to be presented at a later town meeting. This amendment was dismissed and a substitute motion was made that the article be referred back to the Planning Board to report their findings at the next town meeting. So voted.

MAUD S. GRAHAM, Town Clerk.

WARRANT FOR SPECIAL TOWN MEETING

Article 13. To see if the Town will vote to raise and appropriate the sum of One Hundred Dollars for the expenses of the Burlington Industrial Committee, the same to be spent under the direction of the Industrial Committee.

Article 14. To see if the Town will vote to raise and appropriate a sum of money to repair and paint the Library, or do or act anything in relation to the same.

Article 15. To see if the Town will vote to rezone land from Residence B District to Industrial District located on both sides of Route 128, beginning at a point 1000 feet to the North of the new Route 128 on the Middlesex Turnpike and running in a line Northeasterly and parallel to said Route 128 to the Boston Edison high power line beyond Route 3, thence in a Southwesterly direction 1000 feet away from and parallel to said Route 128 to a point near the intersection of Blanchard Road and Muller Road, and thence Northwesterly along Blanchard Road to said Route 128, all as more fully shown on a plan on file with the Town Clerk, or do or act anything relative to the same.

Article 16. To see if the Town will vote to build an Elementary School, and raise and appropriate, or transfer from unappropriated available funds a sum of money for the purpose of obtaining options on land for sites, Architect's fees, surveys, borings, soil tests, and any other matters incidental thereto; the same to be spent under the direction of the present School Building Committee.

And you are directed to serve this Warrant, by posting up attested copies thereof, one on the billboard at Town Hall, one on the billboard at Wilmington Road, one at Robinson's Market at Winnmere and one at Woodward's Store at Wood's Corner in said Town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting. as aforesaid.

CHESTER H. GRAHAM,
JAMES C. PIPER, JR.,
HORACE B. SKELTON,

Selectmen of Burlington.

A true copy. Attest.

June 9, 1952.

Middlesex, ss.

Pursuant to the within warrant, I have notified and warned the inhabitants of the Town of Burlington by posting up attested copies of the same at the Town Hall, Winnmere, Wood's Corner, and Wilmington Road, ten (10) days before the date hereof as within directed.

RAY LITCHFIELD,
Constable of Burlington.

PROCEEDINGS AT SPECIAL TOWN MEETING

June 19, 1952

Meeting called to order by the Moderator, Gerald F. Seminatore, at 8.40 P. M. and Clerk read the Constable's return of the warrant after which each article was taken up as read by the Moderator. There were 204 voters checked at the door.

Article 1. It was unanimously voted to confirm the vote passed at the adjourned Town Meeting March 3, 1952, whereby we voted to accept from the Trustees under the will of Marshall Simonds the sum of \$2500.00 to be spent under the direction of the Park Commissioners with the approval of the Simonds Trustees.

Before the next article was acted upon a request was made to take up Article 16 pertaining to an elementary school. The request was granted.

Article 16. It was unanimously voted that the Town build an elementary school and transfer from unappropriated available funds the sum of \$10,000.00 for the purpose of obtaining options on land for sites, architect's fees, surveys, borings, soil tests, and any other matters incidental thereto; the same to be spent under the direction of the present School Building Committee.

Article 2. (Street Light Account.) Motion made that the Town raise and appropriate the sum of \$1,063.80 for the street light account. An amendment was made that the article be dismissed and the Board of Selectmen confer with the Boston Edison Company and arrange a schedule of street lights that will conform to the amount of money appropriated at the Annual Town Meeting. This amendment was lost. Immediately a

substitute motion was made that the town vote to raise and appropriate the sum of \$838.80 for electric light bill, \$140.00 for seven (7) new lights and \$85.00 for electric light bill for the seven (7) new lights. The substitute motion was so voted.

Article 3. Motion that the town raise and appropriate the sum of \$5,000.00 to purchase a truck for the Highway Department, the value of the Chevrolet truck to be applied as part of the purchase price. Amendment was made that the town transfer from unappropriated available funds in the Treasury the sum of \$5,000.00 to purchase a dump truck for the Highway Department, the value of the Chevrolet truck to be applied as part of the purchase price, to be spent under the direction of the Selectmen.

Article 4. Voted that the Town transfer the sum of \$1,600.00 from the machinery fund account to the machinery account.

Article 5. Unanimously voted to raise and appropriate the sum of \$489.00 for Civilian Defense.

Article 6. (Acceptance of Crawford Road.) A letter from the Planning Board to the Town Clerk advised that the Planning Board has voted to approve the acceptance of Crawford Road as shown on a plan filed with the Clerk. It was voted that the Town accept Crawford Road.

Article 7. It was unanimously voted that the Town transfer the sum of \$1,650.00 from unappropriated available funds in the treasury for the repair of Arthur Woods Avenue and Crawford Road, to be spent under the direction of the Selectmen.

Article 8. Voted that the Town raise and appropriate the sum of \$5.00 as listed with the Town Accountant for the payment of a bill incurred during the year 1951 in the Cemetery Department.

Article 9. (Purchase and equip ambulance.) Motion made that the Town transfer from unappropriated available funds in the treasury the sum of \$6,300.00 for the purchase of an ambulance, and the following amounts be charged for ambulance service:

\$ 5.00 for a radius of 8 miles

10.00 for a radius of 20 miles

All revenue thus received to be paid to the Town Treasurer.

An amendment to the motion was that the Town transfer from available funds in the treasury the sum of \$6,500.00 to purchase and equip an ambulance, the value of the 1939 Studebaker ambulance presently owned by the Town to be applied as part of the purchase price of the new ambulance. Purchase of said ambulance shall be made by the Board of Selectmen and shall be submitted to bids and shall be advertised in one local newspaper at least once. All bids submitted shall be in accordance with specifications and shall be drawn up by the Chief of Police. The Board of Selectmen are hereby instructed to set up a schedule of rates in accordance with the rates recommended to this meeting by the ambulance committee, namely:

Up to 8 miles, \$6.00.

Over 8 miles and up to 16 miles, \$12.00.

Over 16 miles, \$12.00 plus .35 per mile.

Limit 50 miles.

The Selectmen shall be given the right to abate all bills in hardship cases.

This amendment was unanimously voted.

Article 10. Voted that the Town authorize the Selectmen to sell the 1930 Ford Fire Truck to the highest bidder, after being duly advertised in the Woburn Daily Times.

Article 11. It was unanimously voted that the Town raise and appropriate the sum of \$250.00 to be paid Augustus N. Berthiaume for injury incurred in the performance of his duty as a member of the Fire Department.

Article 12 Motion to see if the Town will vote to reword that section of Article 4 of the Annual Meeting pertaining to the Fire Department to read as follows: that the Town vote to raise and appropriate the sum of \$14,720.00 for salaries and wages and \$3,355 for expenses for the Fire Department. This motion was ruled out by the Moderator.

Article 13. It was unanimously voted that the Town raise and appropriate the sum of \$100.00 for the expenses of the Burlington Industrial Committee, to be spent under the direction of the Industrial Committee.

Article 14. It was unanimously voted that the Town raise and appropriate the sum of \$250.00 to repair and paint the Library.

Article 15. Before Article 15 was taken up, the Report of the Planning Board to Special Town Meeting of June 19, 1952,

was read, which follows:

Article 15 of the warrant calls for a re-zoning of land on both sides of Route 128 for a depth of 1,000 feet to Industrial District. On April 15, 1952, the Planning Board held an informal hearing at which the abutters on Route 128 were invited to attend. The consensus of opinion appeared to be that the various land owners have had opportunities to sell their land for industrial developments and that there is a need in the town for creation of an industrial zone along Route 128. The Planning Board upon its own initiative therefore voted to examine the land and prepared the Article set forth in this warrant after having held a public hearing on same which was duly advertised and which was held on May 27, 1952. At this hearing there were no opponents. It was pointed out that since the construction of Route 128 approximately seventy million dollars worth of industrial construction has taken place.

Our attention was called to the Sylvania Plant close to the Burlington-Woburn line and which has been erected in an industrial zone having a depth of 1200 feet from the boundaries of Route 128. Some of the land included in the proposed re-zoning is swampy. A good deal of it is excavated for gravel purposes and a certain portion is suitable for home construction. We feel that this land is most suitable for industrial development to tie in with the development proceeding along Route 128 in other communities. It is important for every community to have a certain amount of industrial establishment in order to provide a source of taxes. This affects the general public welfare. The area selected would be most desirable for industrial development in that it would attract industry more so than any other part of the town because of the new highway. The creation of the industrial zone would in no way affect the desire of any land owner to sell his land for home building because the industrial zone includes all the uses permitted in residential zones. The Planning Board is of the unanimous opinion this re-zoning would be for the best interests of the town.

Respectfully submitted,

JACK J. MOSS.

JOHN J. GULDE.

ELMER J. MORRISON.

WALTER J. SULLIVAN.

RALPH R. MacDONALD.

Article 15. It was unanimously voted that the town rezone land from Residence B District to Industrial District located on both sides of Route 128, beginning at a point 1000 feet to the North of the new Route 128 on the Middlesex Turnpike and running in a line northeasterly and parallel to said Route 128 to the Boston Edison high power line beyond Route 3, thence in a southwesterly direction 1000 feet away from and parallel to said Route 128 to a point near the intersection of Blanchard Road and Muller Road, and thence northwesterly along Blanchard Road to said Route 128, all as more fully shown on a plan on file with the Town Clerk.

Article 16. It was unanimously voted that the Town build an Elementary School and transfer from unappropriated available funds the sum of \$10,000.00 for the purpose of obtaining options on land for sites, architects' fees, surveys, borings, soil tests, and any other matters incidental thereto; the same to be spent under the direction of the present School Building Committee.

At this juncture James C. Piper, Jr., asked for a suspension of rules so that he could be heard on various matters. The request was granted.

A motion to adjourn was made at 10.50 P. M. So voted.

MAUD S. GRAHAM, Town Clerk.

WARRANT FOR SPECIAL TOWN MEETING

Thursday, December 4, 1952

The Commonwealth of Massachusetts Middlesex, ss.

PROCEEDINGS AT SPECIAL TOWN MEETING

December 4, 1952

Meeting called to order by the Moderator at 8.50 P. M. with a quorum of 109 voters assembled. The return of the warrant was read by the Clerk and the Moderator read each article to be acted upon.

Article 1. It was unanimously voted that the Town transfer the sum of \$664.00 from the Health Account to the Snow and Ice Account, to be spent under the direction of the Selectmen.

Article 2. It was unanimously voted that the Town transfer the sum of \$202.35 from the Highway Truck 1950 Account to the Snow and Ice Account, to be spent under the direction of the Selectmen.

Article 3. It was unanimously voted that the Town transfer the sum of \$200.00 from the Machinery Fund Account to the Machinery Account, to be spent under the direction of the Selectmen.

Article 4. It was unanimously voted that the town transfer the sum of \$500.00 from the Machinery Fund Account to the Reserve Account.

Article 5. It was voted that the Town transfer the sum of \$176.66 from the new Ambulance Account to the Police Account, to be spent under the direction of the Selectmen. Mr. William Barnes wished to be recorded as in opposition to this vote.

Article 6. It was unanimously voted that the Town transfer \$200.00 from the Veterans' Benefits Account to the Police Account, the same to be spent under the direction of the Selectmen.

Article 7. It was unanimously voted that the town trans-

fer the sum of \$85.00 from the Health Account to the Building Inspector's Account, to be spent under the direction of the Selectmen.

Article 8. It was unanimously voted that the Town transfer the sum of \$300.00 from the Veterans' Benefits Account to the Town Hall Maintenance Account, to be spent under the direction of the Selectmen.

Article 9. It was unanimously voted that the Town transfer the sum of \$536.00 from the Health Account to the Insurance Account, the same to be spent under the direction of the Selectmen.

Article 10. It was unanimously voted that the Town transfer the sum of \$1,540.00 from the Fire Department Salary Account to the Fire Department Expense Account, to be spent under the direction of the Selectmen.

Article 11. It was unanimously voted that the Town transfer \$3,800.00 from the unappropriated available funds for the purpose of purchasing a new oil burner plus the installation of safety devices for the High School, to be spent under the direction of the School Committee.

Article 12. It was unanimously voted that the Town transfer the sum of \$2500.00 from the Disability Assistance Account to the Old Age Assistance Account, the same to be spent under the direction of the Board of Public Welfare.

Article 13. It was unanimously voted that the Town transfer the sum of \$1,000.00 from the Aid to Dependent Children Account to the Old Age Assistance Account, to be spent under the direction of the Board of Welfare.

Article 14. (Re—acquiring gift from the Trustees under the will of Marshall Simonds, known as the Pearson Property.) It was unanimously voted that the Town accept the gift of property known as the Pearson Property from the Trustees under the will of Marshall Simonds, at the corner of Bedford and Cambridge Streets.

Article 15. It was unanimously voted that the Town accept Frances Road for a distance of 430 feet to the existing brook from Crawford Road.

Article 16. It was unanimously voted that the Town transfer from unappropriated available funds, in the Treasury the sum of \$500.00 to improve Frances Road, to be spent under the direction of the Selectmen.

Article 17. (Re—re-zoning property of Gordon and John McLean.) It was voted to dismiss this article. The report of the Planning Board was read by the Clerk.

December 4, 1952.

On May 27, 1952, the Planning Board held a public hearing at the Town Hall, which was duly advertised, on the petition of Gordon McLean and others to re-zone land at Center Street and Cambridge Road consisting of approximately six acres of land and formerly known as the Nettie Foster Estate. The petitioner asked that the land be rezoned from Residence B to Residence A District. The hearing was well attended and a number of people were recorded as being opposed on the ground that the re-zoning would permit houses to be built on lots of 10,000 square feet with a frontage of 60 feet. The petitioner and others spoke in favor. The Planning Board requested the petitioner to present some plans showing mete and bounds of the land for the housing development that the petitioner was proposing to construct, which plans were never furnished the Board.

The Planning Board is of the opinion that the re-zoning of this land would constitute spot zoning and would permit houses to be constructed with only a 60 foot frontage, which the Board feels would hurt the general welfare of the Town.

The land is surrounded by a large tract now zoned for Residence B which requires 20,000 square feet of land for each house. The soil is partly clay and is of poor leaching quality so that where we have no sewerage system in the Town, it is necessary to provide as large an area as possible for septic tanks and cesspools. Accordingly the Board voted unanimously as being opposed and recommends that the re-zoning be denied.

Elmer J. Morrison.

At this time the Town Clerk asked for a privileged motion to be heard on resolutions being adopted on the death of our late townsman, Carl D. Hall; these resolutions to become part of our records and copy sent to the family of the late Carl D. Hall.

CARL D. HALL

Whereas, The Great and Supreme Ruler of the Universe has, in His infinite wisdom, removed from among us, one of our most worthy and esteemed fellow citizens, Carl D. Hall, and whereas the continuous unselfish services rendered by him in the faithful discharge of his duties in the various offices held by him in this Town make it eminently befitting that we record our appreciation of him:

Therefore,

Resolved, That the wisdom and ability which he has exercised in the interests of this Town by service, contributions and counsel, will be held in grateful remembrance;

Resolved, That the sudden removal of such a life from among us leaves a vacancy and a shadow that will be deeply realized by the residents of this community, and will prove a serious loss to the public at large;

Resolved, That with deep sympathy to the bereaved relatives of the deceased we express our hope that even so great a loss to us may be overruled for good by Him who doeth all things well.

Resolved, That a copy of these resolutions be spread upon the records of this Town and a copy forwarded to the bereaved family.

Meeting dissolved at 10.28 P. M.

MAUD S. GRAHAM, Town Clerk.

REPORT OF BOARD OF SELECTMEN

To the Citizens of Burlington:

The Board of Selectmen respectfully submit this report for the year 1952.

The Board was organized at its meeting held February 5, 1952, as follows: Chairman, Chester H. Graham; Clerk, Mrs. Alice B. Carpenter.

The following supervisory appointments were made: Superintendent of Streets and Moth Department, George W. Bustead, and Animal Inspector, Ferdinand Pimentel.

Regular meetings are held on Monday evenings with special meetings at the call of the Chairman.

We have endeavored to fairly and equally consider each and every problem of town business and affairs brought to our attention by either department heads or the citizens of the town and sincerely appreciate honest and constructive criticism.

We wish at this time to thank the various heads for their whole-hearted co-operation and for their many consultations with our Board in the interest of efficient town management.

Respectfully submitted,

CHESTER H. GRAHAM,
JAMES C. PIPER, JR.,
HORACE B. SKELTON,

Board of Selectmen.

Fire Department Report

To the Honorable Board of Selectmen and the Citizens of Burlington:

I herewith submit my report as Chief of the Fire Department and Forest Warden for the year of 1952.

This has been a record year for this department, not only in the amount of calls answered but also in the amount of Property involved by fire with the resulting damage and injuries sustained by firefighters.

This is a condition that will no doubt increase with the present rate of growth of the Town.

During the year this department answered 264 calls as follows:

- 57 Brush
- 54 Ambulance
- 39 Grass

- 23 Rubbish
- 16 Building
- 13 Oil Burner
- 11 Automobile
- 11 Investigate, Electric Irons, Lightning Strikes, etc.
- 9 Rescue, Resuscitator, etc.
- 7 Out of Town
- 6 Truck
- 5 Gasoline Spill
- 3 Chimney
- 2 Motors
- 2 Unnecessary
- 2 False
- 2 Refrigerator Gas
- 1 Propane Gas
- 1 Tewksbury Civil Defense

In addition to these calls, approximately the following number of communication calls were handled by the firefighters on duty at the station:

2500 Fire Department Telephone
 1500 Police Department Telephone
 1000 Radio

The following equipment was used:

17,900 feet of $\frac{3}{4}$ inch hose
 9,650 feet of $1\frac{1}{2}$ inch hose
 8,400 feet of $2\frac{1}{2}$ inch hose
 228 feet of ladders
 31,175 gallons of water from Booster Tanks
 100 cubic feet of Oxygen
 21 pounds of CO₂

Pumps operated 57 hours

231 acres of Brush and Grass were burned

Outside departments responded on four occasions

308 Permits were issued for open air fires

508 Permits were issued for gas and oil installations and storage

Value of Buildings, Autos and Trucks involved by

fire\$151,800.00

Value of Contents involved by fire 23,250.00

Total\$174,050.00

Damage to Buildings, Autos and Trucks involved	
by fire	\$28,705.00
Damage to Contents involved by fire	7,475.00
	<hr/>
.....	\$36,180.00

Two Firefighters required hospitalization as a result of burns received in line of duty.

Two Firefighters required medication due to a foot and leg injury received in line of duty.

The conditions of Engines 1, 2 and 3 is good.

The condition of Engine 4 is fair considering the fact that this truck is now 19 years old.

The condition of hose and quarters has not improved since last year's report.

In my budget for 1953 I am asking for an increase in pay for the Firefighters. At present the permanent men work an average of 81 hours per week and receive 68 cents per hour. They get one day off per month, and are expected to respond to alarms of fire during their time off at no extra pay.

The call men must leave their home or place of business to answer an alarm, in their own car, and receive the sum of \$1.02½ per hour.

Respectfully submitted,

DAVID W. SKELTON,

Chief of the Fire Department and Forest Warden.

Sealer of Weights and Measures Report

To the Honorable Board of Selectmen

Respectfully submitted,

LLOYD A. ULSON,

Sealer of Weights and Measures.

Tree Warden's Report

I hereby present my report as Tree Warden for the year 1952.

The appropriation for the past year was used for the removal of trees and broken limbs from the streets, also taking care of as many dead trees as the appropriation would cover.

The Dutch Elm Disease is spreading rapidly throughout the town; there are quite a number of dead trees on the roadside caused by this disease, and there will be a lot more in the coming year, these trees rot quickly and should be taken care of as soon as possible, therefor the need of a larger appropriation is necessary.

RALPH E. KNOWLES, Tree Warden.

Director of Civil Defense Report

Honorable Board of Selectmen:

We have a one hundred per cent Auxiliary Police and Fire

Department, second to none in the Massachusetts area (Region 4) and the co-operation of the people of Burlington is very gratifying.

Blood Typing July 18th and 19th was very good. Eighty-three (83) persons were typed at that time.

Four meetings were held for everyone connected with Civilian Defense with about fifty per cent of the quota present.

I have had four (4) resignations since my appointment and their places have been taken by men of high caliber. I am sure that we will be near one hundred per cent in the near future.

I have sent hundreds of replies to requests I have received, besides obtaining emergency stickers for seventy-five per cent of the personnel. Gentlemen, I report one of progress.

CHARLES L. WHITE,

Director of Civil Defense.

Report of Library Trustees

To the Citizens of Burlington:

In this, the first report written by the library trustees in a number of years, we wish to inaugurate a campaign to increase the number of those who take advantage of the library services, and in turn, to increase the service that the library is prepared to give.

Actually, in this past year the board has laid the groundwork for this progress. Realizing that there is a heavy expense involved in bringing our library up to a par with other town departments, the board plans to spread this improvement over a number of years, doing first things first until service comparable to that given by any library in towns of this size is realized. First on the list of improvements, of course, are the necessary repairs to the physical plant itself. During the past year the outside of the building was painted. Included in the warrant for this year's annual meeting is an article for replacing the worn out one pipe, coal burning furnace, with a modern forced air heating system, more suited for a public building. In following years the board plans to water proof the cellar, add shelf space, and install a more comfortable reading and study space.

Because of liberal trust funds left to most libraries, it is unnecessary for them to rely heavily upon town appropriations

for meeting library expenses. This is not the case with Burlington. We have two trust funds, each with a principal of \$1,000. One has been left to accumulate, while the other has been used continuously. In this past year, in an effort to bring more than the usual amount of literature into the library, the board has spent a little more heavily from the Simonds Trust Fund, thereby lowering the amount which has been drawing interest. Unless larger appropriations are granted, or new trust funds are added, it will be necessary to continue this practice, until eventually there will be only the small amount of interest each year on the original principal.

This library was instituted to meet the needs of the people of Burlington. So that the board may be truly guided in bringing to Burlington the library service which will be best for the community, the board urges all of the citizens to visit the library, use its facilities and make suggestions for its improvement.

Respectfully submitted,
JOSEPH L. FOSTER,
FLORENCE P. SYMMES,
WALTER W. FREDRICK,
Board of Library Trustees.

Report of Librarian

To the Honorable Board of Library Trustees:

I herewith submit my report for the year 1952:

Number of Books on catalogue in 1952	7762
Number of books donated during year	35
Number of books purchased during year	92
Number of books in circulation according to months:	
January 240	May 210

March 230	July 270
April 249	August 321
	September 377
	October 276
	November 248
	December 260
Total number of books circulating in 1952	3009
Adult readers in 1952	75
Juvenile readers in 1952	125
Number of non-fiction added to shelves in 1952	25
Number of non-fictions in circulation during November and December of 1952	96
Among the kind people who have donated books to our	

library are: Mr. and Mrs. Steadman Rice, Mr. and Mrs. Dudley Briggs, Mr. and Mrs. Robert Burns, and Mr. and Mrs. Joseph Merino.

Number of magazines on our reading table 17

The library has been open on Wednesday and Saturday from 2.00-5.00 and 7.00-9.00 P. M., and on Tuesday evenings from 7.00-9.00.

Many school pupils have been encouraged to make use of our library for study and it is hoped in 1953 that many more will come to read and study.

Respectfully submitted,

LOTTA C. R. DUNHAM, Librarian.

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of Burlington:

We hereby present our report for the year 1952.

The lots and graves listed below were sold during the year:

Agnes T. Ahman	Lot	374
Margaret Wilson	Single Grave	94
Margaret E. Bassett	Lot	350A
Mrs. Harold Pedersen	Single Graves	81 & 82
Edward McLaughlin	Lot	350B
Harry Staples	Lot	391
Kenneth Libby	Single Grave	38
Mrs. Ivan T. Johnson	Single Graves	79 & 80
Angelina Duffizzi	Single Grave	72
Frank Commers	Single Graves	75 & 76
Ferdinand Pimentel	Single Graves	83 & 84
Virginia Pimentel	Single Grave	85
Robert Mitchell	Lot	390

Baby Graves: Baby MacDonald, Baby Borgeson, Baby Colangelo.

Work on Perpetual Care Lots has been done as follows:

Labor	\$363.00
Flowers	49.40
Loam	30.00

Total	\$442.40
-------------	----------

There were twenty-four interments.

Under the direction of our Superintendent, William Winn, both the Old Burying Ground and Chestnut Hill Cemetery have been maintained in excellent condition.

It seems advisable to raise the superintendent's wages, repair the entrance and fencing, and to continue with our road repairing program. These repairs and improvements necessitate our request for an appropriation of \$4,600.00 for the ensuing year.

With the increase in number of people moving into Burlington, it will not be too long before the town will have to secure more land for burial purposes. On December 31, 1952, there were approximately the following lots in Chestnut Hill Cemetery to be sold: forty 4-grave lots; three 8-grave lots; two 10-grave lots, and seven single graves.

It has been brought to the attention of the Commission that the soldiers' lot is filling up very fast. The Commission is looking into securing another lot for this purpose.

With these repairs and improvements our budget for 1953 is less than the 1952 appropriation.

Respectfully submitted,

HERBERT W. CRAWFORD,

ELMER E. GURNEY,

DAVID W. SKELTON,

Cemetery Commissioners.

REPORT OF THE SCHOOL COMMITTEE

Citizens of Burlington:

In undertaking our report we cannot stress too much the concern we hold for the housing problem that is rapidly developing in our midst. We ask you to read and to analyze at this time the report contained herein of our Superintendent of Schools dealing with this matter.

You undoubtedly know that in the very near future you will be asked to solve this problem by accepting the recommendation of your school building committee, of which your school committee are members, for the erection of a new school. We ask you to study the facts as presented in this committee's report and to act alone for the best interest of the children of the town.

The enormity of the problem is best illustrated by the fact that your school committee has been forced to petition the Board of Selectmen for the use of the upper hall of Town Hall for classroom purposes commencing next September.

Because of the increased membership in our schools the cost of education is due to increase. This is a matter that disturbs all of us. However, in the very near future the opportunity will be presented you to help reduce the cost locally. It's success requires your help. Due to be considered at the current session of the legislature is a bill that would double state aid. To Burlington this would mean doubling of the present state aid reimbursement to schools, which amounts approximately to \$37,000.00. You can help by contacting your Representatives and Senators at the opportune time, requesting them to act favorably on this legislation. It is our intention to keep you notified through your local newspapers of the developments and advise you when to write.

In closing, we wish to thank you for the cooperation rendered to your School Committee in the past year and request that you continue to take an active interest in the affairs of the school to the end that Burlington may pride itself for providing the best for the proper mental, moral and physical development of its children.

Respectfully submitted,
ELMER J. MORRISON, Chairman.
MABEL H. KEATING.
CHARLES L. MCGINNIS.

Report of Superintendent of Schools

To the School Committee Chairman and Members:

As I undertake my annual report to you the one matter that stands out in my mind above all others is the housing problem that confronts us. I know only too well that your feelings and concern about this matter are no different than mine. Because of the gravity of the situation I intend to make it the subject of my report. To be sure, we have high hopes that a solution to the vexing situation will be forthcoming in the very near future and, realizing this, feel this occasion presents an ideal opportunity to acquaint the citizenry of the town with the facts.

With your indulgence and the indulgence of the other members of the School Building Committee I intend to say a word on what we feel a long-range and economically sound solution to the problem should be, namely, a new 20 room elementary school building. My remarks on the latter subject will, I hope, not infringe on the function of the School Building Committee knowing that this hard-working, conscientious group intend in the very near future to report the results of their efforts to the town.

Just a year ago the School Committee and Superintendent in their report to the town that appears in the 1951 Annual Town Report stated and I quote, "That the present elementary plant will be inadequate not in a few years but with the opening of schools in the Fall." That was this last September. This report cautioned, and again I quote, "The possibility of the junior-senior high building developing an over-crowded condition in the near future warrants watching."

These statements were based on data, which appears below, prepared by the Massachusetts School Building Assistance Commission. These figures, estimates of school enrollment for Burlington for the years 1951-1960, were projected from enrollment figures supplied for the five years previous. They were computed by means of a formula based on the per cent of survivorship, a formula recognized as one of the more reliable methods for predicting school population.

60-61							94	84	70	48	44	44		248	136

The committee assuming these figures as reliable because they likewise conformed with the available census data, proceeded to make plans to accommodate the expected enrollment for the current school year. With the need of an additional classroom for the first grade it decided to move one of the fifth grades to the high school. Such a step was undesirable but unavoidable and I can assure you now that the move has taxed the high school to such an extent that if it were necessary to find additional space in this building for grade school purposes it would of necessity mean curtailing the high school educational program.

With the organization of the School Building Committee last March the problem was thrust on the shoulders of four additional people. Strange as it may seem, with the organization of the body came the realization, and of this we had been warned, that the method for projecting enrollment described above functions for communities that are experiencing normal growth. With the coming of Spring and the influx of new families into the town it soon became apparent that the expected drop in school membership was being more than offset by new registrations. This experience plus the knowledge that St. Charles school in Woburn would be unable in the foreseeable future to accept children from outside the parish because of demands within its own confines convinced the committee of the need of a 20 room building. This it recommended in June.

Consequently, although it was hoped it might be otherwise, it was no surprise to those associated with the problem to witness a considerable increase in enrollment with the opening of school this current year. However, there is an additional aspect to this year's enrollment that further complicates the problem and that is its continuing growth. Ordinarily, following the completion of the official school census, taken annually by October 1, there is but a slight change, increase or decrease, for

the balance of the school year. That is not the case this year as evidenced by the figures below.

The balance of this report will be devoted to an attempt to prove to you, the citizens of the town, the pressing need of a new 20 room building if we are to solve our housing problem on a long-range and economically sound basis. It will be an attempt to analyze the problem in the light of official school census and projected figures and to ultimately project next year's enrollment, which figure, I feel sure, will convince one of the urgency of the contemplated project.

Stated below is the necessary enrollment data required for this study.

* School Building Assistance Commission of Massachusetts

A cursory examination of the figures just above reveals some very interesting facts. A mere glance is sufficient to show that the grade school enrollment currently exceeds that of the junior-senior high school by 200. Note the following about the elementary grade figures: that the pupil increase this past October 1 amounted to 69 over the official census figure of a year

ago; that this official figure of 501 is greater than the commission's projected figure for this period by 46; that since October 1 last to January 5, 1953, a period of three months, the enrollment has risen to 517, an increase of 16. A glance at the high school figures discloses the following: that the enrollment exceeds 300 and stands at the moment at 310; that each year for the next six years at least will witness a marked increase in the high school.

Incidentally, another item of importance to the subject at hand is manifested in the first table listed in the report. It is to be noted here that when you compare the enrollment of October 1, 1952, or better still, that of January 5, 1953, with the figures in the columns listing total enrollment, Burlington has already reached the enrollment predicted for the year 55-56.

What conclusions can be logically drawn from these observations? Obviously, as was explained above, this is a community that is experiencing above average growth. Next, understanding that the educational facilities of the high school were intended to accommodate 300 pupils, although a study last year revealed that 330 could be accommodated without curtailing the educational program, next September will see it taxed beyond its capacity. Facts testify to this. With a class of 43 graduating in June and a class of 78 sixth graders moving into the high school in the Fall, next September will witness an enrollment of 345 pupils. This figure, be mindful, does not include a fifth grade of approximately 40 children, which class, of necessity, must again be housed in the high school. The end result of which means that the educational program more than likely will suffer.

The solution to this problem, as reasoned by those associated with the study, is the construction of a new school to house the elementary grades. Such a move would provide eight additional classrooms at the Union School for junior-high school pupils and, thereby, prevent the developing housing problem at the high school. Lest it be thought that such a move might provide more than ample room and a consequent waste of space an examination of the grade school figures above proves conclusively the need of all such rooms within the next five years. This, in essence, is proper planning because it is based on a long-range aspect

From reports it would seem that the public in gen-

eral are convinced that a housing problem exists in the grade schools. On the other hand, it would appear that there is a divergence of opinion on whether the adequate and long-range solution to the problem lay in the erection of a 20 room building. That seems to be the issue at hand.

The author, in attempting to prove the need for such a building, assumes that all recognize the need of using the Union School to solve the impending high school housing problem. Such being the case, the point at hand is to prove that the grade enrollment within the next few years will reach 600, an enrollment requiring such a size building if the pupil-teacher ratio of 30 is to be observed.

Here, too, an examination of the tables above will suffice to prove the point. The projection of next year's enrollment will be based on the figures of October 1 last with due allowance for both the commission's underestimation of future enrollment and the growth experienced from October 1, 1952, to January 5, 1953. Considering all these factors the school year '53-'54 will see an enrollment of close to 550 pupils in grades 1-6. This figure is derived as follows: deduct this year's sixth or next year's seventh grade of 77 from 501, this leaves 424; add a minimum of 110 first graders which is computed jointly on the commission's projected figure of 99 plus an allowance for the percentage of error evidenced this year—this adds to 534; plus an allowance of approximately 15 pupils who will have transferred to Burlington — a total of 550.

In projecting enrollments in a similar fashion for the two years following it is computed that if the figure of 600 is not reached in '54-55, it will not only be realized but far exceeded the following year.

In closing, although this report expresses in the main the thinking and opinions of the School Building Committee, whose efforts I deeply appreciate, whose indulgence I beg, I ask you to challenge the logic and facts expressed herein to the end that Burlington may solve this problem in a fitting and lasting manner.

ANNUAL REPORT OF SCHOOL DEPARTMENT

School Session

Junior-Senior High School—From 8.00 A.M. to 1.34 P.M.
Union School — From 9.00 A.M. to 2.30 P.M.

Age of Admission

Pupils entering the first grade in September 1953, must be five years of age on or before January 1, 1953. In other words, a child entering Grade One next September will have reached his sixth birthday on or before January 1 of the year 1954.

Vaccination

The state law requires all pupils attending public school to be vaccinated. Exceptions will be made of a child presenting a certificate signed by a registered physician to the effect that he has personally examined the child and found his physical condition such that his health would be endangered by vaccination.

Attendance

Regular attendance is necessary to do satisfactory work. A written excuse from the parent or guardian is required for every absence, tardiness, or dismissal. No pupil is allowed to leave the school during the session without permission from the Principal or Superintendent. Unless the pupil brings with him a written request for dismissal from his parents or guardian, he is permitted to leave only in case of emergency.

Teachers may require pupils to attend the extra afternoon session if it is necessary for success in their work or for discipline.

Report of School Physician

To the School Committee
Burlington, Massachusetts

Greetings: — Physical examinations were given to all pupils in Grades I, IV, VIII and XI.

All children participating in sports and taking part in physical education were examined as to their fitness.

Several cases of chicken pox were reported during the year. At the Immunization Clinic ninety-six children received double antigen.

I have enjoyed serving the Town of Burlington as School Physician.

FRANCIS J. LOGUE, M.D.

Report of School Nurse

To the Superintendent and School Committee:

I hereby submit my report for School Nurse for year 1952.

I assisted the School Physician, Dr. Francis Logue, in his examination of all pupils taking part in the physical education program. A new State Health regulation advises that all first graders should have the school health examination done by the family physician before entering school. This year about sixty per cent complied with the request. All other children in first, fourth, eighth and eleventh grades were examined by the school doctor and parents notified of defects. A number of cases of chicken pox were prevalent at the opening of school in September. However, pediculosis scabies and impetigo were at a minimum.

Regular supervision was given to children's height and weight. Double or triple antigen was given to ninety-six children. In addition to the usual vision testing by teachers, Dr. Sidney Adams examined the three lower grades. New pupils and other children referred by teachers. The response to notices sent home has been very good.

Hearing tests were given by teachers and referrals examined with the Pure Tone Audiometer.

Dr. Paul Logue conducted the dental clinic, made twenty-six visits and completed fillings, extractions and cleanings on three hundred eighty-four children.

I wish to thank the Superintendent, School Committee, School Physician, Teachers and members of the Board of Health for their cooperation.

JULIA M. CONNORS, R.N., School Nurse.

Report of Attendance Officer

To the Superintendent and School Committee:

I submit my report as Attendance Officer for the year 1952.

Daily contact was made with the school for the names of all pupils absent and followed through by a check with the home.

Parents appreciate the interest in follow-up of absentees which in most cases was due to illness.

Respectfully submitted,

JULIA M. CONNORS, Attendance Officer.

REPORT OF ASSESSORS

To the Citizens of Burlington:

The Board of Assessors has completed the busiest and undoubtedly the most difficult year in the history of our town; busy in the respect that Burlington is recognized as one of the three fastest growing municipalities in Middlesex County in the 10,000 or less population group, and difficult in the sense that our present working conditions and equipment have failed to keep pace with our town's postwar accelerated growth.

Needless to say, we are now faced with the alternative of larger expenditures in order that we may modernize our present system and make our Assessors' Department a credit to the town.

During the past year Board meetings have been held on Tuesday and Thursday evenings and Saturday afternoons. Our Thursday meetings are open to the citizens and taxpayers; our other meetings are Board meetings for the purpose of accomplishing our work. Under the present set-up, our Thursday and Saturday meetings are held in the same room during the same hours that Mr. Edward Fogelberg, our Tax Collector, has his office hours, also. Such a system offers no privacy to either department and most certainly does not tend to expedite the efficiency of either the Tax Collector or the Assessors' Department.

In summarizing the duties of the Assessors, it must be remembered that our prime function is to provide an impartial source, or sources, of revenue against which our town may draw in order to satisfy its municipal financial requirements. To do this in a town such as ours, lacking as we do a healthy backlog of industry, means that our primary source of tax money must continue to come, as it has in the past, from real estate and land. There is, however, some slight industrial trend for industry to locate here as noted by several small industrial concerns having located in Burlington since 1946. Among our present industries we call to your attention:

1. John Allen Wood Working Co., Inc., North St, \$15,000.
2. Aero Screw Co., Inc., Wilmington Rd., \$15,000.
3. Morrissey Brothers Tractor Co., Inc., Middlesex Turnpike (unfinished as of January 1, 1952), \$25,000.
4. Allied Equipment Co., Inc., Routes 3 and 128 (undetermined at this date).
5. Clyde Everett Broom and Service Co., Inc., Route 3 and

128 (undetermined at this date).

Judging from the above, we find little consolation in seeking immediate relief from continuing to draw the largest proportion of our assessments from our present source, namely, real estate and land.

A statement or two in reference to tax exempt property and abatements in the Town of Burlington for 1952. During the calendar year 1952, the Board of Assessors granted (mandatory by law) the following number of real estate abatements:

Under clause 17 (widows) 13; under clause 22 (veterans of World War I and II) 64; and under clause 23 (Spanish War Veterans or their widows) 5, making a total of 13 abatements totalling \$1,161.74, and 69 abatements of approximately \$2,000 each (total \$7,792.01) or a grand total of \$8,953.75.

In reference to tax exempt property, we are currently carrying on our books for the year 1952, tax exempt property valued to the extent of \$666,585.00.

A breakdown of the above property shows the following individual valuations:

Churches and related property	\$17,850.00
Cemeteries	1,280.00
Commonwealth of Massachusetts	5,300.00
Burlington Water District	350,250.00
City of Boston (Cummings Estate)	36,100.00
Town property, including High School, Library, Fire Station, Town Barn	246,330.00
Simonds Park	9,475.00
<hr/>	
Total	\$666,585.00

Your Board of Assessors wish to thank other departments and citizens who have cooperated with us during the past year and have assisted us by supplying data and other information pertinent to our records. In particular, we wish to thank our Collector of Taxes, Mr. Fogelberg, for his assistance and trust that our inter-department relationship will continue to be one of mutual benefit to our respective departments and to the Town. Our clerk, Mrs. Vora Merrigan, has rendered valuable assistance, often times working under difficult working conditions, but always cooperative and satisfactorily done.

We wish any citizen of the Town who wishes to obtain information first hand or to discuss any problem pertaining to

local taxation to meet with us on Thursday evenings at eight o'clock.

TAX COLLECTOR'S REPORT

To the Citizens of Burlington:

Once again I wish to call to your attention that the Tax Collector's Department is growing along with the Town and that the Tax Collector's budget will, of necessity, reflect that growth. Not to expect it to do so would be the height of wishful thinking. As one example of the number of actual dollars involved in this growth, the Real Estate taxes committed in 1950

amounted to \$145,935.52, in 1951 they amounted to \$178,-149.87, and in 1952 the commitment was \$207,386.19. This represents an increase of approximately \$30,000.00 a year on Real Estate alone in the *Town* alone. At this rate the Real Estate commitment for 1953 will be in the neighborhood of \$235,000.00 to be collected, not over a counter or through a teller's window, but over a table top (real home-like).

Our Town Hall reminds me of the young couple who, on their wedding day, bought a two room house for a home and, at the end of fifteen years, with a brood of eight, live in the same two rooms. Something has been added, activity has increased, but the space provided hasn't. That's our Town Hall. It started out with a Board of Selectmen. Now it has a Police Department, a Water Department, a Welfare Department, an Assessors' Department, a Tax Collector's Department, a Building Inspector, and soon will have the Town Clerk's Department.

Does either one of these departments have enough room? The answer is emphatically, No! Is there any privacy? No! And the efficiency? How can the desired efficiency be attained under such conditions? The handling of large amounts of money especially cannot be carried on without error where people bump into one another going about their various affairs, and where several different conversations are being carried on at once. I respectfully suggest again that some thought be given to alleviating this congestion.

The following taxes were committed to me in 1952:

1952 Real Estate	\$207,386.19
1952 Personal Property	22,292.71
1952 Poll	2,218.00
1952 Excise	20,473.50

JOHN E. FOGELBERG, Collector of Taxes.

BOARD OF HEALTH REPORT

To the Citizens of Burlington:

We hereby submit the annual report of the Board of Health for the year ending December 31, 1952.

Joseph L. Foster was appointed Inspector of Slaughtering for the year 1952.

Under the provisions of Chapter 75, Section 52, the following cases of communicable diseases were reported during 1952: Chicken Pox 9, Dog Bite 4, Mumps 3, Poliomyelitis 1, Scarlet Fever 3.

We are grateful for the co-operation and advice given the Board during the year by Mrs. Julia Connors, R.N., School Nurse.

Respectfully submitted,
CHESTER H. GRAHAM,
JAMES C. PIPER, JR.,
HORACE B. SKELTON,
Board of Health.

Report of Inspector of Slaughtering

Burlington, January 8, 1953.

To the Honorable Board of Health:

I have examined the carcasses of 2,077 swine slaughtered in this town during the year 1952, 109 of which were condemned and disposed of as the law required. I have also made regular monthly returns to the State Board of Health as required by statute.

Respectfully submitted,
JOSEPH L. FOSTER, Inspector of Slaughtering.

1952 REPORT OF THE WORK OF THE MIDDLESEX COUNTY EXTENSION SERVICE IN BURLINGTON

The Middlesex County Extension Service is an organization maintained by the County in cooperation with the University of Massachusetts, and the U.S.D.A., to serve the citizens of the town in the field of agriculture and home economics. The work is carried on under the guidance of the town director who is assisted by the chairman in homemaking and boys' and girls' 4-H Club work.

The County office makes farm and home visits to help when requested, and, in addition, carries on organized projects County-wide under the guidance of farmers' and homemakers' service on County Committees.

Radio service is maintained weekly on WBZ; monthly on WHDH, and five days a week during the summer on WKOX. A monthly bulletin with a circulation of 5,000 is maintained and timely notices of interest to dairymen, fruit growers, market gardeners, poultrymen, and commercial florists are sent to anyone on request.

Some of the special activities of local interest follow. Dairymen were primarily interested in cooperating in the New England-wide Green Pastures Program, the Dairy Herd Improvement Association, Owner Sampler work, and Selective Breeding.

The Extensive Poultry Program in 1952 was keyed to help poultrymen and turkey growers to improve the efficiency of their operations, maintain flock health, and take better advantage of their marketing opportunities. Efforts were made to provide breeders with information which might help them to hold their prominent place in the industry and routine service was provided in all phases of poultry and turkey farming.

Lincoln Knoll Farm was a member of the 1952 Middlesex Flock Health Program.

A spray service is maintained by radio to all fruit growers as well as market gardeners. Fruit growers also follow closely the weekly twilight meetings held during the growing season to keep abreast of production and marketing problems. There has been an increased demand from home owners for information on vegetables, flower gardens, and lawns.

Seventy-three boys and girls were enrolled in 4-H Club work, carrying on activities in garden, poultry, livestock, clothing, knitting, and food preparation. They were under the leadership of Mr. and Mrs. John Buttrick, Mrs. Margaret Gregory, Mrs. Leonard Walsh, Marie Seminatore, Edward Melendy, and Lester Anderson. John Buttrick is President of the Eastern 4-H Leaders' Organization, which held its annual meeting with a pot-luck supper at the Burlington High School. Eight girls took part in the County Girls' Day in Lexington. Nine Club members attended Camp Middlesex.

SELWYN H. GRAHAM, Town Director.

COMPARISON OF APPROPRIATIONS

Any Deviation from the Appropriations
shown will change the Percentages
in the Chart below

ATTEND TOWN MEETINGS

Citizens who fail to attend the TOWN MEETINGS are not only unmindful of their own interests, but are unfair toward the large number of men and women who give so freely of their time and energy in the management of the business of the Town and are anxious to learn whether their policies and procedure are in accordance with the majority.

FROM THE FINANCE COMMITTEE TO THE VOTERS

Your Finance Committee wishes to thank all the officials of our Town for their spirit of co-operation and their sincere effort to hold down requests for appropriations to avoid a condemning tax rate.

Some of the requests for increase were made mandatory by State Law, such as the minimum salary of \$2300 for school teachers. Another is the new law regarding aid to the physically handicapped. There are also increased demands for aid to dependent children and the aged. These items are beyond our control and will be reflected in the tax rate.

Based on the valuation of last year and the receipts from various sources we estimate that the tax rate for 1952 will be \$62.00, if the voters do not exceed our recommendations which are all set forth herein. It should be pointed out that every \$1,000 appropriated raises the tax rate about 30c. Our estimated tax rate does not include any appropriations not listed as being recommended by us in this report to you.

Respectfully submitted,
RALPH R. MacDONALD, Chairman.
ROBERT A. BURNS, JR., Secretary.
STEWART AHMAN.
WILLIAM E. REMICK.
JACK J. MOSS.

WARRANT FOR SPECIAL TOWN MEETING

Tuesday, January 27, 1953

The Commonwealth of Massachusetts

Middlesex, ss.

To either of the Constables of the Town of Burlington in the County of Middlesex:

Greeting:

In the name of the Commonwealth of Massachusetts, you are hereby directed to notify and warn the inhabitants of said Town, qualified to vote in elections and in Town affairs, to meet at the Town Hall in said Town on Tuesday the 27th day of January next, at 8:00 o'clock in the evening, then and there to act on the following articles:-

Article 1. To see if the Town will vote to raise and appropriate a sum of money for the purpose of acquiring land and for the construction thereon of an elementary school building, and for originally equipping and furnishing said building; determine whether the money shall be provided for by taxation, by appropriation from available revenue funds, and by borrowing under authority of Chapter 44 of the General Laws and Chapter 645 of the Acts of 1948 as amended or take any action in relation thereto.

Article 2. To see if the Town will vote to transfer a sum of money from the New School Account to the Treasurer's Expense Account or do or act anything in relation to the same.

Article 3. To see if the Town will vote that the School Building Committee appointed under Article 16 of the warrant for the town meeting held on June 19, 1952, be designated a school building committee with full authority to enter into all contracts and agreements necessary to construct, equip, and furnish the elementary school building.

And you are directed to serve this Warrant, by posting up attested copies thereof at the Town Hall, one on the billboard at Wilmington Road, one on the billboard at Woods Corner and one on the billboard at Winnmere in said Town, seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this 12th day of January in the year of our Lord one thousand nine hundred and fifty-three.

CHESTER H. GRAHAM,
JAMES C. PIPER, JR.,
HORACE B. SKELTON,
Selectmen of Burlington

A true copy. Attest:

MAUD S. GRAHAM, Town Clerk

Middlesex, ss.

Burlington, Mass.

Pursuant to the within warrant, I have notified and warned the inhabitants of the Town of Burlington by posting up attested copies of the same at Day's Store at Wood's corner, Robinson's Store in Winnmere and on the bulletin board at the Town Hall and Wilmington Road at least seven days before the date hereof, as within directed, and have caused to be sent to each voter a copy of this warrant, seven days before the date hereof as within directed.

RAY W. LITCHFIELD
Constable of Burlington

A true copy. Attest:

MAUD S. GRAHAM, Town Clerk

PROCEEDINGS AT SPECIAL TOWN MEETING January 27, 1953

The meeting was called to order at 8:10 P. M. by the Moderator and the Clerk read the warrant and constable's return. There were 288 voters checked at the door. After Article 1 of the warrant was read the Moderator gave everyone the privilege of asking questions regarding the new elementary school construction and incidentals, thereto. The discussion proved of much interest to the voters.

Article 1. Voted that the sum of \$675,000.00 be raised and appropriated for the purpose of acquiring land, and for the construction thereon of an elementary school building, and for, originally equipping and furnishing said building and for all expenses incidental and necessary thereto and that to meet said appropriation, the sum of \$25,000.00 be appropriated from

available revenue funds and that the treasurer, with the approval of the Selectmen, be and hereby is authorized to borrow the sum of \$150,000.00 under authority of Chapter 44 of the General Laws and the sum of \$500,000.00 under authority of Chapter 645 of the Acts of 1948 as amended, and to issue from time to time bonds or notes of the Town therefor payable in accordance with the provisions of said Chapter 44 of the General Laws. There were 246 in favor and 18 opposed.

Article 2. It was unanimously voted that the Town transfer the sum of \$2,000.00 from the New School Building Account to the Treasurer's Expense Account to be spent under the direction of the Treasurer.

Article 3. It was unanimously voted that the School Building Committee appointed under Article 16 of the warrant for the Town Meeting held on June 19, 1952, be designated a School Building Committee with full authority to enter into all contracts and agreements necessary to construct, equip, and furnish the elementary school building.

Meeting adjourned at 9:25 P. M.

ANNUAL TOWN ELECTION

February 2, 1953

The Annual Town Election was called to order by the Moderator, Gerald F. Seminatore, at 9:50 A. M., with the reading of the warrant and the Constable's return by the Town Clerk, as far as Article 2 when a motion was made and seconded that the reading of the remainder of the warrant be dispensed with. A motion was made and seconded and it was voted that the Moderator be requested to take any necessary action, in accordance with Chapter 54, Section 65 through 85A and all other provisions of the Election Laws, to prevent the distribution, exhibition or posting of any poster, card, handbill, placard, picture or circular, intended to influence the action of any voter, in the polling place, in this building, on the premises on which this building stands, on the sidewalk in front of the building or within 150 feet of the entrance to this Polling Place and to keep the premises and sidewalks clear of and unobstructed by any person attempting to influence a voter.

The Election officers were sworn and ballots numbering 1850 were delivered to the ballot clerks. Ballot box was examined, found empty, and register at 0000. The ballot box was closed and locked according to law.

The Moderator declared the polls open at 10 A. M.

The election officers were as follows:

Margaret Galipeau, Florence G. Cronin, Vora Merrigan, Agnes Mohan, Anna J. Sullivan, Georgiana Nelson, Jeanette McMullin, Mary Sweeney, Inez Sheerin, Elizabeth Symmes, Evilo McGinnis, Mildred Swanson, Julia Connors, Mary Bennett, Alice Carpenter, Marian Howard, Chester C. MacDonald, Lavina Hudson — as they appeared for duty they were sworn in by the Clerk.

There were two voters who were assisted in voting. At intervals the ballots were taken out by the Clerk and Moderator, assisted by the election officers and canvassed and counted. After each procedure, the ballot box was locked and voting continued until 8 P. M. when the polls were declared closed, by the Moderator, and the remaining ballots taken from the box and canvassed and counted by the Election officers. The ballot box at 8 P. M. registered 1186 ballots as having been

cast, the number of absent ballots being cast was 86 - making a total of 1272 ballots as having been cast in the election.

The result of the vote was as follows:

MAUD S. GRAHAM, Town Clerk.

PROCEEDINGS AT ADJOURNED TOWN MEETING March 2, 1953

Meeting called to order by the Moderator and on motion made and seconded it was voted that we dispense with the reading of the minutes of the adjourned town meeting, February 16, 1953.

Article 15. Voted that article 15 pertaining to the election of a tax collector for a term of three years, be dismissed.

Article 16. Voted that the town transfer from unappropriated available funds the sum of \$750.00 for the purchase and installation of a heating system, same to be spent under the direction of the Library Trustees.

At this time a motion was made and it was voted that Article 10 be reconsidered. An amendment was made and it was voted that the figures \$185.34 be inserted in place of \$18.53 and that the total of same be changed from \$1,643.56 to \$1,810.37.

Article 17. Voted that we transfer from available funds in the treasury the sum of \$1,950.00 to be used for wiring the Union School for fire protection, tying in the New School to the fire alarm system, and adapting station circuits including register tape. Any unexpended balance to be spent towards tying the High School into the fire alarm system. The same to

he spent under the direction of the Fire Chief subject to the approval of the Selectmen and with the approval of the school committee on installations on school property.

Article 18. Voted that the town instruct the Selectmen to confer with the Simonds Trustees with the possibility of acquiring the property adjoining the Town Hall, now occupied by Miss Jessie Dodge with view to remodelling the property for town offices.

Article 19. Motion was made that the town vote to change from a Residence "B" Zone to a Business Zone the land to a depth of one thousand feet on both sides of that portion of Cambridge Street lying between the Burlington-Woburn boundary line and the southerly line of the Industrial Zone created southerly of Route 128 in 1952, as more fully shown on plan on file with the Town Clerk. A motion was made that we dismiss the article. Amendment (not seconded) was made that we table this article for the next special or regular town meeting. Another motion was made and it was voted that the land on the east side of Cambridge Street, between the Woburn line and the new Industrial Zone south of Route 128, be re-zoned into a Business Zone for a depth of 1000 feet in from Cambridge Street. Unanimous vote.

Article 20. Motion was made that the Burlington Board of Selectmen are hereby authorized and instructed on behalf of the Town of Burlington to abandon whatever easement or right the town may have over that portion of Lexington Street lying northerly of Route 128, which lies between the northerly location line of Route 128 and the line which would represent the extension across old Lexington Street of the southerly location line of relocated Lexington Street as relocated on behalf of the Town of Burlington in 1950 by the Massachusetts Department of Public Works; and that the Selectmen are hereby authorized and instructed to deliver a release deed of the land under such abandoned portion of Lexington Street to the abutters thereof; such abandonment and conveyance to be accomplished upon the payment of the minimum amount of one dollar to the Town of Burlington or upon payment of such larger amount and upon other terms as the Selectmen shall consider proper. A discussion followed and the Selectman (Piper) who made the motion was asked to withdraw and that the article be dismissed. An amendment to give a deed to any manufactur-

ing or defense plant who bought the property and would build on it was voted.

Article 21. Motion made and seconded that the town transfer from unappropriated available funds the sum of \$1,600.00 to purchase and erect a granite memorial dedicated to the dead of all wars with a bronze plaque thereon to commemorate the service of men and women of Burlington in World War II, same to be spent under the direction of a Roll of Honor Committee to be appointed by the Moderator and that the town grant authority to the Roll of Honor Committee to remove the bronze plaque dedicated to World War I service from the fieldstone boulder on the library grounds and locate it on the granite memorial and that the town grant authority to the Roll of Honor Committee to erect the memorial on the Millican-MacKenzie Memorial Plot, Cambridge and Center Streets. An amendment was made that the majority of the Committee be veterans and it was so voted.

Article 22. (Establishing house numbering system) Motion made and seconded that the article be dismissed. So voted.

Article 23. (Adopting by-law on house numbers) Motion was made to dismiss article 23. So voted.

Article 24. Motion made that we accept article 24 as printed in the warrant. An amendment was made to have the word "of" changed to "if" in the third paragraph, so that the paragraph reads "foundation walls of detached garages or similar accessory buildings or structures of 650 feet or less in area and not more than one story high, need not be carried more than 1 foot below grade "if" the underlying soil to a depth of at least four feet beneath the surface is clean sand or gravel. So voted.

At this time Mr. Merino of Winn Street wished to make some amends to the building code - that the following charges be made for building permits - to become effective April 1, 1953.

For remodelling and alterations not to exceed five hundred dollars - \$1.00. For moving from one location to another but not changing the physical proportions of the building - \$3.00. For changes in buildings for which moving permits have been issued for each thousand dollars in value - \$1.00. For new construction - for each thousand dollars in value - \$1.00. For complete plumbing installation in any new house - \$2.00. So voted.

Article 26. Motion made and so voted that the town of

Burlington request the Boston Edison Company to erect a Street Light on pole number 151-1 on the corner of Lincoln Knoll Lane and Cambridge Street and further that the town appropriate the sum of \$20.00 for the lighting of the street light for the remainder of the year, this sum to be added to the sum already appropriated under article 4 - item 25, street lights.

Article 27. Motion made and seconded that the town vote to amend Section 1 of Article 1 of the By-Laws to read "that the Annual Town Meeting shall be held on the First Monday of March." So voted.

Article 29. Ambulance Fund. Unanimously voted that the town set up an ambulance stabilization fund for the purpose of building up a revenue fund for the acquisition of future new ambulances. This fund to be financed from the fees received from ambulance services rendered. At each annual town meeting a motion shall be made to transfer a sum of money from unappropriated available funds to the Ambulance Stabilization Funds in an amount equal to the previous year's collections for ambulance service.

Article 30. A motion was made that the sum of \$750.00 be transferred from unappropriated available funds for street signs. An amendment was made that this also include children-slow signs as well as street signs. Amendment to the amendment was made that the town raise and appropriate the sum of \$750.00 for the erection of signs for streets and any other signs that the Selectmen deem necessary for the proper movement of traffic and safety of the public including the painting of the roads when necessary for the property safety of the public. It was so voted.

Article 31. Motion was made that the town vote to accept the following as a town by-law: "No person shall except as authorized or required by law fire or discharge any gun, fowling piece or other firearms or an air rifle in the Town of Burlington; but the provisions of this section shall not apply to the Chief of Police or other Police Officers in the performance of their duties nor to the use of such weapons at any military exercises or at an established rifle range, or in the lawful defense of the person, family, or property of any citizens, nor to the rights and privileges of an owner or leasee of land as set forth in Chapter 131 of the General Laws. Whoever violates the provisions of this section shall be punished by a fine not

exceeding twenty dollars for each offense. A motion was made that the article be dismissed. The article was then left for discussion. Tellers were appointed and sworn to count the hands. Another motion was then made to accept the motion as entered in the warrant. Tellers, William M. Lacey, Joseph Nolan, William T. Rogers and Alberghini counted the vote as 66 in favor and 22 being opposed. So voted.

Article 32. It was unanimously voted that the town accept the following article as a town by-law: "No person, except an officer of the law in the performance of his duties, shall enter upon the premises of another with the intention of peeping into the windows of a house or of spying upon in any manner any person or persons therein. Whoever violates this section may be arrested without a warrant by a police officer and detained in jail, or otherwise, until a complaint can be made against him for the offense.

A motion was made and it was so voted that we dismiss article 12.

There being no other business, the meeting was declared adjourned at 11:25 P. M., by the Moderator.

PROCEEDINGS SPECIAL TOWN MEETING

August 11, 1953

The meeting was called to order at 8:25 P.M. by the Moderator and the Constable's return read by the Clerk.

Article 2 was taken up at this time in order that the Finance committee could complete their recommendation for Article 1.

Article 2. It was voted that the town confirm the vote passed at the adjourned town meeting, February 16, 1953, whereby we voted to accept from the Trustees under the Will of Marshall Simonds the sum of \$2,500.00, to be spent under the direction of the Park Commissioners.

At this point Article 1 was taken up. Voted that the town transfer the sum of \$975.00 from the machinery fund account to the machinery account, to be spent under the direction of the Selectmen.

Article 3. Unanimously voted that the town transfer the sum of \$2,500.00 from the Old Age Assistance account to the ADC account, to be spent under the direction of the Board of Welfare.

Article 4. Unanimously voted that the town transfer the sum of \$2,000.00 from the Welfare Personnel account to ADC account, to be spent under the direction of the Board of Welfare.

Article 5. Voted to dismiss Article 5 at the request of the Welfare Board.

Article 6. Motion was made and seconded that we dismiss this article, which pertained to a dump. So voted. At this juncture another motion was made to re-consider the motion just acted upon. Tellers were appointed in the person of Robert A. Burns, Jr., James Parker and William M. Lacey to count the votes regarding consideration of this article — those in favor,

131, those opposed, 10. Another motion was made and seconded that the Selectmen be empowered to rent, lease or take by eminent domain the so-called Blanchard Road for dumping purposes, for the Town of Burlington. This was unanimously voted.

Article 7. Re-re-zone from res. "B" to ind. zone 1000 ft. North of the present ind. zone on Cambridge Street and east to the Boston Edison High Power line — Murray Hills, Inc.

It was unanimously voted that this motion be dismissed from the warrant.

Article 8. Voted that the sum of \$100.00 be transferred from the Surplus Revenue account to the building's inspector's expense account.

Article 9. Rent control. Motion made and seconded that this article be dismissed. Vote doubted. Amendment made by Barnes that this article be placed on the ballot at the annual town meeting.

Substitute motion made and seconded that the Moderator appoint a committee of 5 to give a factual report at the next special meeting. Amendment to lay on the table is lost. There was a challenge and tellers were appointed — William Nelson, James W. Parker and Robert A. Burns, Jr. Those in favor: 63 — those opposed 68. Another challenge — and the vote in favor of a committee to investigate was 77, those opposed, 43. The vote on the original motion that the town accept the provisions of Chapter 434 of the Acts of 1953, which is an act relative to rent control and that the town will declare that a substantial shortage of rental housing accommodations exists in the Town of Burlington and that the control of rents in the Town is necessary in the public interest was lost.

Article 10. Voted that the town transfer from surplus revenue account to the town hall alterations account the sum of \$1,000.00.

Article 11. There was no recommendation from the Finance Committee. Motion made and seconded that the sum of \$2,000.00 be transferred from the surplus revenue account to the Board of Health account. An amendment was made to lay the same on the table. The motion was dismissed.

Article 12. (Transfer money from Town Report account to election and registration account.) This article was dismissed.

Article 13. (Re-zone land of Sylvester at Winn, Lowell Streets and Route 128 from res. "A" to business or industrial.) Article 13 dismissed from the warrant. Those in favor, 90, those opposed, 36.

Meeting dissolved at 10.35 P.M.

MAUD S. GRAHAM, Town Clerk.

(2) Two members for two years and one member for three years. At the 1955 Annual Town Meet-ing two members shall be appointed for a term of three years and in 1956 at the Annual Town Meeting two members for three years. Thereafter each member for a term of three years as their respective terms expire or do or act anything in relation to same.

Article 16. To see if the Town will vote to authorize the Boston Edison to install three street lights on Thomas Street, and three street lights on Arthur Woods Avenue, three street lights on Sylvester Road and two street lights on Francis Road under the direction of the Selectmen of the Town of Burlington or to do or act anything in relation to same.

Article 17. To see if the Town will vote to rezone from Residence A and Residence B Zone, to an industrial zone, a certain parcel of land located between the present Industrial Zone, 1,000 feet north of Route 128 on Cambridge Street, run-ning along Cambridge Street to the Burlington Diner and back

to the Boston Edison High Power Line, consisting of twenty-one acres of Robert Cummings' Property and fourteen acres of Brazel Lot owned by Murray Hills, Inc., all as shown on plans as filed with the Town Clerk, see plans for more detailed description or do or act anything in relation to same.

Article 18. To see if the Town will vote to rezone from Residence B District to a Residence A District a certain parcel of land of Joseph C. Hurley, located between Sears Street, Winn Street and Cambridge Street, comprising of twenty-three acres as shown on a plan on file with the Town Clerk, or do or act anything in relation to same.

Article 19. To see if the Town will vote to accept Brown Street as a Town Way, as shown on plan on file with the Town Clerk or to do or act anything in relation to same.

Article 20. To see if the Town will vote to change the number of Selectmen to consist of five (5) members who shall serve for a term of one (1) year. This shall not affect the unexpired term of the present members of the Board. Three (3) new members in 1955 and Five (5) new members in 1956 and each year thereafter.

Article 21. No person shall remove any soil, loam, sand or gravel from any land in the Town not in public use unless such removal is authorized by a permit issued by the Board of Appeals, except in conjunction with construction of a building on the parcel and except for the continued operation on the same parcel of an existing sand and gravel pit. No such permit shall be issued until an application therefor is filed with said Board; said Board shall hold a public hearing on the application and notice of the filing of such application and the date and time of public hearing thereon shall be advertised in the paper, published in the County, seven days at least before the public hearing.

Article 22. Removal of earth products in connection with the construction of a building or structure for which a permit has been issued in accordance with the building laws is permitted provided, however, that unless permission of the Board of Appeals be obtained in accordance with the procedure and condition set forth in Article 5 of the zoning by-laws, the amount of soil, loam, sand, and gravel or other earth product removed from the premises shall not exceed the amount of such

material contained before construction in the particular space to be occupied by the foundation of the building or structure.

Article 23. Any lawful building or structure or use of building, structure, or land existing at the time this by-law is adopted, which does not conform with the regulations of the district in which located may be continued unless and until abandoned for a period of one year.

Article 24. Whoever violates any of the provisions of those by-laws which control the removal of soil, loam, sand or gravel shall be punished by a fine of not more than fifty dollars for the first offense, not more than one hundred dollars for the second offense, and not more than two hundred dollars for each offense thereafter.

And you are directed to serve this Warrant, by posting up attested copies thereof, one at the Billboard at Carbone's Store in Winnmere, one at the Billboards on Wilmington Road, Wood's Corner, and one on the billboard at the Town Hall, in said Town of Burlington seven days at least before the time of holding said meeting.

Hereof fail not, and make due return of this Warrant, with your doings thereon, to the Town Clerk, at the time and place of meeting, as aforesaid.

Given under our hands this 4th day of December in the year of our Lord one thousand nine hundred and fifty-three.

PROCEEDINGS SPECIAL TOWN MEETING

December 15, 1953

Meeting called to order by the Moderator at 8.20 P.M. and the Constable's return was read by the Clerk. The various articles in the warrant were taken up as read by the Moderator.

Article 1. It was unanimously voted that the town transfer the sum of \$9,450.00 from the Surplus Revenue account to the interest on Maturing Debt account.

Article 2. It was unanimously voted that the town transfer the sum of \$200.00 from the School Department Oil Burner account to the School Department Expense account.

Article 3. It was unanimously voted that the town transfer \$750.60 from the School Department Salary and Wage account to the School Department Expense account.

Article 4. It was unanimously voted that the town transfer \$2,500.00 from the Aid to Dependent Children account to the Old Age Assistance account.

Article 5. It was unanimously voted that the Town of Burlington accept as an addition to Simonds Park a deed from the Marshall Simonds Trustees of the one acre more or less, known as the Pollock Property, located in the center of the Town on the Northerly side of Bedford Street and the Westerly side of Center Street, said Pollock land being that shown as Lot 5 on plan recorded with Middlesex South District Registry of Deeds in Book 8030, page 170.

Article 6. It was unanimously voted that the town transfer the sum of \$450.00 from the Surplus Revenue account to the Legal account.

Article 7. It was unanimously voted that the town transfer \$200.00 from the Machinery Fund to the Machinery account.

Article 8. It was unanimously voted that the town transfer \$300.00 from the Surplus Revenue account to the Fire Department Salary account.

Article 9. It was unanimously voted that the town transfer \$550.00 from the Town Hall Alterations account to the Town Hall Maintenance account.

Article 10. It was voted that the town transfer \$500.00 from the Surplus Revenue account to the Highway Town Fund account.

Article 11. A motion was made and seconded that the town will authorize the Selectmen to abandon whatever easement or right the town of Burlington may have in or over that portion of Blanchard Road lying between Lexington Street and Great Meadow Road, as shown on plan referred to below, upon the delivery to the town by the owners thereof of a deed of a parcel of land containing 7040 square feet of land more or less, said parcel lying between Great Meadow Road and Lexington Street in Burlington, Mass. and bounded Northerly by Great Meadow Road, Two hundred eighty-five (285) feet more or less, southeasterly by Lexington Street, Two hundred eight and 57/100 (208.57) feet more or less, and southwesterly by a curving line, One hundred thirty-eight (138) feet more or less, all as shown on plan entitled "PLAN SHOWING A PORTION OF BLANCHARD ROAD. BURLINGTON, MASS." dated November 27, 1953, drawn by Warren M. Mirick, Registered Surveyor, a copy of which plan is on file at the office of the Selectmen and upon such other terms as the Selectmen shall consider proper. This article was lost and so declared by the Moderator.

Article 12. It was unanimously voted that the town amend the zoning law by changing from Residence B District to Business District the land of Peter Salvucci containing two acres of land more or less located at Middlesex Turnpike and the southwesterly side of the new Route 128, all as more fully shown on a plan on file with the Town Clerk. Planning Board report read by Clerk.

Article 13. Motion was made that the town will vote to amend Section 16 of the zoning by-law pertaining to lot areas and frontages to the following:

Section 16 — Lot Area		Frontage
Residence A	10,000 square feet	100 feet
Residence B	10,000 square feet for single dwellings	100 feet

The vote as taken by the Moderator was doubted — and the tellers James J. Cahill, Joseph Nolan and Francis Pihl were appointed and sworn. Those in favor, 80, those opposed, 78. The vote was lost.

Motion made that we adopt Article 14 to amend Section 16

of the zoning by-law pertaining to lot areas and frontages to the following:

Article 14.

Section 16 — Lot Area	Frontages
Residence A 15,000 square feet	100 feet
Residence B 15,000 square feet for single dwellings and 20,000 square feet for semi-detached on two family dwellings	100 feet

The tellers were again called upon to count the vote. Those in favor, 73; those opposed, 72. The Moderator declared the article lost.

Report of the Planning Board to the Town was read by the Clerk, on articles 13 and 14.

Article 15. Amendment Article 2 — Section 1. Motion made that the Moderator shall appoint five (5) members to Finance Committee at the Annual Town Meeting in March 1954. (1) Two members shall be appointed for one year. (2) Two members for two years and one member for three years. At the 1955 Annual Town Meeting two members shall be appointed for a term of three years and in 1956 at the Annual Town Meeting two members for three years. Thereafter each member for a term of three years as their respective terms expire.

An amendment was made to read that the town have the Moderator appoint nine (9) men on the Finance Board; three to serve for a term of one year, three for a term of two years and three for a term of three years and thereafter as their terms expire after the annual town meeting. The amendment was unanimously voted.

Article 16. It was unanimously voted that the town authorize the Boston Edison Company to install three street lights on Thomas Street and three street lights on Arthur Woods Avenue, three street lights on Sylvester Road and two street lights on Frances Road under the direction of the Selectmen of the Town of Burlington.

Article 17. It was voted that the town rezone from Residence A and Residence B zone to an industrial zone, a certain parcel of land located between the present Industrial Zone, 1000 feet north of Route 128 on Cambridge Street, running along Cambridge Street to the Burlington Diner and back to the

Boston Edison High Power Line, consisting of twenty-one acres of Robert Cummings' Property and fourteen acres of Brazel Lot owned by Murray Hills, Inc., all as shown on plans as filed with the Town Clerk, see plans for more detailed description. Planning Board report was read by the Clerk. Those in favor, 157; those opposed, 18. (After the vote was taken, Mr. Barnes wished to be recorded as in favor of having a bond posted in the amount that the Selectmen might see fit to require in the above re-zoning.)

At this time a motion was made and seconded that we adjourn — 10:35 P.M. This motion was withdrawn.

Article 18. A motion was made that the town vote to re-zone from Residence "B" District to a Residence "A" District a certain parcel of land of Joseph C. Hurley, located between Sears Street, Winn Street and Cambridge Street, comprising of twenty three acres as shown on a plan on file with the Town Clerk. On a voice vote the Moderator declared it was a two-thirds vote. Planning Board report was read by the Clerk.

Article 19. Motion was made that the town vote to accept Brown Avenue as a town way, as shown on plan on file with the Town Clerk. The Moderator ruled this motion out of order and explained to the people on that avenue that they get in touch with the Selectmen in order that the article might again be brought up at the annual town meeting in 1954.

Article 20. Regarding the number of Selectmen — was debated upon but no action was taken in the matter.

At this time at 11.35 P.M. there was a motion made and seconded to adjourn to December 29, 1953. This motion was not entertained by the Moderator. Then a motion was made to adjourn. This was not entertained by the Moderator. Another motion was made and seconded that we dissolve the meeting. This motion was not entertained by the Moderator. By this time the assembly was very much confused and after much calling by the Moderator to adjourn the meeting until a later date the same was adjourned until January 11, 1954.

MAUD S. GRAHAM, Town Clerk.

ADJOURNED TOWN MEETING

January 11, 1954

Adjourned town meeting was called to order at 8.30 P.M. with a checked number of voters as 61, when the Moderator explained that no business could be transacted unless we had a quorum of 100 which is a by-law. At this time a motion was made and seconded that we again adjourn the meeting until January 19, 1954, at 8.15 P.M. at the High School. Meeting was adjourned until such date.

MAUD S. GRAHAM, Town Clerk.

ADJOURNED TOWN MEETING

January 19, 1954

The adjourned town meeting was called to order at 8.30 P.M. by the Moderator. Those voters checked in as present numbered 102. At this time a motion was made that the records of the December 15 special meeting be read by the Clerk. The Clerk proceeded to read the records and when Article 18 was read Mr. Murray wished to have Article 18 corrected to read that the vote was unanimous, as he was of the opinion that the Moderator had announced this as such at the previous meeting. There was a discussion at this point and it was unanimously voted to correct the records of Article 18 to read "A unanimous vote."

Article 20. (The original article in original warrant.) To see if the town will vote to change the number of Selectmen to consist of 5 members who shall serve for a term of one year. This shall not affect the unexpired term of the present members of the Board. Three new members in 1955 and five new members in 1956 and each year thereafter.

Article 20. (Correction to warrant for a special town meeting) Tuesday, December 15, 1953.

Article 20 should read as follows:

To see if the town will vote to change the number of Selectmen to consist of five (5) members who shall serve for a term of one (1) year. This shall not affect the unexpired term of the present members of the Board. Three (3) new members in 1954, four (4) new members in 1955, five new members in 1956 and each year thereafter.

There was a great deal of discussion on Article 20 and tellers Margaret Burns, Prudence Pattison and Violet Graham were appointed by the Moderator and sworn by the Clerk to faithful performance of duty. Those in favor of the motion 38, those opposed, 61. The Moderator declared the article defeated 61 to 38.

Article 21. Motion made and seconded that the town accept the following as a by-law:

No person shall remove any soil, loam, sand or gravel from any land in the town not in public use unless such removal is authorized by a permit issued by the Board of Appeals, except in conjunction with construction of a building on the parcel and except for the continued operation on the same parcel of an existing sand and gravel pit. No such permit shall be issued until an application therefor is filed with said Board: said Board shall hold a public hearing on the application and notice of the filing of such application and the date and time of public hearing thereon shall be advertised in the paper, published in the County, seven days at least before the public hearing. This was unanimously voted.

Article 22. Motion was made and seconded that the town accept the following as a by-law:

Removal of earth products in connection with the construction of a building or structure for which a permit has been issued in accordance with the building laws is permitted provided, however, that unless permission of the Board of Appeals be obtained in accordance with the procedure and condition set forth in Article 5 of the zoning by-laws, the amount of soil, loam, sand and gravel or other earth product removed from the premises shall not exceed the amount of such material contained before construction in the particular space to be occupied by the foundation of the building or structure. This was unanimously voted.

Article 23. Motion was made and seconded that the town accept the following as a by-law:

Any lawful building or structure or use of building, structure, or land existing at the time this by-law is adopted, which does not conform with the regulations of the district in which located may be continued unless and until abandoned for a period of one year. This was unanimously voted.

Article 24. Motion made and seconded that the town accept the following article as a by-law:

Whoever violates any of the provisions of those by-laws which control the removal of soil, loam, sand or gravel shall be punished by a fine of not more than fifty dollars for the first offense, not more than one-hundred dollars for the second offense, and not more than two-hundred dollars for each offense thereafter.

Meeting dissolved at 10.10 P.M.

MAUD S. GRAHAM, Town Clerk.

REPORT OF TOWN MANAGER STUDY COMMITTEE

Burlington, Mass., January, 1954

To the Voters of the Town of Burlington:

The Moderator, in obedience to your affirmative vote at the 1953 Annual Town Meeting, appointed a committee to make a study and to offer recommendations on the adoption of a Selectmen-Manager Plan of government for the Town of Burlington. The committee has made an extensive survey of the Selectmen-Manager plan and consulted with study committees appointed to make similar investigations in other towns. We have discussed the subject of various forms of Town Government; held informal meetings in Burlington; held an open forum at the Town Hall; and were honored with a visit by the state legislative Committee on Towns, the Honorable Martha Ware presiding.

In introduction to the proposed legislation being offered in the Warrant for the 1954 Annual Town Meeting, we wish to sum up briefly our findings and recommendations. The citizens of Burlington, like those in many other New England towns, recognize that something must be done to obtain efficient administration of town affairs and at the same time **RETAIN THE BASIC TOWN MEETING FORM OF GOVERNMENT**. The need has developed through the years as problems of schools, water supply, refuse disposal, public health and safety, building codes, zoning, and taxation, along with increasing Federal and State control, have become more complex. It appears to be the general consensus of opinion among the various active citizens groups that such increasing complexities of government have created a situation which neither is nor seemingly can be dealt with adequately under the present town organization.

OUR DELIBERATIONS HAVE LED US WITHOUT DEVIATION TOWARD COMPLETE ACCEPTANCE OF THE SELECTMEN-MANAGER PLAN AS THE ONLY SOLUTION TO THE SERIOUS PROBLEMS OF THE TOWN OF BURLINGTON.

This plan is not a new type of government but a greatly improved method of administration — the putting into effect the wishes of the people as expressed by their selectmen or as expressed by the people themselves at their annual or special

town meetings. It is a means of applying business principles to the present system of town government. The benefits to be derived are many and various, and result in full value for every tax dollar spent. The Board of Selectmen, elected by the voters, chooses a chief executive called the Town Manager who is directly responsible to the selectmen and may be removed by them whenever his services prove unsatisfactory.

The traditional Town Meeting remains unchanged and the **VOTERS CONTINUE AS THE GOVERNING BODY OF THE TOWN** with the Finance Committee acting in its present advisory role. The success of the plan depends on several things: the active support of the citizens, the ability of the manager, and, most important, the amount of administrative authority given to the manager. In instances where the manager's powers have been limited, his value to the town has been diminished; whereas, those towns which have had the most success with the manager plan have delegated to their chief executive all the authority necessary for the effective administration of municipal operations. The delegation of authority to go along with responsibility is the crux of the whole Selectmen-Manager Plan. If one believes in delegating authority, one cannot but believe in this plan; if delegation of authority is contrary to one's beliefs all the convincing in the world cannot prevail against such a one.

In the warrant for the Annual Town Meeting, March, 1954, will be embodied the proposed legislation that we ask the voters of Burlington to submit to the General Court of the Commonwealth for enactment into law. The plan will then be offered to you to be approved or rejected at a regular or special election.

Respectfully submitted,
THE TOWN MANAGER COMMITTEE,
JOHN F. BARRETT, Chairman.

The Committee appointed by the Moderator: L. R. Alberghini, Paul Barnes, William Barnes, John Barrett, Lincoln Brogi, Ernest Chase, James Day, George DeCost, Douglas Forbes, Harold Marvin, Anthony Merino, John Pearce, Paul Sandorff, Harold Smith, Andrew Sousa, Arthur Thorstenson, Geraldine Ulson, Robert Vigneau, Troy Westmeyer, Vincent Yakavonis, Bradford Parker, Robert Burns, May Angelo.

REPORT OF FIRE DEPARTMENT

To the Honorable Board of Selectmen
and the Citizens of Burlington:

I herewith submit my report as Chief of the Fire Department and Forest Warden for the year of 1953.

This year's activities again makes a new record, surpassing last year by 26%.

During the year this department answered 333 calls as follows:

Ambulance	102
Ambulance and Resuscitator	3
Resuscitator	4
Rescue, Etc.	3
Grass	52
Brush and Woodland	43
Buildings	18
Rubbish	16
Automobiles	13
Gasoline Spills	11
Electrical	7
Oil Burners, Heaters, Etc.	7
Trucks	5
False	4
Grease	3
Airplane	1
Out of town, 18 as follows:	
Worcester	9
Billerica	5
Wilmington	1
Woburn	1
Holden	1
Southboro	1
Miscellaneous	23

The above listed out of town calls to Worcester, Holden and Southboro were the result of the tornado that hit the Worcester area on June 9, 1953. Our response consisted of portable lighting equipment to light up areas for emergency repair crews and for the National Guard, to prevent looting. Total manpower furnished by members of this department consisted of

264 man hours and at no cost to this town or communities in the disaster area.

The following equipment was used:

2,750 feet of 2½ inch hose
5,900 feet of 1½ inch hose
18,900 feet of ¾ inch hose
178 feet of ladders
132 cubic feet of air
15 pounds of CO2
57,470 gallons of water from booster tanks

Pumps operated 58¼ hours

39 acres of grass, brush and woodland were burned

Out of town departments responded 3 times

285 permits were issued for open air fires

486 permits were issued for oil and gas installation and storage

Value of buildings, automobiles, trucks, etc. in

involved by fire\$110,780.00

Value of contents involved by fire 17,125.00

Total\$128,905.00

Damage to buildings, automobiles, trucks, etc.

involved by fire\$ 8,930.00

Damage to contents involved by fire 855.00

Total\$ 9,785.00

The condition of Engines 1, 2 and 3 is good.

The condition of Engine 4 is fair considering it is now 20 years old. I wonder how many people in this town are driving a conventional vehicle 20 years old.

The condition of the hose is not as good as last year and the quarters have not improved any. I sincerely hope you will take steps to provide new quarters.

In my budget for 1954 I am asking for a substantial increase in appropriation. This provides for more manpower which would give each man one day off per week and provide 3 men on duty during the day. At present the permanent men work an average of 81 hours per week with one day off per month and receive 78 cents per hour. They are expected to answer alarms of fire during their time off without pay.

I am also asking for an additional appropriation for fire alarm, hose and appliances which you should consider seriously, as these items could affect you personally and may have some bearing on later reductions in insurance rates.

Respectfully submitted,
DAVID W. SKELTON,
Chief of the Fire Department and Forest Warden

Report of The Sealer of Weights and Measures

Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Sealer of Weights and Measures for the year ending 1953.

The following scales, pumps and meters were sealed according to law:

Scales over 10,000 pounds	3
Scales 100 to 5,000 pounds	2
Scales under 100 pounds	24
Apothecary Scales	2
Apothecary Weights	37
Gasoline Pumps	17
Oil Pump	1
Vehicle Tanks	1
Meters, 1 inch	17
Meters, over 1 inch	1

I wish to thank the Division of Standards and especially the inspector, Mr. Jones, for the 100 per cent cooperation in testing our apothecary scales for me as we have no facilities for sealing.

Respectfully submitted,
JUDSON NEWCOMB, Sealer.

Tree Warden's Report

To the Honorable Board of Selectmen:

I herewith submit my report as Tree Warden for the year 1953.

The appropriation for 1953 was spent almost entirely on the removal of dead Elms. Most of these trees died from the

Dutch Elm disease. We were unable to take care of all these trees with this appropriation.

The Dutch Elm disease is spreading rapidly through the state, and as the only way to check this disease is to cut and burn any diseased tree as soon as possible, I recommend a much larger appropriation.

RALPH E. KNOWLES

Tree Warden.

Inspector Of Animals Report

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report as Inspector of Animals for the year 1953.

Number of dogs quarantined, 21. I found no rabies. I inspected all live stock periodically and found them in good condition.

Respectfully submitted,

FERDINAND PIMENTEL,

Inspector of Animals.

Inspector of Buildings Report

To the Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report as Inspector of Buildings for the year 1953.

Type of Permit	Number of Permits	Declared Cost or Valuation
New Dwellings	117	\$661,200.00
Business and Manufacturing Buildings	8	\$ 36,300.00
Elementary School		\$488,638.00
Miscellaneous (repairs, alterations, garages, renewals, trailers, etc.)	162	\$ 61,331.00
Totals	287	\$1,247,469.00

Respectfully submitted,

FERDINAND PIMENTEL,

Inspector of Buildings.

Report of Plumbing Inspector

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Inspector of Plumbing for the year 1953.

Since my appointment in June, I have issued 78 permits. I have inspected the plumbing installations and have found them satisfactory.

Respectfully submitted,
FERDINAND PIMENTEL,
Inspector of Plumbing.

Report of Wire Inspector

To Honorable Board of Selectmen,
Town of Burlington, Massachusetts:

There were 183 wiring permits for all classes of wiring issued in 1953.

All of which have been inspected and approved.

Respectfully submitted,
WILBUR FRIZZELL,
Inspector of Wiring.

Report of Civil Defense Director

To the Board of Selectmen:

Gentlemen, I hereby present my report of Civil Defense, in the Town of Burlington, as one of progress.

CHARLES L. WHITE, Director.

Report of Librarian

To the Honorable Board of Trustees:

I herewith submit my report for the year 1953.

The number of books on catalogue at the end of 1953 was 7,965

The number of books donated during the year 1953 was 113

The number of books purchased during the year 1953 was 90

The number of books in circulation according to months was as follows:

January 252	May 228	September 285
February 183	June 157	October 205
March 215	July 300	November 214
April 260	August 273	December 218

Total number of books in circulation in 1953	2,790
Number of adult readers	87
Number of juvenile readers	131

The following persons have donated books to our library during 1953: Mrs. Burton Perkins, Mr. Steadman Rice, Mrs. Donald Banks, Mrs. Thomas Farnum, Mrs. David Skelton and The Women's Alliance of The Unitarian Church in Woburn, Mass.

Number of magazines on our reading table 17

The Library is open every Wednesday and Saturday from 2-5 P.M. and 7-9 P.M. and Tuesday from 7-9 P.M. except holidays.

The number of persons making use of our intra-library loan through the Board of Education has greatly increased during 1953.

At present our library needs a large complete up-to-date dictionary as our old one is badly worn out. Also we should have at least 6 books of good fiction a month as our public reads for relaxation, and our present supply of non-fiction is quite adequate at this time.

Our building should have some repairs to the windows which would greatly lower the fuel bill.

Respectfully submitted,

LOTTA DUNHAM, Librarian.

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE

The Middlesex County Extension Service is a publicly supported, educational institution to serve all the towns of the county in agriculture and home economics. In agriculture the work is developed county-wide under the direction of county councils made up of leading farmers in each of the main commodities as vegetables, fruit, poultry, dairying, livestock, and commercial flowers. A County Bulletin is mailed monthly to all co-operating farmers and timely information sent to anyone on request.

4-H Club work is developed under a town committee and leaders, and the home economics work is available through a town director, organized groups, or direct requests. Your town

director furnishes counsel to the Extension Office on the needs of the town, service desired, or leadership needed.

Information and assistance were made available on the planning and operation of a poultry farm or enterprise covering the subjects of poultry housing and equipment, ventilation and litter management, brooding and rearing, marketing, and management for egg production.

Specialized information on turkey and poultry health was made available through the 1953 Middlesex Flock Health Program. Lincoln Brogi was a member of the committee which directed the 1953 Middlesex Turkey Fryer Trials.

Commercial vegetable growers were interested in the general county-wide programs developed especially in twilight meetings and in the general service that was maintained to furnish up-to-date information on pest control. Marketing has also been a vital part of the vegetable program. Efforts have been concentrated on the Boston Market and on proper packaging and grading. Consumer packaging has received a great deal of attention.

The homemakers' programs were not active during the year under the leadership of the Extension program.

4-H Club work has been carried on under the chairmanship first of Mr. John Buttrick and during the latter part of the year by Mr. Frank Gregory. 4-H leaders during the year were Mrs. Leonard, Sewing Club; Mrs. John Buttrick, and Miss Anita Krukley, Foods Clubs; Mr. Lester Anderson and Mr. John Buttrick, Agricultural Clubs; and Mr. John Berlandi, Rabbit Club.

Gerald Seminatore and Louis Govoni were counselors at Camp Middlesex, and nine boys and girls attended camp. Gerald Seminatore was honored by receiving the State Meat Animal Award and was given a gold watch. Burlington was the center for the Annual Banquet of the county-wide 4-H Club Alumni at which time fifth-year members were honored.

Judges were furnished for the Burlington Fair.

Respectfully submitted,

SELWYN H. GRAHAM,

Town Director.

Work on Perpetual Care Lots has been done as follows:

Labor\$456.56

Flowers 63.30

Total\$519.86

There were thirty-one interments.

It is our wish that a committee be appointed to look into expanding Chestnut Hill Cemetery, or to pick a new lot for that purpose.

Once again we want to acknowledge the efficient and loyal manner in which our Superintendent and his part-time force have approached their various duties during the past year as well as to recognize the excellent co-operation given us by all the Town Departments.

No increase in our appropriation for the year 1954.

MOTH SUPERINTENDENT

Burlington, Mass.

January 1, 1954

To the Honorable Board of Selectmen and the Citizens of Burlington.

I herewith submit my report as Moth Superintendent for the year 1953 from June 1, to December 31, 1953.

All sections of the town roads were covered with a spray of arsenate of lead and a solution of DDT.

Some sections of the town had complete deflation.

The DDT Spray helps in keeping the mosquito plague under control along with the Elm Leaf Beetle.

There is a new spray for the birch leaf Miner that should be added to the spray another year.

Report of Park Commissioners

To the Citizens of the Town of Burlington:

We herewith submit our report for the year ending December 31, 1953.

During the year 1953 we removed a large quantity of earth to provide a ball park for Little League or softball games, at the corner of Bedford Street and the main entrance to Simonds Park.

We also had a back stop erected for this ball park. The cost of this project was three thousand nine-hundred thirty-two (\$3,932.00) **dollars.**

We also purchased a new power lawn mower at a cost of \$835.00. Trade-in allowance on old mower \$200.00. Total paid for Mower \$635.00.

The board feels grateful to have been able to accomplish this work and takes this opportunity to thank all who co-operated in any way to help carry on the work in our Park the past year.

Respectfully submitted,

ERIC S. CARLBERG

Industrial Committee Report

A satisfactory trend of incoming business and industry, both planned and in process, was apparent in Burlington for 1953. At the year's end, some 400 acres of land zoned for industry is available for new industry and business to locate here.

The committee's work consisted of answering inquiries concerning facilities for industry, investigating possibilities of additional industrial zones, and writing publicity material as requested by industrial developers for future publication in national trade magazines.

The committee recommends that future committees have posted in the town hall phone numbers and names of members who can be reached during the day. It further recommends that all town boards notify the Industrial Committee of all inquiries concerning industry and business locations in the town, in order that this important work be co-ordinated by a single body.

REPORT OF ASSESSORS

To the Citizens of Burlington:

This is your second consecutive Assessors' Report relating to the work of this department.

During the past year your Board of Assessors has made steady progress in carrying out its planned objective of equalizing and apportioning real estate and personal property assessments. This undertaking was started in January, 1952 and continued in our annual field survey in January of 1953 and 1954. In brief detail, we have tried, within a definite margin or ratio, to levy property assessments in keeping with the present market value of real estate transactions. We believe that this is reasonably sound and fair reasoning, for is not the market value or sale price determined between buyer and seller? Therefore, based on the large number of real estate transactions made in town, we have found that levying an assessment of approximately 50 per cent of value is as fair and impartial as can be levied under present economic conditions. This same assessment factor is now being applied to the older dwellings and buildings in order to "equalize" adjacent property and prevent tax-discrimination. We submit as proof that our current objective is feasible, the fact that our tax rate for 1953 dropped \$7.00 per thousand valuation; which of course, includes the value of new construction for that year also.

Industrial Expansion

Although the Board of Assessors is not an Industrial Committee, we have unofficially, co-operated with all those seeking information and possible plant location within our Town. Of specific interest to our citizens is the fact that as a successful result of many meetings with a representative of High Voltage Engineering Corporation, our endeavors were climaxed by their purchasing some 40 odd acres of industrial land along route 128 for future plant location and expansion.

The past year also saw the completion of Clyde Everett Equipment Company on Route 3 which means for our Town in 1954, the levying of its initial assessments. In looking ahead, this present year should see a continuation of our industrial expansion on a moderate scale and in keeping with our accelerated growth. Industrial expansion, property selected and located, offers our Town an excellent type of steady and dependable tax-raising revenue.

Street and House Numbers Directory

In reference to our directory, the firm which compiled the data, submitted to the Board during the year, a semi-completed listing of house numbers as per agreement made with the town in 1948. At that time, it was our intention to include on 1953 tax bills, respective house numbers. However, further discussion determined that this was not advisable at that time, inasmuch as the directory was compiled only to the end of year 1948. Therefore, we withheld the issuance of all numbers until such time as our directory can be completed to the end of the year 1953. To accomplish this, we are having inserted in the annual warrant, an article requesting funds for this purpose.

Publishments of Valuation Assessments for 1952 and 1953

As instructed by the voters, at the annual meeting of 1953, we have prepared for publication the 1952 and 1953 assessment listings of resident and non-resident taxpayers. It is our intention to make this information a part of the annual Town Report for 1953.

Excise Valuations

Many citizens are under the impression that your Assessors determine motor vehicle excise valuations. This is not true, as the levying of motor vehicle excise valuations is determined by the Registry of Motor Vehicles, and from the pre-determined valuation submitted to us, the Clerk computes the tax.

In summarizing our report, we unanimously recommend that action be taken at our annual meeting in March of 1954, relative to having a full time clerk appointed to serve, jointly, the Departments of Assessors and Tax Collector. Inasmuch as the work of both departments is closely related, the advantages of such a system would distinctly offer each department many advantages presently not available. The cost would be divided on a pro-rata basis pre-determined by the daily hours devoted to the work of each respective board. We offer this suggestion for your consideration and trust that some immediate action will be taken along these lines. Preliminary discussion is currently underway with our Finance Committee, but as yet, no concrete proposal has been offered for consideration.

REPORT OF BOARD OF PUBLIC WELFARE

To the Citizens of Burlington:

The Board of Public Welfare respectfully submits its annual report for the year ending December 31, 1953.

General Relief

There was a moderate decrease in our case load during the past year, but due to an increase in medical expenditures and in cost per case, the total cost in administering this category was slightly higher than the year 1952. The average monthly cost per case was \$86.90.

Disability Assistance

There was an overall increase of 133 1/3% in this category of assistance in 1953, and a further increase is expected in the forthcoming year. This will apparently continue for some time before a leveling off period. The average monthly cost per case was \$57.35. Low cost per case is due to the small amount of medical care required in 1953.

Old Age Assistance

A slight decline was noted in this category during the past year, although the total expenditures remained approximately the same due to an increase of \$2,853.95 in medical care. The average monthly cost per case is now \$74.60. No change is anticipated.

Aid To Dependent Children

Cost in administering this category has increased 100% over the year 1952. The average monthly cost per case at present is \$163.66. It is believed that this tremendous increase has brought the case load to its peak and it is expected to remain stable for the year 1954.

Report of School Committee

Citizens of Burlington:

The educational scene today is one vastly different from that of only a few decades ago. Now the school must offer a program which will meet the needs of every child. The slow child must be encouraged and the gifted inspired.

The year 1953 has been one of progress in the Burlington school system. While the housing situation has been far from ideal, we are fortunate in having a faculty of well-trained, sincere people. The teaching and administrative staff have accepted the challenge of crowded quarters and have provided the boys and girls of Burlington with a curriculum which not only has offered daily experiences in effective living, but also one which has presented them with opportunities to grow and prepare themselves to become worthy citizens of our great democracy.

The wholehearted approval of the Town in providing funds for the new Burlington Memorial School marks a Community appreciative of the educational and physical needs of a modern school system. With the opening of this plant in the spring our elementary children will be living and working in a school as fine as any in the Commonwealth. You, the citizens, have every reason to be proud of your accomplishments.

With a maximum capacity anticipated in the High School, it is the School Committee's recommendation that the Union School be used to house Grades VII and VIII commencing in September 1954. To accomplish this without adding to the present tax burden, the Committee believes that the costs of renovating the Union School may be met by a transfer of funds expected to be available upon completion of the new Memorial School. The Committee further believes that use of the Union School Annex must be reserved for future school needs.

The cost of education continues to grow and with higher enrollments and greater maintenance costs the budget must of necessity become heavier. While in 1953 the Town's reimbursement from the State for aid for transportation and education was \$47,870, the burden on the real estate owner is still very great. With this thought uppermost in mind, the School Committee has earnestly endeavored to discharge its duties in a manner consistent with maintaining the best obtainable school

educational program with due regard for the individual taxpayer.

The report of the Superintendent is attached herewith. It describes more fully accomplishments of the year 1953 and we believe that it merits your careful consideration.

At this time we should like to express our appreciation for the fine cooperation given us in all our endeavors throughout the year.

Respectfully submitted,

MABEL H. KEATING

Report of the Superintendent of Schools

To the School Committee

Madam Chairman and Members:

As is the case every year, when the time approaches for me to give thought to matters associated with the administration and conduct of our schools, matters that should be given consideration in my report to you and, through this medium, to the citizens of the town, many and varied subjects present themselves. This year is no different except that the subject to which I intend to devote a good portion of my report appears as one most deserving of treatment. I refer to that aspect of a school system that determines to a great extent the type of education provided the children concerned — educational cost.

I have been prompted to consider this aspect of our educational system not with the idea of vindicating this year's budget, which, to be sure, shows a substantial increase. That is your prerogative as duly delegated state officials, locally elected. Rather, lest it might be thought otherwise, it is my intention to show that our cost of education is far below the average for the 351 cities and towns of the state in both overall cost and expenditures from local taxation.

Incidentally, if I may digress for a moment, I would like to say a word of commendation for the manner in which you resolved this year's budget. To my mind, your criteria for determining each and every item comprising it was an exemplification of the recognized approved method for carrying out such a function. On the one hand, you were governed by the desire to provide adequate educational means commensurate with a vastly improving physical plant, a new segment of which will be added shortly, another unit of which, it is hoped, will be

renovated by the fall; on the other hand, you were ever mindful of the town's financial ability.

In returning to the issue at hand, my treatise will deal with cost figures for the years 1952, '53, '54. The year '52 will be used as the base year because official state figures are available for this period. They are contained in a pamphlet entitled "Per Pupil Costs, Valuation, Tax Rates, Etc. — School Year 1952-'53", released in December 1953 by the Massachusetts Department of Education, and on file in my office. Figures for 1953 and 1954 will be official insofar as expenditures are concerned. Where needed, conservative projections on membership data and financial reimbursements will be made by me.

Prior to launching into the mechanics of the case, a definition of terms to be used is imperative. Today, for simplicity sake and for comparative purposes, educational cost is expressed in terms of cost per pupil. That is to say a more concrete concept of cost is obtained by dividing the amount of money spent any calendar year by the net average membership for the correlated school year. A point arising here relative to the school year in contrast to the calendar year will be clarified presently. In so far as the state is concerned and, consequently, for our purposes, total cost embraces all monies expended except those amounts spent for private school transportation and capital outlay. A word of caution should be said here. One may argue that a true picture of cost is not being portrayed because of the exclusion of these items. In such a case, inasmuch as this is a comparative study, it can be argued just as strongly that the state should provide this data for every community.

The term "net average membership" is self-explanatory. It means the average number of children, exclusive of state and city wards which account for a small percent of a community's reimbursed money, who have attended school during the course of the school year on a day to day basis. It is more exact for the purpose intended than the enrollment figure because it takes into consideration the daily fluctuation in membership due to children's entering and leaving school throughout the year. However, the period of time encompassed by this term as used in our study must be understood. An example will illustrate the point. In determining cost figures for the calendar year 1952, the net average membership data associated with it ex-

tends from September, 1952, to the closing day of June, 1953 — the school year 1952-'53.

One final point will suffice for explanation of terms. Ordinarily, when the term "cost per pupil" is used it means the gross or total cost with no regard for the money reimbursed or turned back to the town. Such will be the case when the term is used here. When the term "net cost per pupil" is used, it will mean local cost, often-time termed local effort. The latter is determined by subtracting total receipts from total cost and dividing the difference by the net average membership.

In reporting cost figures for 1952, I will first quote state figures, follow with an explanation of the procedure for computing them, and finally show the town's relative position. The state pamphlet reports Burlington spent \$148.60 per pupil in net average membership, \$92.39 of which was raised by local taxation. In other words, the cost per pupil was \$148.60, the net cost per pupil, \$92.39. These figures were computed as follows: \$118,286.29, total cost, divided by 796, net average membership, equals the former; \$118,286.29 minus \$44,743.05, total reimbursements, divided by 796, equals the latter.

An examination of the pamphlet by way of comparison shows two observations worthy of note: one town educated its children at a cost per pupil lower than Burlington; nine towns levied less money per pupil through local taxation. However, a very important factor explains the latter situation. In all nine towns the state reimbursement per pupil was greater because of a provision in the state-aid formula which prescribes additional funds to towns with less than two and one-half million of equalized valuation. One other observation must not be overlooked. An examination of the figures reveals that the average cost per pupil for the state was \$239.07, the average net cost per pupil, \$199.82.

Statistics of the like above will be computed for 1953 in a similar manner. The statistics are as follows: total cost, \$134,050.01 (\$2,200.00 deducted for private school transportation); net cost, \$88,040.59 (\$134,050.01 minus \$46,009.42); a net average membership of 890. This latter figure is intended to be a conservative estimate and must be recognized as being such when it is realized that the enrolment as of October 1, 1953, was 890, and 912 as of now, January, 1954. When one performs the prescribed arithmetical operations the resultant computa-

tions are as follows: a cost per pupil of \$150.62, a net cost per pupil of \$98.92.

In computing similar statistics for 1954 it is necessary to project to a greater degree. It can be assumed that the total cost will be \$168,385.00. Again, conservatively projecting the net average membership as equal to the enrolment as of next October 1, it should reach a figure of 980. Carrying out the operational procedures the results are as follows: a cost per pupil of \$171.82, a net cost per pupil of \$121.82.

The above figures definitely provide a categorical proof to the assertion that the cost of education in Burlington is far below the state's average. Even if we were to assume the state averages for 1952 as unchanged for 1954, which, to be sure, is nonsense in the light of rising costs of education due to increased enrolment, Burlington would still find itself well below these figures. You may recall the state averages for 1952 were \$239.07, cost per pupil, \$199.82, net cost per pupil. Compare these with the town's 1954 figures of \$171.82 and \$121.82 respectively. One final point will write finis to the discussion. If we were to substitute the town's 1954 figures for the corresponding figures listed in the 1952 report, the town would still be listed with those communities in the fourth quadrant. If such were done the town would rank 24th from the bottom in cost per pupil, 70th from the bottom in net cost per pupil.

In continuing the report I wish to briefly touch upon plans recently made to improve the "learning situation" and the curricula of the system. The former directly affects the whole system, the latter, primarily the high school.

Provisions have been made in this year's budget to increase the corps of teachers by twelve effective in September. The addition of five teachers to the staff of the new school means that the current average pupil-teacher load of 39 will be reduced to approximately 32, still considerably above the state's recommended figure of 25. The committee saw fit not to supplement the staff with the opening of the new school in the springtime because it was recognized as educationally unwise and, consequently, economically unsound. Further, it should be understood that this improved condition will prevail for a brief period of one year.

The reopening of school next September will witness major changes in the physical features and educational offerings in

the junior-senior high school. It is planned to solve the overcrowded conditions here by transferring the seventh and eighth grades to the Union School. Six teachers will be assigned to the building, which action will also allow for a much needed decrease in pupil-teacher ratio.

This latter move will likewise permit an enrichment of the three educational programs offered in the ninth grade and pursued through high school. For the college student it means some choice of subjects, now denied him, for the accumulation of the required fifteen college units, a more equal distribution of difficult subjects from year to year, and an opportunity to elect a year of typing, a working knowledge of which will prove quite beneficial in college.

For the commercial student it provides for the segregation of several subjects now embraced in the all-inclusive subject, termed "General Business Training", and more opportunity for drill and practice to develop the skills expected in the field. For the student who pursues the general course it provides a more substantial core or basic program with a greater latitude for elective subjects. Looking at it from an overall point of view, it eliminates the prevailing situation of too many study periods by reducing them to an average of one a day. To effect this program, the services of seven additional teachers will be needed.

The end results of these projected plans may be stated as follows: in the case of the former, Burlington will be keeping abreast with the better school systems; in the latter case, it will be providing a type of education that will enable our boys and girls to take their proper place in this complex and competitive world of ours.

A report at this time on the committee's plans for renovating the Union School should be most opportune. Its thought is to have the project undertaken following the transfer of the children to the new school. With this in mind it has already notified the Department of Public Safety of its intention and has requested this office to make an inspection of the building. It is expected that a report from this department will be forthcoming shortly following which figures on estimated costs will be procured. In the matter of financing, it is the hope of the committee and the other members of the school building committee that a substantial balance will be left in the new school

account. When this figure is known the committee intends to ask the citizens to transfer a sufficient amount for this purpose.

As for the nature of repairs, tentative plans call for the installation of a new boiler and oil burner, tile covering for floors, improvement of natural and artificial lighting, replacing decayed window sash and casings, repairs to roof, and painting of interior and exterior.

One other item pertinent to curricula improvement in the high school deserves a brief comment. It is expected that by the time this report is read, driver education will be a reality. This program, fostered jointly by the Department of Education and the Registry of Motor Vehicles some years ago, is today, in essence, a must. Its current demand results from legislative action of last year. The law provides reduced insurance rates for cars operated by persons under twenty-five years of age, licensed or not, certified as operators under this program. It is the plan for the balance of the current school year to certify thirty-six seniors, working first with those who do not have licenses.

This report comes to a close with a few remarks on the long-range project in the rear of the high school, which aims to convert the area into an athletic and recreational play area. From the bids received on the work contracted for this past year, the town and, more specifically, the school department received in return a great deal from the money spent. It is the opinion of the author that a visit to the area will justify this belief.

Included in this year's budget is a figure of \$2,000.00 to continue the undertaking. It is planned to complete the football field with this amount, and with this completed, it is expected that increased gate receipts will in time be reflected in the budget for athletics.

In concluding this report, I extend my sincere thanks to the parents, town employees, town officials and school personnel for their splendid cooperation this past year. To you, the committee members, I am truly grateful for your advice, whole-hearted cooperation, patient and loyal support.

Respectfully submitted,

JEROME J. LYNCH

School Session

Junior-Senior High School—From 8:00 A.M. to 1:34 P.M.

Union School — From 9:00 A.M. to 2:30 P.M.

Age of Admission

Pupils entering the first grade in September 1954, must be five years of age on or before January 1, 1954. In other words, a child entering Grade One next September will have reached his sixth birthday on or before January 1 of the year 1955.

Vaccination

The state law requires all pupils attending public school to be vaccinated. Exceptions will be made of a child presenting a certificate signed by a registered physician to the effect that he has personally examined the child and found his physical condition such that his health would be endangered by vaccination.

Attendance

Regular attendance is necessary to do satisfactory work. A written excuse from the parent or guardian is required for every absence, tardiness, or dismissal. No pupil is allowed to leave school during the session without permission from the Principal or Superintendent. Unless the pupil brings with him a written request for dismissal from his parents or guardian, he is permitted to leave only in case of emergency.

Teachers may require pupils to attend the extra afternoon session if it is necessary for success in their work or for discipline.

REPORT OF SCHOOL PHYSICIAN

To the Honorable School Committee:

I hereby submit my report as School Physician for the year 1953:

Regular examinations of all students taking an active part in athletics and physical education have been completed.

Examination of first grade pupils were completed.

Immunizations and booster injections were given to pupils who needed them.

All employees in the school cafeteria have completed their

physical examinations including blood tests and chest X rays and all were found to be in good health.

The following recommendations are respectfully submitted:

1. The number of cavious teeth in children of the first five grades is still high

Parents who are notified should take more vigorous action to correct this condition by supervising dental care at home, and by consulting either their family dentist or the school dentist.

2. Any recommendations made by me limiting the activities of a student either in athletics or physical education are made to protect the student's health and the school's responsibility, and therefore should be followed by the parents.

All parents, however, are free to consult their family physician on the matter and abide by his decision — because any pupil restricted by me will not be allowed to take active part in sports, unless a written consent is brought to the school signed by the parents or their family physician.

In closing I wish to thank the Superintendent of Schools, the School Committee, Mrs. Julia Connors and all the teachers for their invaluable assistance and cooperation.

Yours truly,

ANTHONY C. GIANGRECO, M.D.

School Physician

Report of School Nurse

To the Superintendent and School Committee:

I hereby submit my report for School Nurse for Year 1953.

I assisted the School Physician, Dr. Anthony Giangreco, in his examination of all pupils taking part in the physical education program. A new State Health regulation advises that all first graders should have the school health examination done by the family physician before entering school. This year about seventy per cent complied with the request. All other children in first, fourth, eighth, and eleventh grades were examined by the school doctor, and parents were notified of defects. A few cases of mumps, chicken pox, and measles were reported during the school year.

In addition to the usual vision testing by teachers, Dr. Sidney Adams examined three hundred ninety-eight pupils. One hundred twenty-five pupils were found to have defective vision.

Every pupil in the lower grades has been examined. This includes external inspection of the eyes, as well as retinoscopic examination; the minimum necessary for the determination of ocular fitness for school work.

Hearing tests were given by teachers and referrals examined with the Pure Tone Audiometer.

Doctor Edward McCall conducted the dental clinic. He made twenty-eight visits and completed fillings, extractions and cleanings on three hundred twenty-six children.

I wish to thank the Superintendent, School Committee, School Physician, Teachers and members of the Board of Health for their cooperation.

JULIA M. CONNORS, R.N., School Nurse.

Report of Attendance Officer

To the Superintendent and School Committee:

I hereby submit my report as Attendance Officer for the year 1953.

Daily contact was made with the school for the names of all pupils absent and followed through by a check with the home.

Parents appreciate the interest in the following-up of absentees, which in most cases is due to illness.

Respectfully submitted,

JULIA M. CONNORS, Attendance Officer

February 11, 1954.

To the Board of Selectmen

Mr. James C. Piper, Jr., Chairman
Burlington, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the Town of Burlington for the period from December 12, 1952, to December 7, 1953, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. William Schwartz, Assistant Director of Accounts.

Very truly yours,

HERMAN B. DINE, Director of Accounts.

HBD:GBS

Mr. Herman B. Dine
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Burlington for the period from December 12, 1952, the date of the previous audit, to December 7, 1953, and report thereon as follows:

The records of financial transactions of the several departments receiving or disbursing money for the town or committing bills for collection were examined and checked in detail.

The books and accounts in the town accountant's office were examined and checked. The recorded receipts were compared with the records of the several departments collecting money for the town and with the treasurer's cash book, while the recorded disbursements were checked with the treasury warrants and with the treasurer's cash book. The appropriations and transfers, as entered on the ledger, were checked with the town clerk's records of financial votes passed by town meetings and with the finance committee's authorizations of transfers from the reserve fund.

The ledger accounts were analyzed, the necessary adjustments resulting from the audit were made, a trial balance proving the accounts to be in balance was taken off, and a balance sheet, showing the financial condition of the town on December 7, 1953, was prepared and is appended to this report.

The certification by the county retirement board to the board of selectmen of the amount which has been allocated as the town's proportionate share of the cost of the contributory retirement system should be appropriated and paid to the county treasurer as custodian of the system funds. It was noted that the town failed to include the amounts so certified, namely \$1,693.06 in 1952 and \$2,050.22 in 1953, totalling \$3,743.28, in their appropriations although paid to the county treasurer, therefore the assessors should include these amounts in the next tax levy as required by Section 22, clause 7c (IV), Chapter 32, General Laws.

The maturing interest paid in excess of the amount ap-

propriated in 1953, amounting to \$8,503.33, should also be provided for in the 1954 tax rate.

The books and accounts of the town treasurer were examined and checked in detail. The cash book was added and the receipts, as recorded, were analyzed and compared with the records of the several departments collecting money for the town and with other sources from which money was paid into the town treasury. The payments were checked with the selectmen's warrants authorizing the disbursement of town funds and with the town accountant's records.

The cash balance on December 7, 1953, was proved by reconciliation of the bank balances with statements furnished by the banks of deposit, by actual count of the cash in the office, and by verification of U. S. Treasury Bills held by a bank for safe-keeping.

The payments on account of maturing debt and interest were verified by comparison with the amounts falling due and with the cancelled bonds and coupons on file. The outstanding bonds and coupons were listed and reconciled with statements furnished by the banks in which funds are deposited for this purpose.

The savings bank books and securities representing the investment of the trust funds in the custody of the town treasurer and the Marshall Simonds Park Fund Trustees were examined and listed. The income was proved and the withdrawals and transfers were verified.

The records of tax titles and tax possessions held by the town were examined. The amounts added to the tax title account were compared with the tax collector's records, the tax title redemptions and sale of tax possessions were checked with the treasurer's cash book, the tax titles disclaimed were verified, and the tax titles and tax possessions on hand were listed, reconciled with the accountant's ledger control, and checked with the records in the Registry of Deeds.

The records of deductions from employees' salaries and wages for Federal taxes and for the retirement system were examined and reconciled with the treasurer's records of receipts and disbursements.

The books and accounts of the tax collector were examined and checked in detail. The tax accounts outstanding at the time of the previous examination, as well as all subsequent

commitment lists, were audited and reconciled with the assessors' warrants. The payments to the treasurer were checked with the treasurer's cash book, the recorded abatements were compared with the assessors' records of abatements granted, the transfers to the tax title account were proved, and the outstanding accounts were listed and reconciled with the respective ledger accounts. The cash on hand December 7, 1953, was verified by actual count of the cash in the tax collector's office.

Verification of the outstanding accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of departmental accounts receivable were examined and checked. The accounts outstanding at the time of the previous audit and all subsequent charges were proved. The payments to the treasurer were verified, the recorded abatements were checked with the records in the departments authorized to grant them, and the outstanding accounts were listed and proved with the respective controlling accounts in the ledger.

The financial records of the town clerk for dog and sporting licenses issued were examined. The payments to the town were verified by comparison with the treasurer's recorded receipts, and the payments to the State were checked with receipts on file.

The selectmen's records of licenses and permits issued and of miscellaneous receipts were checked with the treasurer's cash book. It is recommended that the selectmen's office keep a detailed cash book showing the receipts from licenses and permits granted, from tax possession sales, and from items of a miscellaneous nature.

The records of receipts of the sealer of weights and measures, and the building and wire inspectors, as well as of the police, school, library, and cemetery departments, and of all other departments collecting money for the town or committing bills for collection, were examined and checked, the recorded collections being compared with the treasurer's recorded receipts and with the accountant's books.

The surety bonds of the various town officials required by law to furnish them for the faithful performance of their duties were examined and found to be in proper form.

In addition to the balance sheet, there are appended to this report tables showing reconciliations of the treasurer's and the tax collector's cash, summaries of the tax, motor vehicle and trailer excise, tax title, tax possession, and departmental accounts as well as schedules showing the condition and transactions of the trust funds.

During the progress of the audit cooperation was extended by the various town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,

WILLIAM SCHWARTZ

Assistant Director of Accounts

TOWN OF BURLINGTON
MASSACHUSETTS
Report and Recommendations
of the
Finance Committee
to the
Annual Town Meeting 1953

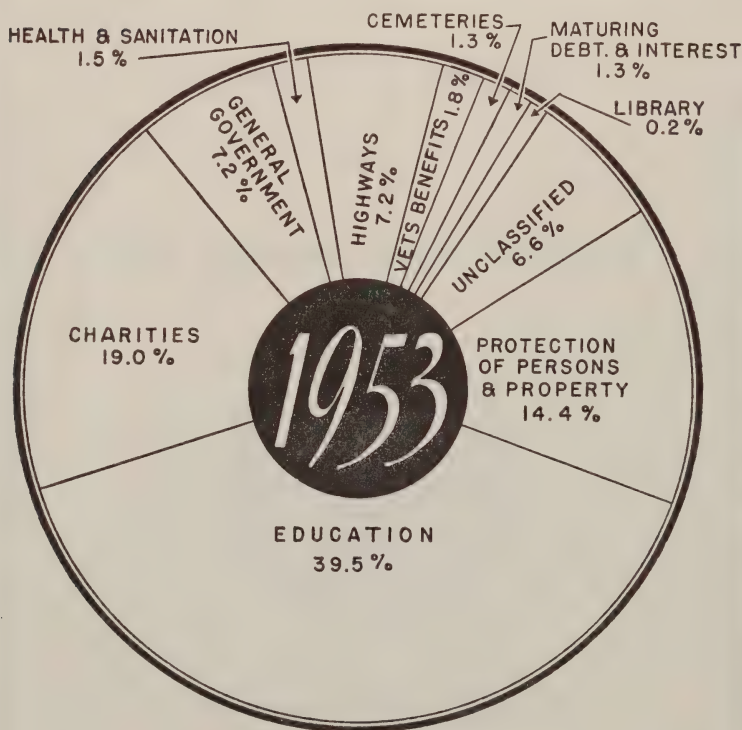

together with a copy of
THE WARRANT

Please Bring This Report With You to the
Town Meeting

COMPARISON OF APPROPRIATIONS

Any Deviation from the Appropriations
shown will change the Percentages
in the Chart below

FROM THE FINANCE COMMITTEE TO THE VOTERS

To the Voters of Burlington:

The Finance Committee was created to consider the taxpayers' interest and to recommend expenditures.

The committee has spent many hours studying department budgets and have acted on the premise that Town Management is identical to any well governed business. The cost of Town Government is steadily rising and is likely to continue, therefore, we urge every taxpayer to study this report. Your tax rate is determined by the amount of money you vote at the Town Meeting.

Tax Rates

1949 — \$50.00

1950 — \$53.00

1951 — \$57.00

1952 — \$58.00

1953 — ?

The final tax rate will be made by the assessors, however, providing that the recommendations of the Finance Committee are followed. The estimated tax rate for 1953 will be approximately \$55.00.

The above figure does not include any expenditure which may be necessary if the new school program is adopted..

Wages and Salaries

The Finance Committee in its capacity as coordinating committee has again devoted a major portion of its time to the problem of salaries. In dealing with the continuing effect of inflation on the town wages the Finance Committee recommends an across the board wage increase for the Police, Fire and Highway Departments of \$200.00 dollars a year, retroactive to January 1, 1953. Recognizing only that the last wage increase must be supplemented to handle the increased cost of living.

Assessors

This Department presents a specific case where added responsibility requires that a salary increase be recommended:

The current financial status of the town is a matter that is of concern to all. The Finance Committee has given this matter considerable thought and is firm in its conviction that for the best interests of the town one member of the Board of Assessors should be elected on a full time basis, or that a permanent em-

ployee be engaged by the board, possibly with the title of Assistant Assessor. Both methods have proven successful in other towns.

School Dept.

Further increases in the school enrollment and necessary additions to the teaching staff have increased the school budget this year. Several anticipated items were cut or reduced from this budget so that they could be handled separately as required, probably at a special Town Meeting sometime before the September semester. The largest anticipated expense in this group is for equipment should the School Department have to equip two (2) classrooms in the town hall in preparation for September classes.

Increase in the Vocational School appropriations is explained in this manner: enrollment of high school pupils in Neighborhood Shop Training programs is on the increase.

Conclusions

The Finance Committee wishes to site the untiring efforts of the unpaid citizens who serve on the various boards and who have produced a result that cannot be easily or drastically improved. All voters who fail to attend town meetings are not only unmindful of their own interests, but are unfair towards the large number of men and women who give so freely of their time and energy in the management of the business of the town and are anxious to learn whether their policies and procedures are in accordance with the majority.

The Finance Committee appreciates the splendid cooperation and assistance it has received from the various town officials and employees. It is hoped that some small contribution to good economical government will be the result of the long hours devoted to its task by the committee.

Respectfully submitted,

JOSEPH G. NOLAN, Chairman.

ALBERT G. VIGNEAU, Secretary.

ELIZABETH LOWTHER.

LOUIS ALBERGHINI.

WILLIAM T. ROGERS.

Town Clerk

PROCEEDINGS AT ADJOURNED TOWN MEETING, MARCH 15, 1954

The meeting was called to order by the Moderator at 8:35 p.m. with a checked number of 272 voters as having been recorded. The notice of the adjourned meeting was read by the Clerk as having been posted March 6, 1954 by the Police Officer Elmer E. Gurney.

Article 2. Reports of town officers and committees:

Mr. Nazzaro asked to have a few items on page 163 of the town report explained which was taken care of by the Town Accountant to everybody's satisfaction. A motion which was made by Mr. Nazzaro regarding the town officers and existing committees was withdrawn by him. Mr. Wilde spoke on the progress of the new school which was very acceptable to the assembly. Mr. Ward spoke about getting in touch with the Simonds Trustees as per a vote passed some time ago at an adjourned town meeting, March 2, 1953 in regard to the Selectmen conferring with the Simonds Trustees with the possibility of acquiring the property adjoining the town hall, now occupied by Miss Jessie Dodge with a view to remodelling the property for town offices and reported progress on same.

A motion was made at this time to accept the reports as submitted. After Article 2 was disposed of Mr. Meaney asked for a suspension of rules which was granted—whereupon he read the following motion—"That this town meeting go on record as being opposed to any assessment being levied against the town of Burlington by the M. D. C. under the so-called Fringe Area Bill—and that the town clerk be instructed to notify our Senator and Representatives to that effect. This was unanimously voted.

A motion was made at this time that we get back to the regular order of business. Mr. Swain at this point made a motion that this meeting consider Articles 43, 33, and 40 in that order after Article 4 has been disposed of and before Article 5 shall be considered. This was so voted.

Article 3. It was unanimously voted that the town authorize the town treasurer, with the approval of the Selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1954, and

to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 4. To see what sums the town will raise by taxation or otherwise to pay town debts, charges and fix the compensation of the elective town officers for the ensuing year and to appropriate the same.

Article 43—(At this time Article 43 was taken up which refers to the dump question). A letter was read by Selectman Piper from Clarence I. Sterling, Jr., Deputy Commissioner Environmental Sanitation,—Department of Health—Boston, which follows:

Board of Selectmen
Burlington, Mass.

In response to your request the Department of Public Health has caused an examination to be made by one of its engineers of a proposed site for the location of the town dump in Burlington.

The proposed dump site is located southerly of Blanchard Road and north of Wheeler Road in Burlington. Drainage from this area, however, is toward Vine Brook which flows adjacent to the wells used as a source of water supply by the Burlington Water District. The Department of Public Health in a communication dated December 11, 1953, to the Board of Water Commissioners, Burlington Water District, recommended that

a new dumping area be selected off the watershed of Vine Brook. The Department continues to be of this opinion and, accordingly, does not recommend the proposed dump site.

The Department is informed that an abandoned gravel borrow pit located northerly of Blanchard Road could be made available to the town for dumping. This area is landlocked at present thereby preventing drainage from flowing northerly into Long Meadow Brook, a tributary of Vine Brook.

In the opinion of the Department the gravel pit northerly of Blanchard Road is a satisfactory location for the disposal of municipal refuse. The Department, however, recommends that the dump be operated as a sanitary landfill and that drainage from the area be not permitted to flow into Long Meadow Brook.

Respectfully,

C. I. Sterling, Jr.

There was some discussion about the dump and the report on same was one of progress—and that as an emergency the townspeople could dump on Winn Street on the American Legion Property for the time being and the town would see that it was kept sanitary.

At this point, a motion was made and seconded to adjourn the meeting until April 5, 1954. This was not voted.

Article 33—(Brown Avenue)—It was voted that the town accept Brown Avenue for a distance of 1595 feet as shown on a plan on file with the Town Clerk.

Article 40—Motion made and seconded that the town raise and appropriate the sum of \$1,500.00 for the improvement of Brown Avenue. Amendment to the motion that the town transfer from available funds in the treasury the sum of \$1,500.00 to construct or re-construct Brown Avenue. This was unanimously voted.

Article 5—It was unanimously voted that the town authorize the Selectmen to petition the State Department of Public Works for aid for general highway purposes under Section 26-29, Chapter 81, of the General Laws and Amendments, thereof.

Article 6—It was unanimously voted that the town authorize the Selectmen to petition the State Department of Public

Works and the Middlesex County Commissioners for aid in the reconstruction of Peach Orchard Road in accordance with Chapter 90 of the General Laws and amendments thereof.

Article 7—It was voted that the town transfer the sum of \$11,825. from available unappropriated funds in the Treasury to finance the State's share of the cost for Highway Chapter 81 maintenance—\$2,600.00 from available funds in the Treasury to finance the State's and County's share of the cost for Highway Chapter 90 maintenance—\$7,500.00 from available unappropriated funds in the Treasury to finance the State's and County's share of the cost for Highway Chapter 90 Construction, provided, however, the amounts allowed by the State and County shall upon receipt be credited back to the surplus revenue account.

Article 8—It was unanimously voted that the town accept from the Trustees under the will of Marshall Simonds the sum of not more than \$2,500.00, to be spent under the direction of the Park Commissioners for the maintenance and improvement of Simonds Park.

Article 9—It was unanimously voted that the town accept from the Trustees under the will of Marshall Simonds the sum of \$3,332.00, to be expended by the Park Commissioners to pay the following bills incurred in agreement with the Simonds Trustees for the development of the Little League Ball Field on Simonds Park—

\$2,000.00 to Corcoran Brothers Construction Service

\$1,332.00 to American Chain Link Company for back stop

Article 10—Unanimously voted that the town raise and appropriate the sum of \$14,000. for hydrant rental, the same to be paid to the Burlington Water District.

Motion made and seconded that we adjourn this meeting until April 5, 1954. So voted. Time 11.20 P.M.

MAUD S. GRAHAM, Town Clerk.

PROCEEDINGS AT ADJOURNED TOWN MEETING, APRIL 5, 1954

The meeting was called to order by the Moderator at 8.30 P.M. Notice of the adjourned town meeting of April 5, 1954,

was read by the Clerk as having been duly posted and the constable's return was also read, as having been posted March 30, 1954, by Raymond W. Litchfield, Constable.

The Moderator then asked the assembly if they wished the minutes of the March 22, 1954, adjourned meeting read and Mr. Swain asked that Article 10 of that meeting be read so that some figures might be clarified. After the Clerk read the article as requested, a motion was made and seconded that we dispense with the reading of the rest of the March 22, 1954, meeting.

At this time the Moderator proceeded to take up Article 11.

Article 11—Voted that the town transfer the sum of \$500.00 from the machinery fund to the machinery account.

A motion was made and seconded that we take up Articles 12, 13, 14 and 15 collectively, and it was voted that the town transfer to the Surplus Revenue account the sum of \$709.00 from the School Oil Burner account; the sum of \$93.80 from the High School Sewerage account; the sum of \$380.00 from the High School Sewerage Committee Expense account; the sum of \$587.41 from the Workmen's Compensation Insurance fund.

Article 16—It was voted that the town raise and appropriate the sum of \$1,200.00 to erect a fence around the New Little League Field, on Simonds Park, to be spent under the direction of the Park Commissioners.

Article 17—It was voted that the town raise and appropriate the sum of \$1,300.00 to erect bleachers at the Little League Park, to be spent under the direction of the Park Commissioners.

Article 18—It was voted that the town raise and appropriate the sum of \$100.00 to defray the town's share in taking the State Census in January of 1955.

Article 19—It was voted that the town transfer the sum of \$480.25 from the Assessors' Listing Account to the Town Report Account.

At this point a motion was made and seconded that Article 41 be considered after we dispose of Article 20.

Article 20.—Motion was made that the town vote to raise and appropriate the sum of \$1,000.00 to defray the expenses of completing the house and street number directory from 1948 to

1953 inclusive. A general discussion followed. Mr. Moss wished to be recorded as "wasting money" if we appropriate this amount. At this time a motion was made and seconded that we lay this article on the table. The vote was doubted and the tellers were appointed to count the vote. The vote as recorded in favor, 60; those opposed, 48. It was voted to lay this article on the table. Tellers Douglas Hyde, William K. Dobbins, William L. Nelson, David W. Skelton.

Article 41—Unanimously voted that the town raise and appropriate the sum of \$1,235.73 for the payment of bills incurred in 1953 in the amounts of: Snow and Ice, \$614.78; Tax Title, Treasurer, \$455.00; Town Hall Maintenance, \$104.18; Police Department Expense, \$14.00; Morrissey Brothers Tractor Company, \$43.52, Board of Appeals, \$2.80; Ambulance Maintenance, \$1.45, as listed with the Town Accountant.

Article 21—Voted that the town raise and appropriate the sum of \$4,300.00 to purchase hose and equipment for the Fire Department, to be spent under the direction of the Fire Chief subject to the approval of the Selectmen.

Article 22—Motion made and seconded that the town vote to raise and appropriate the sum of \$3,750.00 for fire alarm improvements, the same to be spent under the direction of the Fire Chief subject to the approval of the Selectmen. Mr. Ward wished to be recorded as disapproving of the motion as read. A substitute motion was made to have a committee of five appointed by the Moderator and the Chief to investigate and see if they cannot come to some decision on this appropriation and report back to the next Special Town meeting. The substitute motion was carried.

Article 23—Voted that the Moderator appoint a committee to investigate the possibility of the town securing emergency equipment through the Federal Civil Defense—this committee to include the Board of Selectmen, Fire Chief, Police Chief, Superintendent of Schools, Superintendent of Highways and Civil Defense Director.

Article 24—Motion made that the town vote to transfer from available funds in the treasury the sum of \$8,000.00 to be used for the purchase of a 750 gallon pumping engine. This

money to be used with matching funds under Civil Defense, the same to be spent under the direction of the committee appointed under Article 23. An amendment to the motion was that the same committee appointed to look into Article 22 be appointed to do the same under Article 24.

Article 25—Motion that the town vote to authorize the Moderator to appoint a committee of five (5) to investigate sites and housing for town offices, police department and the fire department, and to raise and appropriate the sum of \$1,000. to cover costs of plans, estimates, etc., the same to be spent under the direction of the committee. An amendment was made that the \$1,000.00 appropriation not be included. So voted.

Article 26—Voted that the town raise and appropriate the sum of \$750.00 to provide the Honor Roll Committee with additional funds to erect the memorial dedicated to the Men and Women of Burlington who served in our nation's wars, to be spent under the direction of the Honor Roll Committee.

Article 27—Voted that the town authorize the Selectmen to have a street light installed on Meadowvale Road.

Article 28—Voted that we appropriate no money for the removal of garbage and rubbish in the town.

Article 29—Motion under Article 29 was submitted by Mr. Fitzgerald and read by the Clerk: That the zoning by-laws be and hereby are amended and the map incorporated in and a part thereof is changed and altered so that the land of James J. Fitzgerald, Jr., and others on Access Road parallel to Route 128 is changed from a Residential District to an Industrial District. The land is described as follows:

Beginning at a point on the Woburn-Burlington Line at the intersection of Pearl Street, Woburn, and the new Access Road, Burlington, running parallel to State Highway Route 128 and running in a Westerly direction approximately 1200 feet, thence turning and running in a Northwesterly direction approximately 343 feet abutting land of Crawford thence turning and running in an Easterly direction approximately 1157 feet to land of Sylvester, then turning and running in a southeasterly direction to point of beginning on new Access Road.

Mr. Fitzgerald was allowed to explain the motion for rezoning to the assembly. The vote on motion as counted was 85 in favor and 61 opposed. The vote was lost.

Article 30—Voted that the town accept that portion of Westwood Street not previously accepted and lying between Outlook Road and Wilmington Road as shown on a plan on file with the Town Clerk.

Article 31—Voted that the town accept Stewart Street from Wilmington Road to Whitney Street as shown on a plan on file with the Town Clerk.

Article 32—Motion made and seconded that the town vote to accept Wood Hill Road for a distance of 200 feet from Wilmington Road as shown on a plan on file with the Town Clerk. Substitute motion was made that it be laid on the table and it will be taken care of at the special town meeting. Those in favor, 75; those opposed, 28. It was so voted.

Article 34—To see if the town will vote to change from Residence "B" District to Residence "A" District a certain parcel of land at Wilmington Road near Cambridge Road, consisting of 30 acres more or less, said land owned by Guy E. Reed, all as more fully shown on plan on file with the Town Clerk. It was voted that this article be laid on the table until the Selectmen, Assessors, Planning Board and Building Inspector get together and find out just what conditions exist and rectify the same.

Article 35—Motion made and seconded that we do not change from Residence "B" District to Business District land on Middlesex Street and Adams Street owned by Isaac Bernstein as more fully shown on plan on file with the Town Clerk. Mr. Day opposed the change. A substitute motion was made that the town re-zone land of Isaac Bernstein on Middlesex Street and Adams Street from Residence "B" District to Business District in accordance with plan on file with the Town Clerk. Those in favor, 108; those opposed, 16. So voted.

Article 36—Motion was made that we accept the article as read to re-zone land of J. W. Quinn et al, from Residence "B" District to Industrial District located on Adams Street bounded

by proposed Route 3, town of Lexington lines and Butterfield Pond, consisting of 10.90 acres more or less, all as more fully shown on plan on file with the Town Clerk. Those in favor, 93; those opposed, 8. So voted.

Article 37—(Re-zone Vasil S. Matto land from Residence "B" District to Industrial zone.) Report of Burlington Planning Board to Annual Town Meeting for 1954—Re: Article 37—This article calls for the re-zoning of the land of Matto on Middlesex Turnpike from Residence "B" to Industrial. This piece of land is a small portion lying within a large tract previously re-zoned by the town to Industrial zone. At the hearing held on February 10, 1954, which was duly advertised, there were no objections. The Planning Board is of the opinion that it would be for the best interest of the town to re-zone this land to make up a pattern of industrial land along the new Route 3.

Planning Board

Walter J. Sullivan, Chairman

Jack J. Moss

Herman D. Graham

Elmer J. Morrison

Motion made and seconded that the town vote to re-zone land of Vasil S. Matto from Residence "B" District to Industrial zone situated on the westerly side of the Middlesex Turnpike and containing approximately five acres as shown on a plan on file with the Town Clerk. Those in favor, 92; those opposed, 1. So voted.

Article 38—Motion made and seconded that the town vote to re-zone land of John A. Caldwell located on Cambridge Street from Residence "B" District to Industrial zone containing approximately fifteen acres as shown on plan on file with the Town Clerk.

Report of Planning Board to Annual Town Meeting for 1954—Re: Article 38—This article calls for rezoning of the land of Caldwell on Cambridge Street located opposite the outdoor theater now under construction. At the hearing held February 10, 1954, which was duly advertised, there were no objections. It appears that this land now already adjoins industrial land and the purchaser of the adjoining land is interested in acquiring land for a large industrial development. The Board

is of the opinion that this change would be for the best interest of the town and, therefore, recommends same.

Burlington Planning Board

Walter J. Sullivan, Chairman

Jack J. Moss

Herman D. Graham

Elmer J. Morrison

There were 94 in favor and none opposed.

Article 39—Motion made and seconded that the town vote to re-zone land of Robert Rowsell from Residence "B" zone to Industrial District five acres of land on Old Concord Road as shown on plan on file with the Town Clerk.

Planning Board report—Re: Article 39—This article calls for a change on the land of Rowsell from Residence "B" District to Business or Industrial zone. The land is located between the former Silk Dump and the plant of the Highland Sand and Gravel. The land is unsuitable for any other purpose except business or industry and the Board unanimously votes to recommend this change.

Burlington Planning Board

Walter J. Sullivan, Chairman

Jack J. Moss

Herman D. Graham

Elmer J. Morrison

Those in favor, 66; those opposed, 16. So voted.

Article 42—Motion that the town vote to appropriate the sum of \$6,600.00 for a front end loader for the Highway Department, the same to be spent under the direction of the Board of Selectmen. A substitute motion was that a committee be appointed to investigate the feasibility of purchasing a front end loader for town use. The vote on same was 40 in favor and 43 opposed. The vote was lost and action was taken on the original motion and it was so voted.

Motion made and seconded to dissolve the meeting at 11.42 P.M. So voted.

MAUD S. GRAHAM, Town Clerk

REPORT OF SCHOOL COMMITTEE

To the Citizens of Burlington:

In the submission of this report the members of your School Committee have endeavored to high light some of the more important phases of developments in the school system during 1954.

Your Committee feels that great progress has been made in the educational possibilities for the youth of the town. This is attested by the report of the Superintendent of Schools detailing the work of the School Department.

The Memorial Elementary School was opened in September with an attendance of 650 pupils, 50 more than the so-called ideal capacity. At the end of December, the enrollment had risen to 718. This rapid upward trend intensifies the problem of our future needs in the town for additional school facilities. Burlington is experiencing a major development in the building and occupying of housing units. The serious need for immediate contemplation of these problems needs little further comment. The problems attendant upon the resultant rapid increase in school population are detailed further in the Superintendent's report.

In addition to opening the new elementary school, a start was made in renovating the Union School in order that the junior high grades could occupy that building. New roofing was completed, a new heating system installed, doors were repaired with new hardware, and the front steps replaced. The antiquated furniture was removed and more modern facilities installed. Attention is called to the attached report of the Committee of seven citizens who originally investigated this matter at the direction of the School Committee. As may be seen from such report, additional work must still be done in this building.

Work on the athletic field at the rear of the high school was continued and it is felt that completion of the football field will be accomplished in 1955. Your School Committee wishes to thank Mr. Stewart Oldford for his valuable suggestions in this regard.

To compete with other towns in the market for teachers and to further make it attractive for the present staff to remain in the Burlington system, your School Committee adopted a new salary schedule for the teachers. This schedule is to be fur-

ther modified in 1955 with attention given also to the wage schedule of the custodians.

An attempt to stabilize in the budget the amount of money needed for repairs has been made. During 1954 a maintenance schedule was adopted which divided the High School into work areas. The first phase of this work was accomplished during the summer months. It is hoped that during each succeeding summer a different unit will be refurbished, thus putting all repair work on a rotating basis. Neglect of maintenance leads but to ultimate high repair costs.

Two new developments in the High School also should be noted. The first of these was the introduction into the curriculum of the Driver Training Program in cooperation with the Massachusetts Registry of Motor Vehicles. A new 1954 Chevrolet was donated by the Lannon-Ungerman Company of Woburn. Certificates of completion were awarded to sixteen students in the first class. Since September an additional six students have been certified. The certificates awarded will result in a savings of over \$150.00 for the parents of these students when registering their cars for 1955. The program was started with pupils in the twelfth grade and is now in process of being extended to students in the tenth grade.

The second major change in the High School concerns the varsity and junior high athletic program for the boys' teams. In the past it has been customary to have one man act as head coach. In September, your School Committee assigned three men to football, two to basketball and three to baseball. In football and baseball there is a head coach, an assistant coach, and a junior high coach. In basketball there is a coach for the varsity and a coach for the junior high team. In baseball there is a head coach, an assistant coach, and again a junior high coach. Under this new sports program, no man is head coach for more than one sport but all of the men work in two sports.

As previously mentioned there has been a tremendous growth in the number of housing units in the town. Because of the increase in transportation needs, it was found necessary to add an additional bus. Even with this addition, however, the load on each bus is at capacity for each trip. As the town continues to grow, it may become necessary to adopt new regulations concerning the distance from school which will entitle a

pupil to transportation. To do otherwise, would result in prohibitive transportation costs.

The Massachusetts Legislature in its 1954 session passed a new law concerning the instruction of educable and mentally retarded children in the various cities and towns. In the light of the tone of this bill your Committee must give consideration to the formation of classes of this nature. Of necessity, such classes will increase the cost of education to the town. The report of the Superintendent covers this in more detail.

In conclusion, your School Committee particularly wishes to call the attention of the citizens to the reports of the Superintendent of Schools, the citizens' committee which investigated the needs of the Union School and the age - grade and projected enrollment charts annexed herewith. From a comparison of the official figures of October 1, 1954 and the projected enrollment chart, it may be seen that the school population in a comparatively few years will reach truly great heights. This is an ever present problem — one with which your Committee is cognizant and to which it will devote a large measure of its time.

Report of the Superintendent

To the School Committee
Chairman and Members:

For the past several years, rather than submit the traditional type of report covering in a cursory manner the many areas involved in the conduct of a school system, I have concentrated on specific matters or problems which at the time were visibly prevalent or in the process of development. This practice has met with your approval because of your conviction that an informed public is a healthy situation for a community and, more specifically, because you realized that the solution of several of these problems rested ultimately, either with the parents or with the citizens of the community.

My report for the year 1954 will follow somewhat along the same vein except that, rather than report solely on issues

confronting us, I should like to devote the early part of the report to benefits that have been accrued as a result of the addition of the new elementary school. Following this will be a treatise on a situation that is definitely developing into a problem — the need for additional housing facilities for the rapidly growing elementary school population.

When schools reopened last September, the town witnessed the occupying of the new Memorial Elementary School by approximately 650 children. Its addition to the school plant has achieved benefits worthy of note. In addition to providing the atmosphere and means for carrying on the type of educational program we desire for our grade school children, it has provided the physical needs for enriching the educational curriculum in the junior-senior high school.

It not only has solved the housing problem for the grade school children, which solution to be sure, will be of short duration, but also has provided a solution to a like problem in the high school for some time to come.

From an educator's point of view, the outstanding benefit accruing from the new construction was the pleasant experience of temporarily dismissing further consideration to the establishment of a two-platoon system. It is a foregone conclusion that, were it not for this structure, it would have been necessary this current school year to institute morning and afternoon sessions, definitely for the grade school children and, more than likely, for the high school. While we read of neighboring towns necessarily resorting to this method for solving their overcrowded conditions, it is gratifying to know that we have avoided a similar experience. For the fortunate situation in which we find ourselves, the school children and personnel responsible for the conduct of the schools are appreciative of the citizens' good judgment and prompt action.

Notwithstanding the above, the fact remains the town has provided the grade school children with a building as functional as any that exists in the state. Its classrooms, twenty in number, comprising an area of 800 sq. ft. each, provide ample natural and artificial lighting, and are decorated in soft pastel shades, creating an atmosphere conducive to effective learning. To enable the system to carry on its physical development and health programs, the building is provided with a fully equipped health

room; a combination auditorium-gymnasium of ample size; a cafeteria with stainless steel kitchen; and boys' and girls' shower rooms. To supplement the basic textbooks, each classroom is supplied with gradated reading books and reference material. The stage equipped adequately to perform its function, stands ready to search out and develop personal talents of the child. Last but not least, the school is amply provided with training aids, audio-visual equipment, and a library of strip films, to be used to vitalize the teaching process and thereby develop the learning process all the more readily.

At this time, permit me to express my sincere thanks to you and the other members of the School Building Committee for a task well done. Well do I know the many, many hours you devoted to the planning and overall supervision of the building, determined to give to the town a dollar's worth for every dollar spent. I also deem it proper at this time, and I know I speak for the building committee, to express a word of thanks to Stewart Oldford, Clerk of Works on the project. While acting in this capacity, he was ever mindful of the town's interest, demanding the best in workmanship and material at every turn.

The statement was made above that the Junior-Senior high school benefitted as a result of the acquisition of the new school. The fact of the matter is that it has not only solved an overcrowded condition in this building, but has permitted an enrichment of the curriculum as well as the elimination of abnormally large junior high classes.

With the transfer of its former occupants to the new school, the Union School and Annex were left to accomplish these desired ends. However, prior to transferring the 7th and 8th grades from the High School, you deemed it an opportune time to undertake a start in needed repairs and renovations to the Union School.

As a result of the effort of a committee of seven citizens, appointed by you to give study to the problem of needed repairs and renovations, the cooperation of the Selectmen, the Finance Committee, and in the final analysis, the citizens of the town, a sum of \$15,000 was voted for this purpose. This amount used for converting the heating system to oil, reshingling the roof, reinforcing the front steps, enlarging and reinforcing the cafeteria outside exit, installing new doors where needed, and pro-

viding panic hardware throughout, has gone a great way in making it a functional building. It is hoped that the citizens of the town will see fit to make the balance of the money needed to complete the refurbishing of the building available in the near future.

With the transfer of the 7th and 8th grades to the Union School, it was possible to split the two overcrowded sections in each grade of the junior high (7, 8, 9) into three sections each. More important from the educator's point of view is the fact that it disassociated these grades, 7th and 8th, from the higher grades, a feature that is considered educationally sound. Furthermore, it has eliminated using the high school cafeteria for study purposes, a condition that did not react to the best interest of the pupil.

With reference to enriching the curriculum, several benefits have accrued. For the high school it has permitted adding two typing classes daily for 9th grade college students and interested 11th and 12th graders. It has provided for adding Economic Geography to the 11th and 12th grade programs as well as allowing for the incorporation of 2nd year Bookkeeping for commercial students. For the junior high it permitted the inclusion of music and art (curtailed though they be at the moment) in its program and an expansion of the counselling services.

Before undertaking a consideration of the second matter encompassed in the report, namely, the necessity for investigating the need of additional housing for the rapidly growing elementary school population, it is imperative that an assumption be made clear. It is to be noted that no mention is made of the possibility of a similar problem arising in the high school. The fact is, notwithstanding the necessity of using some of the classrooms for accommodating grade school children next year, were it planned to ultimately utilize the Union School and Annex exclusively for junior high purposes, such a problem should not confront the High School for some time to come.

In approaching the subject at hand the burden of proof will not, as in the past, rely on the technique of projecting school enrollment. It so happens that, insofar as Burlington is concerned, in every instance where this method has been employed, a comparison of the projected data with the factual data

made the results of the process appear as a calculated guess. This is due to the fact that the prescribed procedure is intended for use by communities experiencing normal growth, the type of which Burlington cannot be classified.

To the author, the proof of the issue is found in reflecting on the town's expected growth for the year 1955 and in studying the enrollment figures of the elementary grades.

From reports it appears a foregone conclusion that the year 1955 will witness a tremendous amount of home construction in the town. Town officials associated with this phase of town administration testify to the fact that, conservatively, two hundred homes will be built during this period. Assuming one grade school child to each of these new families, which figure, to be sure, is likewise conservative, reflects quite a substantial increase in enrollment.

With due regard to the factor dealt with above, an examination of the enrollment figures listed below provides ample testimony in itself to justify serious consideration of the issue involved.

It was mentioned above that the opening day of school witnessed an enrollment of 650 children in a school planned for 600. This necessitated occupying all 20 classrooms and converting the conference room into a classroom to be used by the Special Class. It permitted but a small percentage of the teachers enjoying a pupil-teacher load of 30, an objective desired and planned for, even though five above the state's recommended ratio. More important, a glance at the figures above reveals a rapid and continuing growth, the result of which places today's

enrollment (January 25, 1955) approximately 75 more than September.

To assume that the grade enrollment will remain static from now until next September is ridiculous, in the light of what has been revealed. If such did develop however, the figures below would represent the enrollment at that time.

Gr.	Sept. 1955	Gr.	Sept. 1955
1	155 (5)	5	103 (3)
2	152 (5)	6	94 (3)
3	132 (4)	Sp.	7 (1)
4	131 (4)		

The purpose in doing this is to emphasize even more the housing problem developing in our midst. Assuming the figures as noted, each grade should be provided with the number of rooms enclosed in parentheses. With the Memorial School providing twenty-one classrooms, it will be necessary to utilize the remaining four classrooms at the Union School and Annex. Plans have been made accordingly and next September will see grade classes housed in these buildings. In summarizing, when one reflects on the town's expected growth, and further realize the rapid and continuous growth being currently witnessed, it is not presumptuous to conclude that every classroom will not alone be occupied but, more than likely, taxed to its capacity come September.

At this time a justification of a statement made in my report of last year is in order. Toward the close of the report reference is made to allotting a sum of money for continuing work in the field in the rear of the high school. Then follows the statement that deserves explanation and I quote, "it is planned to complete the football field with this amount." Although the money has been spent there is no completed football field to show for it.

You may recall that at the time of this report the field had been leveled from the paved area behind the school back for a distance of 40 feet for additional parking area, and then back further for an additional 150 feet. There it dropped from a depth of 12 feet or more at the north end of the field to about a foot at the opposite end. On the larger of the two leveled areas it was planned to place the field. However, further study of the matter showed that, in addition to eliminating the short-

comings of the first plan, much more could be had by a change in plans. It came to be recognized that by planning the field where first intended, it would restrict the sideline area on the east side, as well as create a hazard because of the drop in terrain. As a result of removing the earth for a depth of 3 to 4 feet as far back toward the parking plot as necessary, and filling in the lower area, virtually the entire area of five acres or more has been leveled.

A visit to the area will convince one of the wisdom of the change. As a result it has provided areas not alone for football, but also for baseball and, if need be, for other athletic activities.

An explanation of a new law relating to education and a request of the townspeople to assist with its compliance will conclude this report. On August 25, 1954, a new law requiring cities and towns to set up special classes not alone for the educable child, with which we have complied for the past eight years, but also the non-educable but trainable child, was made effective. The law, in part, reads:

“At the beginning of each school year the committee (school) of every town where there are five or more such children shall, and every town where there are less than five such children may, establish special classes for the instruction of the educable mentally retarded children and for the instruction of the trainable mentally retarded children according to their mental attainments, under regulations prescribed by the department.”

The committee, ready to comply with the regulations to the fullest extent, has provided funds in the 1955 budget for this purpose. It requests that parents or guardians inform the school officials of children who may fall in these categories. Better still, it would be greatly appreciated if the authorities be informed of any child of school age not in school attendance.

In conclusion, I again express my gratitude to the parents, town employees, town officials, and school personnel for their splendid cooperation this past year. To you, the School Committee, my sincere thanks for your seriousness of purpose, advice, and utmost cooperation.

JEROME J. LYNCH,
Superintendent of Schools

No School Signals

The signal is sounded on the fire alarm system. It consists of two blows—interval—two blows—interval—two blows.

I I I I I I

7:00 a.m.—No school for all schools.

7:30 a.m.—No school for elementary school; high school in session.

Announcement will also be made on Radio Station WNAC starting at approximately 7:00 a.m.

Any and all school functions scheduled for the evening of a day that school is called off, are automatically cancelled.

School Session

Junior-Senior High School—From 8 a.m. to 1:35 p.m.
Memorial School —From 9 a.m. to 2:30 p.m.

Age of Admission

Pupils entering the first grade in September 1955, must be five years of age on or before January 1, 1955. In other words, a child entering Grade One next September will have reached his sixth birthday on or before January 1 of the year 1956.

Vaccination

The state law requires all pupils attending public schools to be vaccinated. Exceptions will be made of a child presenting a certificate signed by a registered physician to the effect that he has personally examined the child and found his physical condition such that his health would be endangered by vaccination.

Attendance

Regular attendance is necessary to do satisfactory work. A written excuse from the parent or guardian is required for every absence, tardiness, or dismissal. No pupil is allowed to leave school during the session without permission from the Principal or Superintendent. Unless the pupil brings with him a written request for dismissal from his parents or guardian, he is permitted to leave only in case of emergency.

Teachers may require pupils to attend the extra afternoon session if it is necessary for success in their work or for discipline.

Report of School Physician

I hereby submit my report as School Physician for the year 1954.

Regular examinations of all students taking an active part in athletics and physical education have been completed.

Examination of the second and fourth grade pupils was completed.

Immunizations and booster injections were given to pupils who needed them.

All employees of the school cafeteria have been given a physical examination, blood Wasserman test, chest x-rays.

All the bus drivers were given a physical examination.

The following recommendations were respectfully submitted:

1. The number of caries, although still high, shows a definite trend towards improvement.

2. The varsity should seek employment during the summer vacation that would keep them in physical condition. The coaches assure me that an alternate plan I. E. earlier Spring training: does not get a proper response. Muscular conditioning I am sure would appreciably reduce both the number, as well as the severity of the injuries received.
3. I want to assure the pupils, that there is nothing personal in restricting them when their injuries warrant such action. I do so only to prevent more serious injury.

In closing I wish to thank the Superintendent of Schools, the School Committee, Mrs. Julia Connors, the School Nurse, and all the teachers for their invaluable assistance and cooperation.

Yours truly,
ANTHONY G. GIANGRECO, M.D.,
School Physician

Report of School Nurse

To the Superintendent and School Committee:

I hereby submit my report as School Nurse for the year 1954.

I assisted the School Physician, Dr. Anthony Giangreco, in his examination of all pupils taking part in the physical education program.

Children in the fourth, seventh, and eleventh grades were also examined and parents were notified of defects. About eight per cent of the children entering first grade had examinations done by family physicians as advised by State Health regulations.

A number of cases of chicken pox, measles, mumps and one case of scarlet fever were reported during the school year.

Hearing tests were given by teachers and referrals examined by Pure Tone Audiometer. In addition to the usual vision testing by teachers referrals were examined by Dr. Sidney Adams.

The dental clinic was conducted by Dr. Edward McCall who made twenty-six visits and completed fillings, extractions, and cleanings on two hundred and ninety children.

Immunization against Diphtheria, Tetanus, and Whooping Cough was given to eighty-six children by Dr. Anthony Giangreco.

The Well Child Conference sponsored by the Board of Health is conducted once each month at Memorial School by Dr. Harriet Leach of Billerica assisted by Mrs. Julia Connors, R.N. Parents may bring their pre-school children by making appointments with the School Nurse.

I wish to thank the Superintendent of Schools, the School Committee, Dr. Anthony Giangreco, Board of Health and all the teachers for the valuable assistance and cooperation.

Respectfully submitted,
JULIA CONNERS, R.N.,
School Nurse

REPORT OF ATTENDANCE OFFICER

To the Superintendent and School Committee:

I hereby submit my report as attendance officer for the year 1954.

Daily contact was made with the school for the names of all pupils absent followed through by a check with the home. Most absentees were due to illness.

Respectfully submitted,
JULIA M. CONNERS, Attendance Officer

RECOMMENDATIONS CONCERNING RENOVATION OF UNION SCHOOL

July 15, 1954

It is the recommendation of the committee appointed by the Burlington School Committee to look into the feasibility of renovating the Union School, and that the building be kept vacant until the work can be accomplished. Because of the lack of funds in E. & D., this work cannot be accomplished until after the first of the year. We further recommend that enough money for the heating system be asked for from E. & D. this summer so that that particular part of the work can be completed before cold weather.

Following is a list of estimated prices for the various jobs that we feel should be done:

Carpentry	\$6,366.00
Lighting	6,032.00

Oil Burner, Tank and Boiler	5,835.00
Painting Outside	1,550.00
Painting, Patching, Plastering Inside	5,000.00
Plumbing	2,200.00
*Sprinkler System	7,500.00
Asphalt Tile and Linoleum	4,500.00
Cafeteria Equipment	5,000.00
Furnishings	
Students desks	\$3,000.00
Lounge furniture	400.00
Rep. window shades	135.00
Lockers	1,300.00
Sewing machines	420.00
Electric stoves (2)	250.00
	5,505.00
Clerk of the Works, 7 weeks @	125.00
	875.00
Miscellaneous Labor	500.00
Total	\$50,863.00

* We would suggest that the School Committee consult with Fire Chief Skelton further concerning the sprinkler system as Mr. Whitney was not in complete accord with such an installation. We feel that insurance savings in time would help to compensate for the installation.

FERDINAND PIMENTEL, Inspector of Buildings

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen:

I herewith submit my report as Tree Warden for the year of 1954.

The appropriation was spent for trimming dead limbs overhanging the streets, and with the cooperation of the Highway

Department for the removal of dead and dying trees on the roadside.

There will be need for the removal of many more dead trees, this coming year as the Dutch Elm disease is still thinning out our Elms.

Respectfully submitted,

RALPH E. KNOWLES, Tree Warden

REPORT OF THE PLUMBING INSPECTOR

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Inspector of Plumbing for the year 1954.

Three were 222 permits issued for plumbing during the year and all that have been completed have passed my inspection.

Respectfully submitted,

FERDINAND PIMENTEL, Inspector of Plumbing

REPORT OF ANIMAL INSPECTOR

To the Honorable Board of Selectmen:

Gentlemen:

I herewith submit my report as Animal Inspector for the year 1954.

There were thirty one dog bites reported and 31 dogs were quarantined. I found no rabies.

I have inspected all live stock periodically and found them in good condition.

Respectfully submitted,

FERDINAND PIMENTEL, Animal Inspector

REPORT OF THE FIRE DEPARTMENT

To the Honorable Board of Selectmen
and the Citizens of Burlington:

I herewith submit my report as Acting Chief of the Fire Department and Forest Warden for the year 1954.

During the year, this department answered 318 calls as follows:

Ambulance

85

Ambulance and Resuscitator	2
Resuscitator	1
Rescue	11
Grass	41
Brush and Woodland	55
Buildings	14

The following equipment was used:

2,600 feet of 2½ inch hose
 3,550 feet of 1½ inch hose
 500 feet of 1⅛ inch hose
 19,400 feet of ¾ inch hose
 25,355 gallons of water from Booster Tanks
 274 feet of ladders
 88 cubic feet of air-Scott Air-Paks
 17 pounds of CO2

Pumps operated 50 hours

Mutual Aid response rendered assistance four times

Acreage burned:

44 acres of grass
 64½ acres of brush and woodland

Permits issued:

486 Open Air Fire Permits
 497 Permits issued for Oil and Gas Installation and Storage
 253 Inspection Permits

Value of Buildings, Automobiles, Trucks, etc. involved by fire	\$71,500.00
Value of contents involved by fire	16,600.00
Total	<hr/> \$88,100.00

Damage to Buildings, Automobiles, trucks, etc., involved by fire	\$ 8,936.52
Damage to contents involved by fire	2,069.50

Total	<u>\$11,006.02</u>
-------	--------------------

Engine #1 is in good condition; however, it is in need of a brake repair job. Engine #2 and Engine #3 are in good condition. Engine #4, a 1934 Ford, is only in fair condition. Consideration should be given by the Town to replacing this piece with a standard piece of equipment, at least a 750 gallons per minute pumper to come up to the Fire Underwriters' Specifications; such a pumper would aid greatly in keeping fire insurance rates down.

In my budget for 1955, I am asking for an increase in the Department appropriation in order to increase the permanent manpower by two men. This will enable the Department to have three men on the day shift and two men on the night shift; and it will be possible to have a man make oil and gas installation inspections, and carry out other Fire Department business. This Department is also required to furnish a man on ambulance calls leaving the Department short-handed.

Respectfully submitted,

SIDNEY E. BROWN,

Acting Chief and Forest Warden

(From August 1, 1954, to December 31, 1954)

REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen met and organized on March 2, 1954. James C. Piper, Jr., was re-elected Chairman and Mrs. Alice Carpenter was appointed Clerk. Thomas E. Murray was re-appointed Superintendent of Highways. Appointed to the Board of Appeals were William J. Sheerin, Joseph Smith, Gerald Seminatore, Russell Peterson and Harold Marvin.

Two of the big problems confronting the Board were Sand and Gravel pits, and the furnishing of adequate space for the various Town Departments, which, at that time, were all crowded into the Selectmen's Office.

The strict enforcement of the Town By-Laws by Chief of Police MacEachern relieved the Sand and Gravel situation. Two of the worst offenders were taken into Court. They appealed and the appeals are still pending.

After conferring with the various Town Officials it was decided to convert the upper hall of the Town Hall into offices. The offices on the first floor of the Town Hall were turned over to the Police Department for their exclusive use. All other Town Offices were moved to the upper hall, and space provided there for all departments. Much thanks is due the Police and the Auxiliary Police for the services they rendered, not only in fitting up their own department, but also in the remodelling of the second floor. Due to the co-operation of all interested departments this much needed change was made at a cost of about One Thousand Dollars.

The Board voted to have a full-time Chief of the Fire Department. David Skelton, who had been chief on a part-time basis for a number of years, was appointed. After serving for a short time, Chief Skelton found it necessary to resign in order to devote more time to his own business. His resignation was accepted with regret and Captain Sidney Brown was appointed Acting Chief.

The growth of the Town has brought many new problems. One to which the Board devoted much time and thought was the Drainage on the new developments. We have tried to work out all these problems to the satisfaction of all concerned, keeping always in mind the best interest of the Town and its citizens.

The Board meets every Monday night. We are always happy to have any Civic problem presented at our meetings.

We wish to express our appreciation to all the Town Departments and to our fellow citizens for their co-operation, which has aided us greatly in carrying on the business of the Town this year.

Respectfully submitted,

JAMES C. PIPER, JR., Chairman

REPORT OF CIVIL DEFENSE ACTIVITIES

To the Honorable Board of Selectmen:

Report of Civil Defense activities for 1954.

Record of events:

Call outs of Auxiliary Police and Firemen: Two (2) rating
—excellent.

Meetings attended four (4):

Worcester, Lowell, Newton and Natick.

Outlook for 1955:

The Town has been designated as a "Critical Target" area, which means it may be required to evacuate the Town in the case of an enemy attack.

Our biggest problem in the event of an attack during school hours will be the evacuation of nearly 1,000 school children. Strong support is urged.

A "must" is adequate funds for the purchase of a communications chain. This is strongly recommended by the FCDA, State and Area offices of C. D.

Civil Defense is everybody's business.

Respectfully submitted,

CHARLES L. WHITE, Director, C. D.

REPORT OF CEMETERY COMMISSIONERS

To the Citizens of Burlington:

We hereby submit our report for the year 1954.

Lots and graves sold during the year are as follows:

Lot 360B Mrs. William Harvey

Lot 361A James and Margaret Boyd

Lot 361B John E. Fogelberg

Graves 115 and 116 Eleanor Clerke

Grave 107 K. Libby

Lot 362 Robert Lovely

All lots or graves sold must include Perpetual Care. There was \$800 added to the Perpetual Care Fund during this year. There were 21 interments.

The number of graves available is at a minimum and much thought and consideration has been given this matter and we suggest that the Board of Selectmen be authorized to appoint a committee for the specific purpose of selecting a new site or additional land for a cemetery within the next two years.

Superintendent William Winn has worked untiringly to keep both of our cemeteries in presentable condition at all times and although his work has been interrupted by two hurricanes and by vandalism several times during the year, he and his temporary crew have cleaned up the debris in a manner we can be proud of.

Our special thanks to the Police, Highway and Fire Departments for their splendid cooperation and assistance throughout the year.

The sign at the entrance to the Olde Cemetery has been replaced for which we have had favorable comment.

The increase in our appropriation for the ensuing year is due to necessary labor in terracing off the side hill to make more available graves, to replace the wooden fence on two sides and the rear of the cemetery, to resurface several of the streets within the cemetery and to provide a larger storage space for tools and equipment.

Respectfully submitted,

ELIZABETH BENNETT LOWTHER, Chairman

JOHN O. H. PETERSON, Secretary

REPORT OF THE TRUSTEES OF THE BURLINGTON PUBLIC LIBRARY FOR THE YEAR 1954

At last year's Town Meeting the Library's appropriation was increased by the addition of the Dog Taxes, for which the Trustees were very grateful. Not only did the extra money enable us to provide more books but it also helped to make a few minor improvements which were greatly needed. Chief among these was the installation of a new lighting system which has converted the Library from a dark and dreary place to a bright and cheery room. This year we hope to secure sufficient funds to enable us to install a toilet and washroom which are really necessities prescribed by law.

During the past year 412 new books were added to the Library, of which the majority were juveniles. This was intentional since we wish to cater to youth. At the same time, every adult best seller was added to our shelves. Perhaps the greatest addition was the purchase of a set of the Encyclopedia Britannica which we hope will be used extensively by the pupils of our schools.

As a result of the increase in the purchase of new books our circulation was 30 per cent more than it was in 1953.

In the year 1898 the Library Trustees' annual report contained this appeal: "Citizens, in the name of good government and good citizenship, will you not carry on this good work?" And the present Trustees would like to repeat this same request. At the same time we wish to thank all of you who have helped to make this a year of definite progress.

Respectfully submitted,

THE LIBRARY TRUSTEES

LIBRARIAN'S REPORT

To The Honorable Board Of Library Trustees:

I herewith submit my report for the year ending December 31, 1954. The number of books on catalogue at the end of the year was 7,965. During the year 412 books were added to our shelves of which 157 were for adult readers and 255 for juveniles.

There have been several donations of books and one that is greatly appreciated is a large up to date Webster's Dictionary, the gift of the Burlington Grange.

We added to our library in the past year a complete set of Encyclopedia Britannica, and with the many books now borrowed from the Board of Education on request the school pupils are finding a real usefulness in our library.

Our circulation for 1954 was 3571 books and the number of readers has increased about 30 per cent since January 1, 1954.

Our new heating plant has made the library a most comfortable place to study and our new lights afford adequate lighting for all tables in the room.

Respectfully submitted,
LOTTA C. R. DUNHAM, Librarian

REPORT OF SEALER OF WEIGHTS
AND MEASURES

Honorable Board of Selectmen:
Gentlemen:

I herewith submit my report as Sealer of Weights and Measures for the year ending 1954.

The following Scales, Pumps and Meters were sealed according to law:

		Adj.
Scales over 10,000 pounds	4	
Scales 100 to 5000 pounds	2	
Scales under 100 pounds	21	1
Gasoline Pumps	20	
Vehicle Tanks	1	
Meters 1 inch	20	1
Oil and Grease	1	

I wish at this time to call attention to the need of suitable weights to inspect the apothecary scales formerly done for me by the State Inspector.

Respectfully submitted,
JUDSON NEWCOMB,
Sealer of Weights and Measures

REPORT OF THE MIDDLESEX COUNTY EXTENSION SERVICE

The Middlesex County Extension Service is a publicly supported, educational institution to serve all the towns of the county in agriculture and home economics. In agriculture the work is developed county-wide under the direction of county councils made up of leading farmers in each of the main commodities as vegetables, fruit, poultry, dairying, livestock, and commercial flowers. A county bulletin is mailed monthly to all cooperating farmers, and timely information is furnished by circular letter, by radio, by telephone and by personal interview, and particular information is sent to those who request it.

Vegetable work carried on, and considerable service to home owners carried out.

Information and assistance was made available to all dairy and livestock producers in this area. Farm visits, circular letters, radio talks and local meetings were all employed as means of assisting the local farmers to better understand and keep abreast of the many changes in agricultural techniques.

The official dairy cow testing program in the area is directly supervised by the Livestock Agent and includes the service of complete record keeping on the production and feeding of dairy cows. All farmers in the area have available the services of the Artificial Breeding Program through the local Association, and a soil testing laboratory is maintained to serve all farmers or land-owners who desire a soil analysis to determine the fertility of their soil.

Mr. Robert Moran is Vice-President of the County Hog Growers Association.

Service was extended through the Extension Poultry Program in three primary areas: the poultry flock, its care and improvement, breeding, feeding, health and management; poultry products, their care and disposition, processing, storage, merchandising, pricing, and consumer information; and the farmer, his farm and family, and agriculture, business management, youth work, and assistance to organizations. The Extension Service cooperated with the Minuteman Turkey Assoc. in holding meetings for everyone interested in turkeys in this area.

The Extension Service cooperated with the Eastern Middlesex County Poultry Assoc. in conducting monthly meetings for poultrymen in this area.

Home Demonstration Agents are ready to solve problems in homemaking: foods, nutrition, canning, freezing, home furnishings, clothing, home management, family life, family and community recreation. A monthly letter is sent to all who request it.

Mr. Frank Gregory of Lexington Street was Town Chairman for the year. There were 14 boys and 33 girls carrying on Club projects. Evelyn McKay was State winner in Yeast Breads and received a \$50.00 Bond. The Town Committee raised funds to send 14 girls and 2 boys to Camp Middlesex.

The County 4-H Horse Show as a part of the Fair was held in Burlington and was sponsored by the Town Committee. The spring achievement and fall achievement program was sponsored by the Town Committee.

The Eastern Section Leaders' Strawberry Festival was held at the Burlington High School during the year. Through the efforts of the Town Committee Burlington is rapidly gaining in County and State recognition.

SELWYN H. GRAHAM, Town Director

REPORT OF THE HONOR ROLL COMMITTEE

To the Citizens of the Town of Burlington:

By your affirmation vote on Article 21 at the adjourned town meeting of March 2, 1953, the undersigned Honor Roll Committee was appointed by the Moderator. The \$1,600.00 transferred from unappropriated available funds on March 2, 1953 was augmented by an additional \$750.00 raised and appropriated following your affirmative vote on Article 26 at the adjourned town meeting of April, 1954. With the \$2,350.00 thus appropriated, the committee erected a memorial on the Millican-MacKenzie Memorial Plot to those of Burlington who gave their lives in our country's wars together with commemorative plaques honoring the men and women of the town who served in those wars, and who so Providentially were returned to their families and town.

On July 4, 1954, the unveiling of the memorial was performed by the Gold Star Mothers of Burlington with invocation

and benediction by the clergy of Christ Church and St. Margaret's Parish. Patriotic ceremonies were conducted by the Millican-MacKenzie Post of the American Legion, the William Hurley Chapter of the Disabled American Veterans, and the women's auxiliary of those organizations. The Board of Selectmen were present together with Department and Town Officials. Music was furnished by the Woburn City Band, Mr. Edson Kimball, Director, and Mr. Mathew Fox, Conducting.

The memorial is designed on the following theme: The center shaft or die is dedicated to the dead of all wars. On this shaft are carved the words, "IN HONORED GLORY TO THOSE OF BURLINGTON WHO GAVE THEIR LIVES IN OUR COUNTRY'S HOUR OF NEED THIS MONUMENT IS GRATEFULLY DEDICATED." On the back of the shaft are carved the words of the last stanza of the Concord Hymn. No additional carvings or plaques are intended for mounting on this center shaft. Instead, the wings supporting the shaft are meant for commemorative plaques. These carry the bronze plaques commemorating the service of those who fought for the principles for which men die. The whole of the edifice is to God and Country, and the ideals which are our heritage through such sacrifice.

It is the humble suggestion of the Honor Roll Committee, now that the Korean Conflict ceases to exist and terminable dates may be decided, that the people of Burlington cause to be placed on this memorial a bronze plaque commemorating the men and women of the town who served during the conflict and the name of its son who died be inscribed on such plaque.

The committee gratefully acknowledges the help and assistance rendered by the Selectmen, Accountant, Treasurer, Librarian and Park Commissioners, and the splendid work of the Superintendent of Streets and the Highway Department.

In closing, we thank our fellow citizens for according us the privilege of serving on this committee.

Respectfully submitted,

THE HONOR ROLL COMMITTEE

John Barrett, Bertha Ganley, George Gaudet, Daniel Hurley, Vora Merrigan, Hilda Oldford, Charles Reed, Leonard Smith, Ethel White.

JOHN J. BARRETT, Chairman

REPORT OF PARK COMMISSIONERS

To the Citizens of the Town of Burlington:

We herewith submit our report for the year ending December 31, 1954.

The year 1954 was highlighted by the surfacing of the Little League baseball field and its associative facilities. The project was made possible through the foresightedness and interest of the Trustees of the Simonds Estate and the taxpayers of Burlington.

The number of young people using the park facilities increased about 100% over the previous year.

As a result of the greater use of our park, the maintenance costs became proportionately greater. We anticipate that the town will have to be called upon more and more, in the immediate future, to supplement the "Simonds Fund".

Respectfully submitted,

ERIC S. CARLBERG

CECIL V. HOWELL

HENRY JACKSON

REPORT OF MOTH SUPERINTENDENT

To the Honorable Board of Selectmen and the
Citizens of Burlington:

I herewith submit my report as Moth Superintendent for the year 1954.

The foliage on the sides of all roads in the town was sprayed with a solution of D. D. T. as recommended by the State Moth Department. No Arsenic or Lead was used this year.

The Town Power Sprayer was overhauled and all repiped and put in good repair. The pump is over 30 years old and parts are very hard to obtain and very expensive. Within the next two years the town will have to invest in a new power sprayer.

THOMAS E. MURRAY, Moth Supt.

TOWN OF BURLINGTON MASSACHUSETTS

Report and Recommendations

of the

Finance Committee

to the

Annual Town Meeting 1954

together with a copy of

THE WARRANT

Please Bring This Report With You to the

Town Meeting

FROM THE FINANCE COMMITTEE TO THE VOTERS

To the Voters of Burlington:

The Finance Committee was created to consider the taxpayer's interest and to recommend expenditures.

The cost of Town government like everything else is mounting steadily. It is generally believed that costs of local governments will continue to rise after the cost of Federal government and the cost of living taper off. Voters of Burlington must realize that we can afford to approve expenditures only for necessities and not for luxuries.

Our responsibility is to make considered recommendations. We do not consider it our function to engage in protracted debate with persons who wish to spend more of your money or in ways that we do not feel are wise at this time.

We urge each taxpayer to read and study this complete report. One or more members of this Committee will be at the Town Hall from 8:00 to 10:00 p. m. Thursday, March 4, 1954 and will be glad to meet with any citizens who desire further information relative to the recommended budget and any special article in the warrants for which we have made a recommendation. Perhaps explanation and discussion concerning these matters may be helpful and time saving.

Providing the following recommendations are followed the Tax Rate for 1954 will be approximately \$58.

Respectfully submitted by the

FINANCE COMMITTEE

Chairman WILLIAM T. ROGERS

Secretary ROBERT HEWARD
